RECEPTION REPORT

Sir Takeuchi,  
it confirms your reception of our broadcast.

Station: Radio Teoc via KFB

Frequency: 11.650 kHz

Date heard: 21.08.2010

Time heard: 10.50-10.30 UTC

Благотворительный фонд "Радио Теос"  
Санкт-Петербург

DX MAGAZINE is the monthly publication of WORLDWIDE DX CLUB, Postfach 12 14, D-61282 Bad Homburg, Germany. Price for a single copy: € 1.30 or 2 International Reply Coupons (IRC's); annual subscription rate: € 15.60 or 16 IRC's. Other currencies and air mail rates on request. Cover: Peter Pohle + Jürgen Kauer (KAVOP)

DX MAGAZINE No. 7

Vol. XLVI

July 2011

Hello again,

Welcome to another issue of our DX MAGAZINE. Please remember that the next issue of our DX MAGAZINE will be our usual summer double edition No. 8/9, which will be mailed in the 34th calendar week. And now let's start with our usual news from outside the club:

The **WRTH Editorial team** is pleased to announce that the A11 mid-season schedules update file is now available to download, free of charge, from the WRTH website - click on <<http://www.wrth.com>> and follow the link "Latest PDF Updates". The file is in PDF format (you will require the free Adobe Acrobat reader, v7 or above to open this file. Many thanks to Mauno Ritola for collecting and checking the data.

Dear Friends, I send you the information about our little contest for 30 years of Italian magazine Radio Notizie - **Contest "Radio Notizie 30"**. For those who love the radio and feel the pleasure of writing an article about it, there is a great opportunity to do so: the small competition for 30 years of the magazine Radio Notizie. The article length of a typed A4 page, plus any attached (photocopies of QSL cards, pennants, stickers, schedules and diagrams anything else), can refer to:

- past and present experiences of listening,
- visit of a broadcaster,
- contribute to a DX camp,
- the history of a radio station,
- a trip-living won for participating in a broadcast contest,
- the advantage of a DX magazine in general.

The topics are broad, as long as you remain within the radio and our hobbies. Articles can be sent to the following address: <[gsergi5050@hotmail.com](mailto:gsergi5050@hotmail.com)>. Authors of the best three articles will be awarded prizes. Participation is by 2011 free, regardless of club or association membership. This is to take maximum account radio and a correct practice of listening. A warm greeting by Giovanni Sergi.

And with this best wishes and good DX until next month from

## NEWS ABOUT BROADCASTING (+other) STATIONS

Walter Eibl · Postfach 15 45 · D-91005 Erlangen · GERMANY

**ALASKA** - 11870, KNLS. June 27, 1046-1058 male and female in English religious talks "God created plants, the seas", gospel music, male announcements on music "www.knls", religious pop music. 35433 (Lúcio Otávio Bobrowiec, Embu SP Brasil, SW40 - Dipoles and Longwire, dxldyg via DXLD)

11870, after good reception of KNLS June 29 and audible reception June 30 of the 1200 English hour: July 1 at 1241 it's nothing but a JBA carrier. Yet much further Asian signals from close to the same azimuth as Anchor Point

## 4

continue to be heard, e.g. Pet/Kam, Japan, Taiwan with YFR 11535. Plus numerous signals from China over even higher latitudes. Something else strange is going on at KNLS affecting wide reception variations here (gh, DXLD)

**ANGOLA** - 4949.76 Radio Nacional, Luanda with Portuguese talk 1934 28/6, the best reception so far this winter. Still audible at weak level 2030 UT (Bryan Clark, Mangawhai, New Zealand, AOR7030 + and EWEs to NE, E & SE, Google Earth: 36.11.70 S, 174.56.70 E, July 2, dxldyg via DXLD)

**ARGENTINA** - 15345.19, RAE, 2157, end of German program, IS, then into Spanish at 2200 with ID and frequency, then into news. Very good. 17 June (David Sharp, NSW: FT-950, NRD-535D, R8, ICF-SW7600GR, PR-D5, ICF-2010, Timewave 599zx, MFJ 1026, MFJ 959C, R30A, Palstar MW550P, SP-2000 speaker. Also 100m noise-reducing aerial and 50m dipole, dxldyg via DXLD)

**AUSTRALIA** - 2325, VL8T Tennant Creek NT, 1227, July 1. After a short absence that re back on the air again! // 2485 VL8K ABC Katherine NT and 2310 VL8A Alice Springs NT.

3210 // 5050, Ozy Radio, randomly 1110 to 1257, July 1. Definitely //; so Craig Allen has not packed up the transmitters yet for the supposed move to a new location; pop songs (Rod Stewart "You're In My Heart", etc.); Australian announcer; 5050 slightly higher in frequency than BBR on 5050.0 (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, dxldyg via DXLD)

Ozy Radio, 5050.06, 1 July, 0650-0830 at various checks, carrier noted for the umpteenth time, but so far I've never heard more than trace audio (Bruce Portzer, Seattle, WA, Winradio Excalibur, K9AY antenna, dxldyg via WOR 1572, DXLD)

3210, Ozy Radio, 1247, July 5. Pop songs; "This Diamond Ring" by Gary Lewis and The Playboys; one of the better receptions for this frequency; // 5050+ with BBR QRM.

5050+, Ozy Radio, randomly from 1243 to 1417, July 6. Continues to have decent reception; The Chordettes "Mister Sandman", The Zombies "She's Not There", Tom Jones "The Full Monty" and Nina Simone "Sinnerman" (song from the Thomas Crown Affair movie); frequent IDs ("This is Ozy Radio", "You are listening to Ozy Radio", etc.); QRM from stronger than normal BBR (China); // very weak 3210 (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via WOR 1572, DXLD)

9580, July 3 at 1025, RA with Philip Adams interviewing author of book "The Last Empress" about Chiang Kai-Shek and his women. So is "Late Night Live" back on RA? No! "Live Talk" is scheduled from 08 to 11, and they were merely playing back a segment of LNL, ending at 1038 and into sporting report (gh, DXLD)

[non]. 17800, July 6 at 0528 fair signal with pop music until 0530\* without any announcements. Must be scheduled RA in Indonesian due west from PALAU at 0500-0530.

17750 with RA direct from Shep was only poor, or was it VOA Madag/ASCar instead of usual SSOB status? At 0528 July 6, W Pacific was favored, see also ASIA [non]. (gh, DXLD)

15400, HCJB, Kununurra. English ID at 1528 on 04/6. Close/down at 1530 (Rumen Pankov, Sofia, Bulgaria (Sony ICF-2001, 16m Marconi antenna), July Australian DX News via DXLD)

?? 15400 has been closing at 1300\*. It's the other frequency, 15340 which stays on until 1530\*. Mixup at Sofia, or Kununurra? (gh, DXLD)

**BAHRAIN** - 9745, Radio Bahrain, 2357-0050, June 17-18, audible after Romania sign off at 2357. Local Middle-East style music. Arabic talk. Radio-drama at 0034. Local chants. Poor to fair (Brian Alexander, PA, DXLD)

**BHUTAN** - is back after being off the air for a while on 6035 kHz at 0100, 1130 UT. Pretty weak. (Victor Goonetilleke-CLN 4S7VK, DXplorer July 4)

**BOLIVIA** - 4700, Radio San Miguel, Riberalta 1015 good signal, 7 July

4716.74, Radio Yura, Yura, noted with good signal 1044, 6 July

5952.34, Pio XII, Siglo Veinte, 1030 to 1035 om & yl en espanol, good signal 7 July (Robert Wilkner, NRD 535D - Drake R8 - Icom 746Pro modified, Pompano Beach, South Florida, US, HCDX via DXLD)

5952.49, R. Pio Doce, Siglo Veinte, 0113-0135, July 8, Spanish. Lots of M & W announcer banter; a bit of music; 5 pips at BoH into ID; poor-fair in ECCS-LSB with 5950 silent. [Also] 0043-0102, July 9. M & W announcers with live event; speaking with several event participants; ad string from 0051; back to live after ToH; poor-fair in ECCS-LSB with 5950 once again silent; haven't logged this one in years (Scott R. Barbour Jr. Intervale, N.H. USA, NRD-545, MLB-1, 200' Beverages, 60m dipole, dxldyg via WORLD OF RADIO 1573, DXLD)

5952.38, Radio Pio Doce, Siglo Veinte, 0156-0229:05\*, July 9. OM and YL in Spanish playing some nice Bolivian music. At 0226 their usual theme music which is the distinctive whistling "Colonel Bogey March", written in 1914 by Lieutenant F. J. Ricketts (a.k.a. Kenneth J. Alford), a British army bandmaster; often folks tend to now incorrectly call it "The River Kwai March" from the movie (I have done so myself in the past!); full ID; series of chimes and off. Assume was also hearing a very weak R. República on 5954.22, with no jamming noted (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via WOR 1573, DXLD)

6025, 14.6 0025, Radio Illimani, La Paz, with preaching and gospel. At first I thought it was R Amanecer, because of the format but a very sharp ID at 0058 straightened out the questionmark. Probably they share transmitter with R Patria Nueva, but at this occasion ID as R Illimani. Q2. HR (Hans Östnell, Biri, Norway, SW Bulletin July 10, translated by editor Thomas Nilsson for WOR 1573, DXLD)

6134.845, Radio Santa Cruz, 0050-0110 July 12, With a very good signal, noted a program of music until the top of the hour. At 0101 a full canned ID with name "... Radio Santa Cruz ... Bolivia". This is followed with more promos mentioning "Radio Santa Cruz" often. Unfortunately just when I was getting interested, the audio went off the air at 0105 about the carrier was still up but with dead air, as they say (Chuck Bolland, 26N 081W, Clewiston, FL, Excalibur, DXLD)

**BRAZIL** - 4775, RADIO CONGONHAS. Congonhas. 0923-0930 junio 27. Transmisión de la misa. "...Você escuta a Rádio Congonhas, 1020 ondas médias..." escuchada gracias a Tarma fuera del aire (Rafael Rodríguez R., Bogotá D.C. - COLOMBIA, Escuchas realizadas en Fomeque, Cundinamarca a través del Sony ICF 2010 y Antena Dipolo de 8 metros; Audios, imágenes y más en: <http://dxdesdecolombia.blogspot.com/> via Yimber Gaviría, DXLD)

4845.25V, R. Cultura, 1036, strongest of all ZY's with nice local music and male announcer. Warbly audio if tuning in sideband with noticeable transmitter drift. 22 June (David Sharp, NSW: FT-950, NRD-535D, R8, ... dxldyg via DXLD)

4865, R. Verdes Florestas (most probably \*), Cruz.º do Sul AC, 2208-..., 16/6, A Voz do Brasil; 23341, CODAR QRM. \*) Best received via the 270º Bev., so probably not the country's other station which is located eastwards (Carlos Gonçalves, PORTUGAL, dxldyg via DXLD)

4878.56, R. Difusora Roraima, Boa Vista, 0108-0114, June 13, Portuguese. Ballads; ad/promos at 0111; solid ID at 0112 then back to music; fair (Scott R. Barbour Jr. Intervale, N.H. USA, NRD-545, MLB-1, 200' Beverages, 60m dipole, dxldyg via DXLD)

4878.50, Rdif Roraima, 0345-0408\*, June 13, Brazilian ballads. Portuguese talk. Sign off with National Anthem. Weak. Poor in noisy conditions (Brian Alexander, PA, DXLD)

4878.5, R. Roraima, Boa Vista RR, 2140-2154, 16/6, chatter, IDs, folk songs; 34332, splatter de B on 4885! According to Karel Honzík's audio clip, it seems they've got some program by the name of "Rádio Metro", at least that's what I heard: "Rádio Roraima, Rádio Metro!" "Metro" not in the sense of the "metre" unit as it's clearly pronounced [metrô], so surely referring to the metropolitan area [of Boa Vista]. (Carlos Gonçalves, PORTUGAL, dxldyg via DXLD)

5035.05, R. Aparecida, 1037, Portuguese talk by a man, ads or similar, comments by a woman; competing with CODAR. 19 June (David Sharp, NSW: FT-950, NRD-535D, R8, ICF-SW7600GR, PR-D5, ICF-2010, Timewave 599zx, MFJ 1026, MFJ 959C, R30A, Palstar MW550P, SP-2000 speaker. Also 100m noise-reducing aerial and 50m dipole, dxldyg via DXLD)

5939.845, Voz Missionária, Camboriú SC, logged with poor tiny signal at 0454 UT June 17, sermon logged in Portuguese. QRM - hit by proper adjacent VOA Croatian signal from Biblis-Germany on 5945. (Wolfgang Bueschel, wwdxc BC-DX TopNews June 17)

6010.02, Radio Inconfidência, 0045-0105, July 9, Portuguese talk. Weak. Poor with adjacent channel splatter. Very weak unidentified station on 6009.85. Perhaps Colombia's Conciencia. // 15189.99 - weak but audible after WYFR 0045 sign off (Brian Alexander, PA, DXLD)

6059.92, Súper Rádio Deus é Amor, Curitiba, nice on 6/22 0902-0931 tune/out. OM ID em eco at 0902 and mentioning "banda de onda curta", into taped futebol highlight show. Sig progressively fading in stronger. 0920 another ID and a recorded ad string. Noted // 9565.26 at 0930 (Ralph Perry, Wheaton, Illinois, Drake R8B; Japan Radio NRD- 545; Eton E1; Hallicrafters SX100; Knightkit Star Roamer; Dentron Super Tuner + Ameco PLF-2 + Palomar P-408; Longwires (150' + 100'); Tuned Multi-Turn 20" Small Loop; Single-Turn Coax Loop, dxldyg via DXLD)

6070.01, unID Brazilian station 0855-0920 on 7/5, only audible due to Canadian powerhouse CFRX 6070 being off air this early this morning. (Need to check if this was a random occurrence, or a regular Monday night occurrence, such as for maintenance or licensing reasons.) Brazilian outlet heard with a morning futebol highlights show hosted by OM and YL tandem in Portuguese. Very bad QRN and signal quite weak, but clearly Portuguese and a Brazilian. Seemed like ID at 0902 by OM in eco, which sounded very much like, " . . . está sintonizando Rádio Capital...". But not positive on the ID, for now. Believe this will turn to be R Capital in Rio de Janeiro, last reported heard in 2010. Real tough one to hear in ECNA, thanks to the co-channel Canadian blockbuster (Ralph Perry, Wheaton, Illinois, Drake R8B; Japan Radio NRD-545; Eton E1; Hallicrafters SX100; Knightkit Star Roamer; Dentron Super Tuner + Ameco PLF-2 + Palomar P-408; Longwires (150' + 100'); Tuned Multi-Turn 20" Small Loop; Single-Turn Coax Loop, dxldyg via WOR 1572, DXLD)

11815, Rádio Brasil Central, Goiânia, 0551-0612, 22-06, Brazilian songs, male: "2 y 44, Brasil Central". In parallel with 4985. 34433. (Manuel Méndez, Lugo, Spain, Logs in Reinante, Lugo, Cantabrian Sea coast. Grundig Satellit 500 and Sony ICF SW 7600 G Cable antenna, 10 meters, dxldyg via DXLD)

3325 R. Mundial, Os/ASCo SP, 2139-2140, June 19, talks, music; 15331; mixed with INS after 2200 UT.

4775 R. Congonhas, Congonhas MG, 2150-2209, June 16, own newscast, then A Voz do Brasil at 2200; 35332.

4805 R. Dif.a do Amazonas, Ma/Ns AM, 2159-2216, June 16, rlg. songs, full ID+fq announcement at 2202, then news bulletin; 34332, splatter de CHN on 4800 kHz.

4815 R. Dif.a, Londrina PR, 2304-2318, June 19, talks about f/ball; 25331.

4845.2 R. Cultura do Amazonas, Ma/Ns AM, 2142-2206, folk songs, rlg. song, full ID+fq announcement+slogan, music; 44433, CODAR QRM.

4865 R. Verdes Florestas (most probably \*), Cruz.o do Sul AC, 2208-..., June 16, A Voz do Brasil; 23341, CODAR QRM. (\*) Best received via the 270degr Beverage, so probably not the country's other stn which is located eastwards.

4878.5 R. Roraima, Boa Vista RR, 2140-2154, June 16, chatter, IDs, folk songs; 34332, splatter de B on 4885!

4885 R. Club do Para, Belem PA, 2108-2127, June 19, talks about f/ball & matches results; 33432, adjt. uty. QRM - which is not usually heard on this fq.

4915 R. Daqui, Goiania GO, 2133-2151, June 16, sermon; 55433.

4935.2 R. Capixaba, Vitoria ES, 2122-2132, June 16, SRDA [rlgs propag.] prgr; 35333. I didn't bother to find out whether this was simultaneous on SRDA fqs.

5035 R. Aparecida, Aparecida SP, 2117-2131, June 16, rlg. propag. prgr; 35433.

5939.8 R. Voz Missionaria, Camboriu SC, 2223-2233, June 16, A Voz do Brasil natl. news bulletin; 44433, adjt. QRM.

5970 R. Itatiaia, Belo Horizonte MG, 2225-2244, June 16, A Voz do Brasil; 34432, adjt. QRM.

6010 R. Inconfidencia, Belo Horizonte MG, 2228-2246, June 16, A Voz do Brasil; 33441, QRM de BLR, // LW 279 good.

6070 R. Capital, Rio de Jan.o RJ, 2254-2302, June 16, A Voz do Brasil; 34432, QRM de BLR, // LW 279 good.

6080 R. Marumby, Curitiba PR, 2255-2315, June 16, A Voz do Brasil followed by "Horario Politico Gratuito" (\*) till 2311, full ID+fqs announcement and Informativo Marumby; 34433, QRM until 2300. (\*) polit. parties & politicians are

entitled to free propaganda on specific time slots.; the same content was also being relayed on several other B stns, incl. on MW.

6120 SRDA, Sao Paulo SP, 2244-2301, June 16, A Voz do Brasil; 34433, QRM de silent carrier until 2300, then prgr in Indonesian (I missed the ID) + CHN stn.

6150 R. Record, Sao Paulo SP, 2314-2326, June 16, chatter & talks about f/ball; 34432, adj. QRM. Fair on // 9505.

9505 R. Record, Sao Paulo SP, 2047-2109, June 18, football news prgr, songs; 34432, QRM de CVC via AFS (fairly strong on the Afr. Beverage).

9515 R. Novas de Paz, Curitiba PR, 2104-2116, June 18, rlg. Ballads during some rlg. propag.prgr; 34432, adj. QRM.

9565.3 SRDA, Curitiba PR, 2141-2154, June 17, whaling preacher; 34442.

9586.7 SRDA, Sao Paulo SP, 2110-2124, June 18, whaling preacher; 35433.

9665.1 R. Voz Missionaria, Camboriu SC, 2133-2152, June 17, news followed by A Voz do Brasil at 2200; 44443.

9685.35 R. Gazeta, Sao Paulo SP, 2122-2158, June 18, f/ball infos (by fem. reporter), announcement for correct water consumption; 15331, blocked by this pest called CRI, at 2200.

9819.95 R. Nove de Julho, Sao Paulo SP, 2137-2153, June 17, rlg. News bulletin; 43442 using LSB, QRM de CHN.

11749.95 R. Voz Missionaria, Camboriu SC, 2132-2150, June 18, rlg. propag.; 34443, co-ch. QRM.

11764.94 SRDA, Curitiba PR, 2135-2151, June 18, whaling preacher; 44433, co-ch. QRM de UNID in Japanese.

11815 R. Brasil Central, Goiania GO, 1420-..., June 18, talks about f/ball; 24432, adj. QRM.

11815 ditto, 2138-2155, June 18, f/ball prgr Show de Bola, advertisements; 44443, co-ch. QRM. // 4985 kHz weak & noisy.

11855 R. Aparecida, Aparecida SP, 2046-2105, June 18, songs, then rlg. prgr Com a Mae Aparecida at 2100; 45433. R. 9 de Julho not // during this prgr.

15190 R. Inconfidencia not heard between 16 & 20 June, at least during the many times I tried this freq. (Carlos Goncalves-POR, wwdxc BC-DX TopNews June 21)

15190, Rádio Inconfidência, Belo Horizonte, 2056-2110, 06-07, male and female with comments in Portuguese, announcements, sports: "Campeonato Brasileiro, América-Palmeiras", "Esportes Inconfidência", identificação: "Onda média, 880 kHz, ondas curtas de 49 metros, 6010 kHz, ondas curtas de 19 metros, 15190 kHz, emisoras da Rede Inconfidência de Rádio, Belo Horizonte, Minas Gerais, Brasil". 24322 (Manuel Méndez, Lugo, Spain, Logs in Reinante, Lugo, Cantabrian Sea coast, Grundig Satellit 500 and Sony ICF SW 7600 G, Cable antenna, 10 meters, dxldyg via DXLD) *Some European morning reports at a-dx (we)*

**BURMA [non]** - 11595, Democratic V. of Burma via Yerevan [Gavar, ARMENIA]. Came on at best strength ever heard on this day when listening conditions at my location are very poor. Program opened at 2330 with male and female speakers in listed Burmese, 2329, 12/6 (Charles Jones, Castle Hill NSW (Sony 2001D with 7m. vertical antenna), July Australian DX News)

 (Nagoya DXC, Japan, via July ADXN/ARDXC direct and via dxld July 7 via BC-DX)

**COLOMBIA** - 5910, Alcaraván Radio, Puerto Lleras, 0510-0550, 06-07, male with religious comments in Spanish and Latin American music, identification: "La música de distintas nacionalidades, la cumbia en Panamá, el norteño en México y en Colombia el ballenato, Alcaraván Radio", "Alcaraván Radio, 1530 amplitud modulada y 5910 kHz en onda corta", "Las 12 y 40 minutos en Alcaraván Radio", "Alcaraván compañero". 24322. (Méndez)

6009.92v, LV de Tu Conciencia, 0305-0332, July 3, local pop music. Spanish talk. ID. Mentions of Colombia. Poor to fair with adjacent channel splatter. Constantly drifting up and down between 6009.91-6009.95 during this time period. They usually drift quite a bit but I don't usually see them this low. Usually I see them up

around 6010.01-6010.08 (Brian Alexander, PA, DXLD)

6010, La Voz de tu Conciencia, Puerto Lleras, 0701-0733, 09-07, religious program in Spanish with Martin Stendal: "El Huerto e Dios", "Los pueblos católicos apostólicos". At 0727 religious songs. 14321 (Manuel Méndez, Lugo, Spain, Logs in Friol, 27 Km. W of Lugo, Grundig Satellit 500 and Sony ICF SW 7600 G, Cable antenna, 10 meters, facing WSW, dxldyg via DXLD)

**CONGO** - 6115, Radio Congo, 1815-1855, still here, with very low modulation. French talk, mostly by a woman but occasionally by a man, thru until 1848. Then into hilife (which would hint this is the Congo), but no ID heard. Was hoping for an ID at 1900 but hopes were dashed with the s/on of CRI in Russian. 11 June (David Sharp, NSW: (s.a), dxldyg via DXLD)

**CYPRUS** - BBC/Babcock Cyprus adjusted schedule - A recent explosion at Cyprus' Zygi port [which also damaged a electric power station - we] has required reductions in the operations at the BBC/Babcock transmitting station at Limassol. The current Limassol schedule, including MW is:

**DIEGO GARCIA [and non]** - 4319-USB, AFN, 1306, July 8. "The best of Dr. Joy Browne" call-in show. Even with the close of the Casey Anthony trail, AFN-Guam [q.v.] on 5765-USB is still not // with DG.

4319-USB, AFN, 1339, July 11. Standard AFN SW programming; Dr. Joy Browne call-in show; fair; routinely heard; not // 5765-USB (AFN Guam) (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via DXLD)

**DJIBOUTI** - 4780, Radio Djibouti, \*0304-0325, June 13, abruptly on the air at 0304 with Qur`an in progress. Arabic talk at 0312. Weak. Poor. Lost in noise by 0325. (Brian Alexander, PA, DXLD)

**DOMINICAN REPUBLIC** - 6025.1, Radio Amanecer with Spanish ident 1044 "en Santo Domingo" 20/6 and gospel songs. Best reception I've had of this station, fairly regular from 1000 opening but subject to Radio Australia

6020 splatter (Bryan Clark, Mangawhai, New Zealand, AOR7030+ and EWEs to NE, E & SE, Google Earth: 36.11.70 S, 174.56.70 E, July 2, dxldyg via WOR 1572, DXLD)

**ECUADOR** - 4919.98, Radio Quito, 0310-0515, June 16, Irregular. Spanish ballads. Some Spanish rap music. Spanish announcements. IDs heard at 0421, 0431, 0445, 0514 as "Radio Quito --- La Voz de la Capital." Weak. Poor in noisy conditions. Fair on peaks. Running about 20 seconds ahead of their internet streaming audio signal from 760 Radio Quito (Brian Alexander, PA, dxldyg via WOR 1570, DXLD) You mean 4918.98? (gh)

4919.0, Radio Quito, La Voz de la Capital, 0545-0615, 16-06, Latinamerican songs, identification by male between some songs: "Radio Quito". Weak and at very weak at moments. 14321 (Manuel Méndez, Lugo, Spain, Log in Reinante, Lugo, Cantabrian Sea coast, Grundig Satellit 500 and Sony ICF SW 7600 G, Cable antenna, 10 meters)

6050, HCJB, La Voz de los Andes, \*0824-0833, 09-07, flute tuning music, anthem, female, quechua, comment and identification: "HCJB Quito ... 6050 onda corta". Equatorial music. Very weak and fading out due to daylight in the site of listening. 14321 (Manuel Méndez, Lugo, Spain, Logs in Friol, 27 Km. W of Lugo, Grundig Satellit 500 and Sony ICF SW 7600 G, Cable antenna, 10 meters, facing WSW, dxldyg via DXLD)

**ETHIOPIA** - 6030, Radio Oromiya, 0327-0330, July 11. Grayline reception; my sunset 0330, their sunrise 0312; finally could hear distinctive repetitive xylophone sounding IS at 0327 (perhaps signing on at that time?); mixing with pulsating Cuban jamming; R. Martí was of course off the air by this time on Monday (UT) (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via WOR 1573, DXLD)

9705, Radio Ethiopia, 2040-2101\*, July 3, Amharic talk. Local folk music. US pop music. Short music clips featuring Euro-pop and US pop music. Possible news at 2057. Sign off with National Anthem at 2059. Fair (Brian Alexander, PA, DXLD)

(M&B June 16)

**GERMANY [and non]** - There were talks about Radio TrauMland (Sun 1300-1400 on 5945) just having cancelled. And the adress of Free Press is in fact the RNW building. Free Press is already financed by the foreign ministry, unlike RNW which so far belonged to the public broadcasting system. So there may also after 2012 still be shortwave transmissions from the Dutch foreign broadcasting service, just no longer under the RNW brand. And presumably not produced by current RNW staff members.

Deutsche Welle: So radio production in Hindi ceased as well. This requires to check if the broadcasts in Persian and Indonesian still exist, since under this circumstance one must suspect that they have been terminated as well, just like the ones in Russian (Kai Ludwig, Germany, July 2, dxldyg via DXLD)

DW-RADIO - Schedule A11 - Subject to change (July 1st, 2011)

(DW, June 28)

**GUAM [and non]** - 5765-USB, AFN, 1339, July 11. After years of this being // with DIEGO GARCIA (4319-USB), this is no longer doing so; Guam is now routinely relaying CNN's Robin Meade morning show (segments "Off The Beaten Path", etc.); AFN spots are added occasionally. So this CNN formatting is a fairly new development! (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via WOR 1573, DXLD)

**GUATEMALA** - 4055, Radio Verdad, carrier on at 1058, then six note IS at 1059, followed by choral music (NA?), then what sounded like an ID by a man at 1108. Fair. 31 May (David Sharp, NSW: FT-950, NRD-535D, R8, ICF-SW7600GR, PR-D5, ICF-2010, Timewave 599zx, MFJ 1026, MFJ 959C, R30A, Palstar MW550P, SP-2000 speaker. Also 100m noise-reducing aerial and 50m dipole, dxldyg via DXLD)

4055.000, Radio Verdad from Chiquimula, surprise, surprise, noted sermon prayer in German(!) language - "Der wunderbare Retter Jesus Christus". Heavy Swiss German accented in 0515-0525 UT time slot. Up to S=9+10dB strength, noted on SDR unit in Vancouver BC-CANADA (Wolfgang Bueschel, wwdxc BC-DX TopNews June 17)

**GUINEA** - 7125, RTVG, 1910, news or similar by a woman, then into hilife at 1912. Mostly fair, but peaking at good levels. 11 June (David Sharp, NSW: (s.a. ...), dxldyg via DXLD)

7125, R. Conakry. June 21, 2059-2106 Afropop music, two male in French talks, abrupt sign off at 2106; check at 2126-2130 female in French talks, male in Vernacular talks. 35333 (Lúcio Otávio Bobrowiec, Embu SP Brasil, SW40 - Dipoles and Longwire, dxldyg via DXLD)

7125, Radio Guinea, Conakry, 0551-0620, 22-06, African songs. At 0600 Coran songs in Arabic, translated into French by a man. 24322 (Manuel Méndez, Lugo, Spain, Logs in Reinante, Lugo, Cantabrian Sea coast. Grundig Satellit 500 and Sony ICF SW 7600 G Cable antenna, 10 meters, dxldyg via DXLD)

**ISRAEL** - 15850, July 2 at 2328 rock music at S9+12, from Galei Tsahal. Not in HFCC, but WRTH says 10 kW to Europe. If it is really directional like that, also favors NAM beyond, not bad (gh, DXLD)

*Heard regularly, but with changing signal strength. On Sunday late afternoon you have occasional European sports news, already German soccer results ... (we)*

Just to let you know that I located Galei Zahal from July 10, on the new frequency of 9235 kHz, which seems to have replaced 6977. Poor to fair on a perfectly clear channel throughout the evening here after 1800 and heard again in the local morning hours before fade-out around 0600 UT. 15850 remains in parallel. Regards, (Alan Holder, Isle of Wight, UK, WOR 1573, DXLD)

**KUWAIT** - 17550, R. Kuwait, Sulaibiyah, 2202-2216, June 12, Arabic. Two M announcers with lengthy talk over lite instrumental music; still going at tune/out; fair (Scott R. Barbour Jr. Intervale, N.H. USA, NRD-545, MLB-1, 200' Beverages, 60m dipole, dxldyg via DXLD)

17550, R. Kuwait, Arabic to C&W NAM, June 21 at 0005 is still on past nominal 2400\*, good in Arabic, some flutter. 0025 still going with dramatic reading(?), 0033 still on with music. On the shortest night of the year, much of the path across northern Atlantic, Europe is nearly illuminated, roughly within one hour of the grayline (gh, WOR 1570, DXLD)

Finally, after several attempts that resulted in nothing or calendars, there came the shiny QSL certificate of Radio Kuwait, full details, in three months for 5960 kHz. QSLing may be a silly habit but they really did put some effort in this piece of cardboard; it was worth the years of waiting. QTH: Engineering Affairs, Department of Frequency Management, P. O. Box 967, Safat 13010, Kuwait. E-mail given on the envelope as: kwt freq (at) media . gov . kw (spaces verbatim). (Eike Bierwirth, Leipzig / Germany, June 11, HCDX via DXLD)

**LAOS** - Lao National Radio, 6130, 30 June, 1200, weak but recognizable with music bit, then anthem and woman in SE Asian language, with splatter from China on 6125 (Bruce Portzer, Seattle, WA, Winradio Excalibur from an unattended recording session, K9AY antenna, dxldyg via DXLD)

**MADAGASCAR** - 5010, RTM poor but clear in French 0406. Measured 5010.02 with tell-tale ECSSB mode (Bryan Clark, Mangawhai, New Zealand, AOR7030+ and EWEs to NE, E & SE, Google Earth: 36.11.70 S, 174.56.70 E, July 2, dxldyg via DXLD) long path?

6135.25v, RTVM, brief opening just after my local sunrise; via long path; 1316-1332, July 1. EZL and Afro-pop songs; ads; almost fair; // 5010 (LSB + carrier mode); yes that's right, not in their normal USB + carrier mode (very unusual!) (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, dxldyg via WOR 1572, DXLD)

Frequency change of R France International in Portuguese:

1700-1730 NF 9910 RSA 250 kW 330 deg to SAf, ex9870 kHz.

(R BULGARIA DX MIX News, via wwdxc BC-DX TopNews July 11)

**MALAYSIA** - 5964.7, 13.6 2045, RTM Klasik Nasional FM, good signal and domestic soft music. Badly splashed by RCI on 5960. News just before toth, followed by local announcements. Q2-3. HR (Hans Östnell, Biri, Norway, SW Bulletin July 10, translated by editor Thomas Nilsson for DXLD)

9835, July 9 at 1246, fair signal with pop music, surely the peninsular relay of RTM back to Sarawak; 1300, 2-pip timesignal but 4 or 5 seconds late, into YL Berita in Malay; 1310 outro says RTM, Salaam Aleikum, then several mentions of Sabah and Malaysia. Meanwhile at 1249 I tried 11665, as always dominated by ChiCom echo jamming blocking RTI in Chinese, and almost thought I could hear // music from Malaysia way underneath (gh, WOR 1573, DXLD)

9835, RTV Malaysia (Sarawak FM) (Kajang) (presumed), 1045-1100, 7/11/2011, Malaysian. Pop music at tune-in. Announcements by woman at 1048, then Koran-like slow singing by man, but too upbeat and wrong in phrase

spacing for Koran recitation. Talk by man and woman at 1052. Kor'an recitation at 1054 followed by dramatic talk by man over music at 1057. Music at 1059. A couple of pips at 1100, then announcement by woman and talk by man. Poor to moderate signal strength with rather quick fades (Jim Evans, Germantown, TN, Tecsun PL-380 with whip antenna, NASWA yg via WOR 1573, DXLD)

**MAURITANIA** - 7245, Radio Mauritanie audible nightly since 6 June with Qur'an from around 0600 variable, good strength. Flute music & ident 0700 27/6 then Arabic news. Audible as late as 0855 some days. (Bryan Clark, Mangawhai, New Zealand, AOR7030+ and EWEs to NE, E & SE, Google Earth: 36.11.70 S, 174.56.70 E, July 2, dxldyg via DXLD)

**MEXICO** - 6009.95, Radio Mil back and the XE again blotting out this frequency as of 7/1. First noted weakly at 0940 tune-in with quick, clear ID by OM (burst out, simply, with "Radio Mil !"). By 1025 recheck, was totally bombing in with pops and time/checks, as strong as ever. Nice listening station, actually.

The 6010.04 unID previously heard, weakly, not noted, nor the usual heterodyne mess. Suspect that one was indeed R. Inconfidência, uncovered by Mil's temporary absence, as suggested and IDed by Herk and Bob Wilkner. Thanks for the assist, gents! (Ralph Perry, Wheaton, Illinois, Drake R8B; Japan Radio NRD-545; Eton E1; Hallicrafters SX100; ... Longwires (150' + 100'); Tuned Multi-Turn 20" Small Loop; Single-Turn Coax Loop, dxldyg via DXLD)

6185, Radio Educación, 0927, very good but fluttery, classical music, then full ID by a man at 0940. Then into traditional Mexican music. 11 June (David Sharp, NSW: (s.a.), dxldyg via DXLD)

**MYANMAR** - Myanmar Radio back on 7200.05v again after only being on ex-7185.75 for about 17 days. Believe they took this transmitter off line so they could work on the previous poor audio, which is now much improved. Randomly from 1122 to 1205, June 13; heard with good signal strength and also the usual weak spur on 7185.87; played same indigenous theme music at both ToH and BoH. Thanks to Sei-ichi for his timely tip! (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, dxldyg via WOR 1570, DXLD)

Yes, Myanmar has once again appeared on 7200 (v) and has quite good audio. At 1200 on the 13th it had a female reading a poem, I think, judging by the sing-song delivery followed by ethnic music bridge. Then it reverted to the normal pop music format. 5985.8 was well down and under a stronger signal that was on 5985 (Robin VK7RH Harwood, Norwood, Tasmania, Icom R70 to Indoor antenna, dxldyg via DXLD)

**NETHERLANDS [non] MARIANA ISLANDS/PHILIPPINES** - 15750.036, R Nederland Wereldomroep in Dutch via US IBB Agignan Point on Marianas. Feature on "RNW financial problem", 2nd kaamer - Dutch parliament and cabinet. S=9+10dB on remote Vancouver island sdr unit.

12065, RN in English via US IBB Tinang-PHL relay, ID Chris Chambers says good bye at 1055-1056 UT. At 1057:03 TX cut OFF. S=8-9 signal fluttery (Wolfgang Büschel, wwdxc BC-DX TopNews June 18)

**NIGER** - 9705, La Voix du Sahel, Nia/RSA, 0537-0608, 21-06, African songs, comments by male, French. At 0545 Niger news: "L'information, La Voix du Sahel", "Le Président de la République". 34433 (Manuel Méndez, Lugo, Spain, Logs in Reinante, Lugo, Cantabrian Sea coast. Grundig Satellit 500 and Sony ICF SW 7600 G Cable antenna, 10 meters, dxldyg via DXLD)

**NIGERIA** - 9690, Voice of Nigeria, Ikorodu. June 30, 0928-0939 male and female in English talks "Voice of Nigeria", outside, tribal music, back male and female. 35333 (Lúcio Otávio Bobrowiec, Embu SP Brasil, SW40 - Dipoles and Longwire, dxldyg via DXLD)

15120, Voice of Nigeria; 1853-1902+, 3-July; Heavy accented English speech; mic or feed cutting in/out, like a bad cell connection. 1901 sed English closing, gave 1-minute-late TC, but continued in English. SIO=233 with hum & weak co-channel QRM (Harold Frodge, Midland MI, USA, Drake R8B + 125 ft. bow-tie; 85 ft. RW & 180 ft. center-fed RW, logged by my ears, on my receiver, in real time! DXLD)

**OMAN** - On 15140 kHz at 1400-1500 UT on Saturday 18th June 2011 with lots of interference but I could detect pop music only from 1420 UT. SINPO 43543 at best. At 1430, ID and news which I could follow from 1435 with presenter Bob Hawkins; from 1439 "This week's talk show" – a story, followed by "Today in History", obviously taken from the domestic service. Just once in the past I heard Oman with better reception with a disc jockey and talk show. Will have to listen in occasionally to this transmission. (David Crystal, Israel, July World DX Club Contact via WOR 1572, DXLD)

**PAPUA NEW GUINEA** - 3365, Radio Milne Bay (Alotau) (presumed), 0850- 0854, 6/23/2011, Tok Pisin. PNG ballads occasionally peaking above the noise. Very marginal, threshold level signal.

3385, Radio East New Britain (Rabaul), 0840-0851, 6/23/2011, Tok Pisin. Talk by man. PNG ballads behind announcer at 0850. Good signal, the only PNG with understandable audio this morning (Jim Evans, Germantown, TN, IC-R75, RX-340, 90' Wire, Wellbrook ALA100M Loop, Cumbredx mailing list via DXLD)

3385, NBC East New Britain, 1105, June 29. Rather late in starting the Port Moresby Nation News relay which started with PNG birdcall. Random listening from 1037 to 1148; at times fair; segments in English and Tok Pisin (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, dxldyg via DXLD)

3205, Radio Sandaun, Vanimo reactivated with National news in English 0902 from Port Moresby 6/6 // 3260, 3275, 3365 and 3290 (strongest). (Bryan Clark, Mangawhai, New Zealand, AOR7030+ and EWEs to NE, E & SE, Google Earth: 36.11.70 S, 174.56.70 E, July 2, dxldyg via DXLD)

3915, Radio Fly reactivated here mid-June, providing very good signals with pop music 1920 on 18/6 till 2000 when sequence of anthem, national pledge, identification, gospel song and devotion in Tok Pisin is carried (Bryan Clark, Mangawhai, New Zealand, AOR7030+ and EWEs to NE, E & SE, Google Earth: 36.11.70 S, 174.56.70 E, July 2, dxldyg via DXLD)

5960 // 3915, R. Fly, 1005-1105, July 1. Live coverage by two announcers with Australian accents with the Parramatta Eels vs Brisbane Broncos rugby match; 1035-1045 non-stop music during a break in the game; coverage still going at 1124 check. (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, dxldyg via WOR 1572, DXLD)

A while ago there was some confusion regarding the locations of the two Radio Fly transmitters (3915 and 5960). It has now firmly been established by several of the personnel at the station that both are in fact located at Kiunga. None are at Tabubil. The two places are separated by about 85 miles. Tabubil is the location of the headquarters of Ok Tedi Mining Limited, which owns and operates Radio Fly (Ron Howard, Monterey, CA, NASWA yg via DXLD)

**PORTUGAL** - 11850, July 1 at 0650 Luso Portuguese with a talk about that language, 0653 song; 0659 RDPI satellite and internet parameters, 0700 3+1 timesignal with the final one shorter rather than longer, news theme. Fair signal. RDPI LIVES! on analog SW via this single transmission from Sines, 0645-0800 M-F, 250 kW, 55 degrees (gh, WOR 1572, DXLD)

**RUSSIA** - Kaliningradskaya oblast. Kaliningrad. Released a new edition of QSL-cards ORTPTS Kaliningrad. Centre thanked listeners from Germany, Austria, Belgium and other countries and is waiting New reports about the reception. Postal address: Russia, 236023, Kaliningrad, Soviet Prospect 184, Kaliningrad ORTPTS. Russia.  
E-mail: <kortpc @ gmail.com>  
Source: <<http://kaliningrad.rtrn.ru/news.asp?view=14754>>

What frequencies for receiving and time?

1143 kHz	Voice of Russia	150 kW	1200-1700 UTC	Russian

(R BULGARIA DX MIX News, via wwdxc BC-DX TopNews July 3)

**SAO TOME** - 4960, June 22 at 0520, weak signal vs noise with something talking, 0542 just a carrier left. No doubt the VOA relay, 100 kW, 30 degrees in French at 0530-0630 M-F only. Today's sunrise there was at 0531 (gh, DXLD)

**SUDAN [and non]** - 13620, R. Dabanga via MADAGASCAR, June 20 at 0527 just in time to hear final singing ID mixed with 1000 Hz tone jamming. The tone stayed on until 0530, and the carrier until about 0530.5\* (gh, DXld)

R. Dabanga (`Press Now`) had been:

1529-1727 on 13730, 500 kW, 150 degrees from Wertachtal, GERMANY

<<http://www.pressnow.nl/>> changes from July 1 to:

1530-1627 on 13730, 250 kW, 330 degrees from MADAGASCAR

1530-1627 on 15335, 500 kW, 150 degrees from Wertachtal, GERMANY

1530-1627 on 15720, 500 kW, 150 degrees from Wertachtal, GERMANY

(via Wolfgang Büschel, DXLD)

**TAJIKISTAN** - 15785.003, Tentative [according Aoki list] via Dushanbe Yangi Yul relay site noted Sound of Hope, Xi Wang Zhi Sheng in Chinese language today June 12 at 1236 UT on that channel, scheduled 15745 kHz at 1230-1250 UT. Mentioned Mao Zedong / Mao Tse-tung over and over again, many times. S=6-7 in northern Europe, very weak signal in southern Europe. Short 3 seconds lasting music piece played, and transmitter OFF at 1259:30 UT (wb, wwdxc BC-DX TopNews June 12)

**SOLOMON ISLANDS** - SIBC, Honiara, 5019.9, 22 June 1140, best reception in ages, pop tunes, DJ taking calls from listeners. 1157 switched to religious talk that seemed to go back and forth between English and vernacular, sign-off by woman 1202, then NA (Bruce Portzer, Seattle, WA, Winradio Excalibur, K9AY antenna June 25, dxldyg via WOR 1571, DXLD)

**SRI LANKA** - 11905, SLBC, \*0020-0040, June 24, sign on with local drums. National Anthem at 0020:37, followed by drums and local music. Opening ID announcements in Hindi at 0025. Religious recitations and Hindi chants at 0025:30. Local instrumental music at 0030. Hindi vocals. Fair (Brian Alexander, Mechanicsburg, PA, USA, Icom IC-7600, two 100 foot longwires, dxldyg via WOR 1571, DXLD)

**UGANDA** - 7194.94, 28.6 2100, Radio Uganda very strong. ID "UBC Radio" TN (Thomas Nilsson, Sweden, SW Bulletin via DXLD) New evening schedule (Anker Petersen, Denmark, DSWCI DX Window July 13 via DXLD)

7194.94, 28.6 2005, UBC, Kampala, mix of romantic ballads by among others Cool And The Gang and Tracy Chapman. ID as "UBC Radio" and a DJ with a very low bass voice that would have got even Barry White full of envy. Close/down without any frills at 2106. Q4+. HR (Hans Östnell, Biri, Norway, SW Bulletin July 10, translated by editor Thomas Nilsson for DXLD)

**UNITED KINGDOM** - The BBC World Service's Hindi short-wave broadcasts have been saved from the axe after the foreign secretary, William Hague, agreed to give extra money to the highly regarded international broadcaster. More at: <<http://www.guardian.co.uk/media/2011/jun/22/bbc-world-service-hindi>>

**U.S.A.** - 6/11/2011, 0323-0332, 5755.0, WTWW (Leap of Faith), Lebanon, TN UNITED STATES, 55544 - English, "McCanny Science Hour", according to WTWW website. Some guy talking about "solar conduits", how to predict the weather using planetary alignments, & "manipulated storms." Also, how the world banking community is responsible for the e. coli outbreak in Germany & how they must be stopped. Wow! (Nathan Adams, Clayton NC, Grundig G6, dxldyg via DXLD)

Yes, WTWW has a redesigned website, <<http://wtww.us>> with a program schedule link for transmitter 1, but not really --- it leads to Scriptures for America Worldwide <<http://www.sfawbn.org/schedule.html>>, which is not 100% on 9479, 5755 --- this schedule in CT does not show the breakaway for QSO with Ted Randall, Saturdays 1800-2000 UT (gh, DXLD)

WTWW Update from George --- Dear DXers: I just got an update from George McClintock at WTWW, on their situation with regards to plans for 12100 and the other frequencies. George's message below:

There is a large skip zone around the transmitter site which makes the signal weak up close due to poor Ground Wave signals which do not radiate well at shortwave frequencies. The signal is quite good around the world depending on the time of day or night. David has helped with the 12.1 MHz transmitter #3. I do not have an answer on Glenn yet. He and I are in conversations. #3 is scripture readings only. (via Noble West, TN, June 20, dxldyg via DXLD)

12099.975, Arabic(!) sermon on WTWW Lebanon-TN station. At 1105 UT June 18, sermon read by male, S=8-9 strength (Wolfgang Büschel, wwdxc BC-DX TopNews June 17/18)

12099.974, English sermon on WTWW Lebanon-TN station. S=6-7 poor signal strength, at 0618 UT June 19, sermon read by male. Bible reading on "Moses in Jordan westwards ..." (wb, wwdxc BC-DX TopNews June 19)

The weekday Christian radio show hosted by failed apocalypse predictor Harold Camping, who suffered a stroke earlier this month [JUNE, 2011], is being taken off the air. The Oakland Tribune reported Thursday that Camping's Family Radio station would be replacing the 89-year-old's show, Open Forum, with new programming soon. The station has been playing repeats since his stroke.

Camping predicted Judgement Day would occur, first in 1994 and again last May 21. Camping's media empire spent millions of dollars, some culled from his followers' donations, over seven years on billboards and other publicity for his 2011 predictions about the spiritual Rapture in May and the end of the world in October. Judi Rathbone of Family Radio says Camping is still in the hospital continuing to recover from the effects of his stroke.

Information from: The Oakland Tribune, <<http://www.oaklandtribune.com>>

Note: Parts of transmissions scheduled in other languages, may be replaced with English.  
(WRTH Update July 13 via DXLD)

*It seems some languages are added / reintroduced bit by bit – perhaps German too ... (we)*

**VIETNAM** - 12019.3, VOV, 1349-1357\*, July 5. Fair to good in English; talking about training for their labor force; rock Vietnamese song. Found this was best in LSB to get away from the strong adjacent Firedrake and CNR1 jamming on 12025 (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via DXLD)

**YEMEN** - 9780.3, Republic of Yemen Radio, Sana'a, 0358, 7/4/11. Flute IS; into talk in Arabic at 0400; songs beginning at 0402; poor but marginally improving by 0405; also heard on 6/28 and 6/29 (Jim Ronda, Tulsa, OK, NRD-545, R-75 + PAR-SWL, NASWA Flashsheet via DXLD)

**ZANZIBAR** - 6015, Voice of Tanzania, Dole, Zanzibar, 0439, Jul 03, animated ad about Zanzibar in Swahili, good (Graham Bell, Cape Town, South Africa, DSWCI DX Window July 13 via DXLD)

6015, RTZ, \*0300-0401, July 11. Grayline reception; my sunset 0330, their sunrise 0335; open carrier already on by 0255; started with xylophone sounding IS; 0304 pips (seemed their timing was off, as in the past the IS normally would have started about 0257, but later segments seemed to have adjusted somehow to be timed correctly); not the usual reciting from the Qur'an, but instead singing; 0308 OM with monologue.

### Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA:

- 4055.0 GUATEMALA. Radio Verdad, 0407-0433 Jun 22, group singing with brief talk in Spanish by a woman announcer. Man with short prayer at 0420 followed by "Amen" and then a religious talk. Program seemingly ended at 0427. ID and location announcement by another man announcer at 0429. Poor to fair.
- 4716.7 BOLIVIA. Radio Yura, 0047-0258\* May 29, nice program of vocals hosted by a man announcer with numerous IDs and Spanish talk. Running much later than usual 0200\* tonight. Seemingly left air without any fanfare. Poor to fair although much weaker in last hour.
- 4775.0 SWAZILAND. Trans World Radio - Manzini, 0410-0437 Jun 8, man announcer preaching in the German Language mixing with choir vocals. At 0429 a woman announcer closed program. Light instrumental music followed by a man mentioning "T-W-R". The English program began at 0430. Fair.
- 4878.6 BRAZIL. Radio Roraima - Boa Vista, 0357-0406\* Jun 3, music followed by a man announcer in Portuguese with ID and closedown

- announcement followed by choral National Anthem. Poor to fair. Noted again on Jun 4 at 0320 with dance music and English lyric rock vocals with fair signal.
- 4960.0 SAO TOME. Voice of America – Pinheira, English news features with several “VOA News Now” program IDs. Report on E Coli bacteria outbreak. Fair.
- 4980.4 USA. WWRB – Manchester, TN, 0304-0315 May 29, male preacher in English noted on this odd frequency (spur) talking about contributing money so he can potentially reach 6 billion people in 200 countries before going into his long religious sermon. Poor with fundamental (5050) being excellent.
- 4985.0 BRAZIL. Radio Brasil Central, 0351-0412 Jun 3, Brazilian pop music program with woman announcer in Portuguese with ID and talk at 0400, jingle ID and more pop vocals. Fair with //11815 fair to good.
- 5010.0 MADAGASCAR. Radio Madagaskara, 0251-0328 Jun 21, continuous vocals until a woman announcer in Malagasy gave ID, announcements and news. End of news with music bridge at 0314 followed by discussion by a man and woman. Group singing with nice ID and promo announcements at 0323. Poor to fair but somewhat noisy conditions.
- 5990.0 BRAZIL. Radio Senado, \*0903-0934 May 16, jazzy music opening followed by ID and opening announcements by a man announcer in Portuguese language. Into program of Brazilian pop vocals with frequent IDs. Good signal.
- 6110.0 ETHIOPIA. Radio Fana, \*0258-0337 May 21, IS until man with ID followed by music fanfare and possible short news. More instrumental music with a man talking in presumed Amharic. Into Horn of Africa vocals at 0302. Man began long talk at 0308. Poor to fair signal with a lot of flutter. //7210 was a little better until Amateur Radio Operators began to QRM.
- 6165.0 CHAD. Radio Chad, \*0429-0447 Jun 22, Balafon IS followed by orchestra National Anthem at 0431. Man announcer in French with opening ID and sign on announcements followed by a lively program of morning highlife music. Fair to good.
- 6165.0 SRI LANKA. Radio Deutsche Welle – Trincomalee, \*2357-2359 Jun 23, familiar DW IS for listed German program to South Asia but soon covered by Radio Netherlands via Bonaire opening in Spanish to South America. Poor to fair before being swamped by RN.
- 6174.0 PERU. Radio Tawantinsuyo, 0024-0037 Jun 5, nice OA vocals followed by a man announcer with Spanish talk, more music with ID after selection. Weak.
- 6175.0 ALBANIA. China Radio International, 2308-2321 May 28, man and woman announcer in Spanish with features. Fair.
- 6190.0 GERMANY. Deutschlandfunk Radio (presumed), 0036-0100 Jun 26, classical music program with German language talk by a man announcer at 0044. More classical music until brief talk by the man announcer at 0059 prior to 3+1 time pips at 0100. Fair prior to being blown away by Radio Netherlands-Bonaire opening in Dutch at 0100.
- 7125.0 GUINEA. Radio Télévision Guinée - Conakry, 2244-2256 May 27, group highlife vocals followed by a man announcer with French talk and mention of Conakry. Another highlife vocal followed. Fair. Radio Télévision Guinée - Conakry, 2200-2247 Jun 3, French language talk by a man announcer followed by ID and several mention of Conakry. Nice program of Highlife vocals followed. Fair.
- 7175.0 ERITREA. Voice of the Broad Masses of Eritrea – Program 2, \*0255-0321 Jun 29, IS followed by man announcer with opening ID and announcements in Arabic language followed by another man with news. 0304 segment of Horn of Africa music followed by a discussion program hosted by a woman. Some HoA music between discussion segments. Fair to good.
- 7205.0 ERITREA. Voice of the Broad Masses of Eritrea – Program 1, \*0256-0312 Jun 28, IS followed by a woman announcer in listed Tigrinya language with opening announcements. Poor.
- 7215.0 SOUTH AFRICA. Trans World Radio – Meyerton, \*0328-0346\* Jun 21, IS alternating with English language ID until the listed Sidamo language program started at 0338. Closed mid-sentence at 0346. Poor in noisy conditions.
- 7345.0 TUNISIA. Radio Tunisienne, 2247-2310\* Jun 4, two men with a discussion in the Arabic language. End of program at 2300 followed by short music interlude, promo announcement, ID and a man with the news. End of news at 2308 followed by another brief musical interlude. A man announcer began talking. Carrier cut while in mid-sentence. Good.
- 7485.0 UZBEKISTAN. FEBA Radio (presumed), 0007-0030 May 31, dramatization program in listed Bengali with religious music. Much too weak to get an ID and just seemed to disappear in the noise.
- 7811.0usb USA. Armed Forces Network – Saddlebuch, FL, 0017-0045 Jun 24, Sporting News Radio with coverage of NBA draft, other sports activities and promotional announcements in English. Nice ID during country music promo. Fair with //12133.5 at good level.
- 9575.0 MOROCCO (Spanish). Medi Un, 2103-2140 Jul 4, woman announcer with news in French with remote reports about North Africa events and Rabat elections. ID at 2131 by man. Good signal while in France.
- 9590.0 CHINA. China Radio International – Kashi, 0004-0017 Jun 24, man announcer with news in Spanish. End of news at 0009 followed by music segment, woman announcer with ID and then a language lesson program hosted by a man and woman team. Poor.
- 9635.0 LITHUANIA. Radio Liberty – Sitkunai, \*0300-0359\* Jun 22, opening music, woman announcer with ID and announcements in listed Tatar language followed by news with several remote reports. Fair.
- 9655.0 PRIDNESTROVIE (Moldavian S.S.R.). Radio PMR, 2136-2146 Jul 4, man in English with report on battle to save Pridnestrovie in 1944 and July 1992. ID and schedule at 2142 followed by music programming. Very good signal while in France.
- 9705.0 NIGER. La Voix du Sahel, flute music noted prior to choral National Anthem and brief tones before the transmission carrier was terminated. Poor.

- 9705.0 ETHIOPIA. Radio Ethiopia, 0303-0416 Jun 12, Horn of Africa music program hosted by a man announcer with Amharic talk. ID at 0400 followed by news. Returned to HoA music at 0412. Noted after a Brian Alexander log with fair to good reception. Have they upgraded the transmitter?
- 9745.0 BAHRAIN. Radio Bahrain, 0041-0105 May 23, program of Middle Eastern vocals hosted by a man announcer with short Arabic talk. ID and brief news at 0100. Poor to fair until Radio Free Europe opened at 0100 on 9750 effectively destroying reception of Bahrain.
- 9750.0 GERMANY. Radio Free Europe – Lampertheim, \*0100-0136 May 23, opening with Russian program with frequent IDs, news, and news-related features. Series of IDs at 0129 before news. Fair to good and splattering all over Bahrain on 9745.
- 9780.1 YEMEN. Yemen Radio – Sana’a (presumed), 0411-0442 Jun 30, nice Middle Eastern vocals followed by a man talking briefly in Arabic. After a short instrumental music segment, two women began a discussion. At 0417 the man announcer returned hosting nice program of vocals. Poor to fair.
- 11595.0 CLANDESTINE (Myanmar). Democratic Voice of Burma – Yerevan, Armenia, 0018-0029\* May 20, man and woman talking in Burmese language with interview of man over phone line. Short musical segment followed by ID, contact information and closedown announcement. Poor to fair. (D’Angelo-PA)
- 11710.5 ARGENTINA. RAE, 0243-0258 May 21, English language feature hosted by a woman announcer with Tango music selections, DX Supplement followed by preview of tomorrow’s program, ID and closedown announcements. IS repeated several times with IDs. Fair to good signal with flutter.
- 11800.0 ENGLAND. Sudan Radio Service – Rampisham, 0432-0450 Jun 27, man announcer with news in Arabic language with various report reports. Poor to fair signal but noisy conditions overall.
- 11905.0 SRI LANKA. Sri Lanka Broadcasting Corporation, 0046-0120 Jun 24, nice program of Hindi music and vocals hosted by a woman announcer with talks in listed Hindi language between selections. Poor to fair.
- 12080.0 AUSTRALIA. Radio Australia - Brandon, 0906-0925 May 24, several men speaking in English with a feature report about Papua New Guinea, its Prime Minister, government and what it has done for its people in recent years. Fair with some flutter.
- 15275.0 THAILAND. Radio Thailand, 0011-0029\* Jun 26, man and woman with news in English with IDs (“You are listening to Radio Thailand news”) and promotional announcements. Gone in mid-sentence. Poor.
- 15275.0 PORTUGAL. Radio Deutsche Welle – Sines, 2112-2159\* Jun 4, English to Africa with news features, ID into language program. At 2130 another ID followed by a long report about the FIFA scandal hosted by a woman announcer with several male experts. ID followed by female vocals at 2156 until carrier was terminated at 2159. Good signal.
- 15540.0 KUWAIT. Radio Kuwait, 2036-2109\* Jun 4, non-stop pop vocals until 2050 local TC, ID and a man announcer with news in English. Special announcements about immigration policies for foreigners at 2053. ID and mention of “approaching midnight” as well as closedown announcements at 2058. Orchestra National Anthem at 2059. Time pip followed by Arabic ID, music fanfare and man with news in Arabic. Carrier finally terminated at 2109. Fair to good with moderate flutter.
- 17550.0 KUWAIT. Radio Kuwait, 2337-0011 Jun 25, man announcer with Arabic language talks hosting music program. ID at top of the hour followed by news. Tuned away for Radio Thailand and when tuned back they were gone so sign off sometime after 0011. Good signal.
- 25910.0FM USA. WBAP, Fort Worth, Texas, 1531-1547 Jun 12, thanks to Sheryl Paszkiewicz tip heard with English ID, ad string news items, and local traffic at poor level with decent peaks. Always interesting when these medium wave relays make an appearance.

Dear Friends,

Welcome to the July edition of Logbook.

Thanks to our two regular contributors for their shortwave loggings compiled in this Logbook.

Till next month take care,

*Ashok Kumar Bose*

## RADIO FREE ASIA ISSUES SECOND 15TH ANNIVERSARY QSL CARD JULY 2011

Radio Free Asia (RFA) announces the release of its 37th QSL card. This is the second QSL card commemorating 2011 as RFA's 15th anniversary. RFA's first broadcast was in Mandarin Chinese on September 29, 1996 at 21:00 UTC. Acting as a substitute for indigenous free media, RFA concentrates its coverage on events occurring in and / or affecting the countries to which it's broadcast. Those countries are: Burma, Cambodia, Laos, North Korea, Peoples Republic of China and Vietnam. **This QSL card will be used to confirm all valid reception reports from July 1 - August 31, 2011.** The four pieces of artwork were created earlier this year by the children of RFA's personnel. This card not only commemorates RFA's 15th anniversary but also helps capture the spirit of the RFA's family and friends around the world while promoting peace, freedom and democracy.

Radio Free Asia (RFA) is a private, nonprofit corporation that broadcasts news and information to listeners in Asian countries where full, accurate, and timely news reports are unavailable. Created by US-Congress in 1994 and incorporated in 1996, RFA currently broadcasts in Burmese, Cantonese, Khmer, Korean to North Korea, Lao, Mandarin, the Wu dialect, Vietnamese, Tibetan (Uke, Amdo, and Kham), and Uyghur. RFA strives for accuracy, balance and fairness in its editorial content. As a 'surrogate' broadcaster, RFA provides news and commentary specific to each of its target countries, acting as the free press these countries lack. RFA broadcasts only in local languages and dialects, and most of its broadcasts comprise news of specific local interest. More information about Radio Free Asia, including our current broadcast frequency schedule, is available at <http://www.rfa.org>. RFA encourages listeners to submit reception reports. Reception reports are valuable to RFA as they help us evaluate the signal strength and quality of our transmissions. RFA confirms all accurate reception reports by mailing a QSL card to the listener. RFA welcomes all reception report submissions at RFA-website <http://www.techweb.rfa.org> (follow the QSL REPORTS link) not only from DX'ers, but also from its general listening audience in target areas. Reception reports are also accepted by email at [qsl@rfa.org](mailto:qsl@rfa.org), and for anyone without Internet access, reception reports can be mailed to our postal address.

Reception Reports  
Radio Free Asia  
2025 M. Street NW, Suite 300  
Washington DC 20036  
United States of America.

Upon request, RFA will also send a copy of the current broadcast schedule and a station sticker.
