DX MAGAZINE No. 7

Vol. LVIII

July 2023

Hello again,

Welcome to another issue of our DX MAGAZINE. Please remember that the next issue of our DX MAGAZINE will be our usual summer double edition No. 8/9, which will be mailed in the 35th calendar week (deadline: August 27th, 2023). Our editors will be very thankful for your contributions to this double edition.

Our **QSL CORNER** editor Dário Gabrielli asks all our members to send in contributions for his QSL pages. An information sheet, how to contribute to the QSL pages, will be send to all recipients of this month's PDF edition of our DX MAGAZINE. The information sheet can also be downloaded from our website at: <https://www.wwdxc.de/download/QSL-Info.pdf>.

And now over to our usual information from outside the club: (Cf. DXM 2/2023) Please remember that the **EUROPEAN DX COUNCIL** will meet in Metz/France from September 7<sup>th</sup> to 8<sup>th</sup> for its **EDXC Conference 2023**. This will be the first conference since Andorra in 2019. Please find more information on page 21 in this DX MAGAZINE.

We are happy to provide a new, revised version of the summer 2023 schedules in a PDF file: This file is a supplement to the 2023 edition of **World Radio TV Handbook**. It summarises the changes to the international schedules printed in the book resulting from the implementation of the 2023 summer season schedules.

Contact details and other information about the stations shown in this file can be found in the International Radio section of WRTH 2023. The PDF file will be updated from time to time and can be downloaded from [https://wrth.info/wp-content/uploads/2023/07/WRTH23\\_INT\\_Summer\\_15.pdf](https://wrth.info/wp-content/uploads/2023/07/WRTH23_INT_Summer_15.pdf). (WRTH Team)

And with this best wishes and good DX until next month from

## NEWS ABOUT BROADCASTING (+other) STATIONS

Editor: WALTER EIBL ■ eMail: <news@wwdxc.de>

### European, Private Shortwave Stations

**July 1st 2023** - Only legal stations are included. Most stations use low power, but a few use several kW. All times are given in UTC. Abbreviations: D = Germany, DNK = Denmark, FIN = Finland, NL = the Netherlands, NOR = Norway A.o. = and others, F.pl.: future plan

3955	D	Radio Channel 292	Rohrbach Waal	Daily 0000-2000 & 2100-2400
3975	D	Shortwave Radio	Winsen, Aller	Daily 1700-2300
3985	D	Shortwaveservice	Kall-Krekel	Daily 1600-1900

(WRTH 23 Summer Update)

**ALGERIA** - 21550 kHz June 25 at 1620-1647 UT, Ifrikyia FM, Bechar-ALG site, in Hausa language. A musical program: African songs and rythms; 1628UT Man announcer says ID and repeats: Ifrikyia FM; 1630 UT Woman says ID; Man presents news, says about Nigeria, too; 1635 UT Music; 1645UT Man talks, says Nigeria. Fair reception: 35533. (Jose Ronaldo Xavier-Cabedelo-PB-BRA, WOR June 25)

13790 kHz Ifrikyia FM, RTA Ouargla bcast center at 0615 UT. French with lively Afro music and chat. Noted with a fair signal under the stronger co-channel RFA via Agingan Point and CNR 1 jamming. June 18. (Rob Wagner VK3BVW, Vic-AUS; NASWA Electronic Flashsheet #1105 June 18)

**ANTARCTICA ARGENTINA** - LRA 36, Radio Nacional Arcangel San Gabriel new schedule 15476usb mode, LRA 36, Radio Nacional Arcangel San Gabriel. According with a whatsapp from the station here is the LRA 36 new schedule:

Mondays and Fridays from 1300 to 1500 UTC, Saturdays from 1800 to 2300 UTC.

Mondays and Fridays they probably will issue the new program "Ecos de la Antartida" and Saturdays the current program "Uniendo Voces". (Manuel Mendez-ESP, hcdx July 6)

**ARMENIA** - 7600even kHz fq of Afganistan International in Pashto relay via Yerevan Gavar site in central Asia, 14.30-01.00 UT, S=9+25dB in Doha Qatar SDR in Perseus net. 22.30 UT on July 14. [selected SDR options, span 12.5 kHz RBW 15.3 Hertz] (WB df5sx, wwdxc BC-DX TopNews July 14)

**ASCENSION ISLAND** - 15400 kHz on Sa June 17 at 1945-1955 UT. BBC London via Ascension Island-ASC relay, English Service. Man and woman announcers in conversation with a man. Good reception: 45544. (Jose Ronaldo Xavier-Cabedelo-PB-BRA, WOR June 16-17)

*Regularly heard - also in Eu. (we)*

21630 kHz June 25, 1648-1659 UT, BBC via Ascension Island-ASC, English Service. Two men in conversation; 1649 UT Man/woman announcers talk and a conversation with a man; 1656 UT The interview continues, they say about Australia; 1659 UT Abrupt end. Fair reception: 35533. (Jose Ronaldo Xavier-Cabedelo-PB-BRA, WOR June 25)

**AUSTRALIA** - 15460 kHz Reach Beyond Australia w/end of Nepali (listed) w/YL giving what appeared to be addresses, and at BoH into Hindi (listed) w/OM brief talk and bible bumping music. En ID mentioning "Reach Beyond Australia" at :40 and into OM/YL EE religious and general talk. (Mention of the 'Mexican President' and children's schooling and 'democracy'. Programme name (which I didn't quite get) at :58 and then bumper music to ToH. Reach

Beyond Australia ID and schedule. Dead air to past the ToH and no obvious carrier off, but that could have been another station down in the noise floor.

{15459.982 kHz slightly odd fq outlet, wb.} Mostly not really follow-able but occasional 'fade up' to intelligibility. 3+5442+ better than TRT Turkey, but not much. 1327-1400 UT on July 2.

(Ken Zichi-Williamston-MI-USA, WOR July 2)

11875 kHz Reach Beyond Australia, Kununurra heard at 1223 UT on June 12; an English ID which was followed immediately by a woman speaking in listed Matu. Fair-to-good.

(Bob Brossell, Pewaukee-WI-USA, via NASWA Electronic Flashsheet #1105 June 18)

11905 kHz Reach Beyond Australia, Kununurra heard at 1140 UT on June 13. ID and website given by a woman in listed Rohingya. Flute music followed at 1141 UT. Fair-to-good.

(Bob Brossell, Pewaukee-WI-USA, via NASWA Electronic Flashsheet #1105 June 18)

12010 kHz Reach Beyond Australia, Kununurra heard at 1128 UT on June 13; piano music to English ID at 1129 UT and followed at 1130 UT by a woman speaking in listed Dzongkha. Mostly fair.

(Bob Brossell, Pewaukee-WI-USA, via NASWA Electronic Flashsheet #1105 June 18)

15460 kHz Reach Beyond Australia, Kununurra heard at 1229 UT on June 12; a sub-continental song which was followed 1233 UT by a woman speaking in listed Hindi. Mostly fair.

(Bob Brossell, Pewaukee-WI-USA, via NASWA Electronic Flashsheet #1105 June 18)

11899.967 kHz, slightly odd fq outlet of Reach Beyond Australia Kununurra heard in Hindi on Weds at 13.20 UT on July 5.

15459.982 slightly odd fq outlet of Reach Beyond Australia Kununurra heard at S=9+20dB level in Hiroshima and Tokyo remote Perseus net; in English language at 13.30-14.00 UT on July 5.

[selected SDR options, span 12.5 kHz RBW 15.3 Hertz] (WB df5sx, wwdxc BC-DX TopNews July 5)

(WRTH 23 Summer Update)

**AUSTRIA** - 6055 kHz Sunday only 09.00-10.00 UT Radio DARC - German amateur club radio society program, radio news and rock/pop music programme, at 09.50 UT June 11, S=9+40dB powerhouse 100 kW signal from ORS Moosbrunn bcst relay transmission center. 10 kHz wideband audio signal, // also via hobby stn ch292 Waal on 6070, S=3 -114dBm poor signal.

[selected SDR options, span 12.5 kHz RBW 15.3 Hertz] (WB df5sx, wwdxc BC-DX TopNews June 11)

**BOTSWANA** - 17530 kHz VOA English, 1515z, June 18. DJ style music program with two guys talking about the artists and music. Not Willis Conover but not bad at all. Program off at 1600z. HFCC shows 100kW at 10degree directed to ITU zones 46,47, 52, 53 and 57 (includes all of Sub Saharan Africa plus Madagascar) using a type 156 curtain (2 wide X 4 high) which should offer about a 50degree half power beamwidth. Most of the target area is within about 3000 miles with mainly West Africa receiving a diminishing signal outside of the primary beam. West Africa is really more appropriately covered by Sao Tome anyway, which has beams that put the target areas in West Africa no more than 1500 to 2000 miles distant. Selebi-Phikwe to central Texas is about 9000 miles at an azimuth of 293degrees with an all daylight path for about another hour. Selebi-Phikwe sunset at 1733 local (1533z). (Jerry Lenamon, Waco-TX-USA; NASWA Electronic Flashsheet #1105 June 18)

**BRAZIL** - 4885 kHz Radio Clube do Para, Belem, 0503-0535 UT on July 01, Brazilian songs, program "Clube na Madrugada". 25432.

4985 kHz Radio Brasil Central, Goiania, 0515-0548 UT on July 03, Brazilian songs, Portuguese, comments, ID. "Radio Brasil Central, comunicando para o mundo", program "Madrugada Musical. // 11815 kHz. 24422.

6010 kHz Radio Inconfidencia, Belo Horizonte, 0501-0523 UT on June 30, Brazilian songs. 15421.

6180 kHz Radio Nacional da Amazonia, Brasilia, 2032-2043 UT on June 29, Portuguese, comments, ID. "Radio Nacional". // 11780 kHz. 35433.

9819.1 kHz Radio 9 de Julho, Sao Paulo, 2038-2045 UT on June 29, religious songs and comments, Portuguese. 15321.

11750 kHz Voz Missionaria, Camboriu SP, 2041-2056 UT on June 29, religious songs and comments. // 9665 kHz. 34333.

11815 kHz Radio Brasil Central, Goiania, 0506-0533 UT on July 02, Brazilian songs, "Madrugada Musical". 35433.

15190 kHz Radio Inconfidencia, Belo Horizonte, 2003-2029 UT on June 30, Brazilian songs, Portuguese, comments, program "A Hora do Fazendeiro". 15421.  
(Manuel Mendez-ESP, hcdx July 3)

(WRTH 23 Summer Update)

**COLOMBIA** - 5909.97 kHz Alcaravan Radio, Puerto Lleras, June 26; fair QSA but muddy signal 0816 UT (much clearer in LSB) with peppy HJ dance mx selections. Sporadic QRM from ute station warbling on fqy. T/ck in Spanish at 0819 UT by YL. (Ralph Perry, Wheaton-IL-USA, NASWA Electronic Flashsheet #1107 July 2)

**CONGO {COG - Brazzaville}** - 6115 kHz, Radio Congo, Brazzaville, 1829-2021\* UT on June 27, French, comments, mentioned "Le Congo", at 1908 UT African song and ID. by male "Radio Congo", more African songs, at 1915 UT ID. by female "Radio Congo", "Radio Congo, Le Soir", some sports comments. Vernacular comments, some songs in English, at 2000 UT news in French about Congo, "Radio Congo". From 1859 to 1957 UT QRM from Xianyang China on 6110 kHz with Russian program. 24432. [...] Radio Congo closed at 2021 UT.  
(Manuel Mendez-ESP, BrDXC-UK iogr & WOR June 28)

**CUBA** - 15140 kHz June 26 at 0008 UT, RHC Spanish news at S9, morning / afternoon frequency still running, not turned off at 2030 UT after French? or maybe Sunday Esperanto to 2100 UT? // also now: weaker 15230 kHz, stronger 11760 kHz; 11850 kHz suported as usual, and 9535 kHz.

12000 kHz June 26 at 0502 UT, RHC English JBM at S5/S9 on 2 x 6000 kHz where it's much stronger and undermodulated.

11670 kHz June 26 at 0505 UT, RHC Spanish still on at S=9+20dB. Aoki list says -0400 UT; EiBi database list says

-0500 UT and irr. English for two more hours, as I have often reported; but no extras heard after 0600 UT tonight.

15230 kHz June 26 at 1436 UT, RHC is S9 but JBM, while 15140 kHz is S=8/9+10dB with sufficient modulation. (gh, hcdx and WOR June 26)

**CYPRUS** - AM update from Middle east, May 2023. Today morning I have been heard that BBC has back in two MW frequencies from Limassol Cyprus, on 639 and 720kHz. The reception was good and clear. It was only a test transmission with a music and periodical announcement of test transmission in English language. (Alexei Lubich, Northern Israel, 2023-May-12; <<https://mediumwave.info/2023/05/12/cyprus-12/>> WOR May 13)

Re: BBC resuming MW 639 & 720 kHz from Limassol Cyprus.  
Meant to check by way of the TWR Cyprus SDR this item: <<https://mediumwave.info/2023/07/06/cyprus-13/>>

By chance I caught the carrier being turned on at 1858 UT into ...whatever they in London call their Synthie-Cello with that big bass. At the hour the feed cut over to what sounds to me like promo material from Al Arabiya FM for either an upcoming Sudan service or to solicit feedback, for evaluation if the offered outlet would be WORTH the money. It was not the regular programming. (Kai Ludwig-D, WOR July 6)

**ECUADOR** - 6050 kHz HCJB, Pichincha {Quito}, 0451-0500\* UT on July 01, Spanish, comments about Ecuador provinces, id. "HCJB presento Ritmos y Canciones de Nuestra Tierra", music and close. No anthem today. 35433. (Manuel Mendez-ESP, hcdx July 3)

NHK R Japan morning East Africa 05.00-05.25 UT outlet replaced - seemingly - 7355 kHz by 13710 kHz in 22 meterband, NHK newscast read by female, heard June 15.

Surprise, compared to present NHK R Japan English entry 7355 kHz 0500 0530 53,57 ISS 250 155 0 216 Eng F NHK but was at 13710 kHz channel instead.

(wb df5sx, wwdxc BC-DX TopNews June 15)

15215.111, June 10 at 0642 UT, S7/S9 talk in unknown language way off-frequency also encountered before. EiBi database shows it's another of those defective TDF Issoudun relay units, this semihour of DW in Hausa.

(Glenn Hauser-OK-USA, hcdx & WOR June 10)

{HoA Amharic target radio} '1888 Radio - A Voice for the Amhara People'.

A registration request with the HFCC.org was effective on 10 May 2023, made by Radio Miami International (RMI FMO) for 17630 kHz at 1700-1800 UT via TDF Issoudun, France (250 kW at 127 degrees to CIRAF ITU zone 48W). The notes column lists "1888 ra" and this would appear to be the name of the station: '1888 Radio - A Voice for the Amhara People'.

I recorded today's programme (14 June) and tried to translate snippets of audio from Amharic to English using GoogleTranslate with a little success, it did seem to recognise "Voice of Amhara" a couple of times. A subsequent Google search finally found their website at <<https://1888radio.org/>> which says "Welcome to 1888 radio, the radio station advocating for the Amhara people. Our mission is simple: to give the Amhara people a voice and promote our culture, history, and rights. Every community deserves to be heard and represented. We are committed to ensuring the Amhara people are not ignored or overlooked". The frequency of 17630 kHz is mentioned.

They also have a YouTube channel: <<https://www.youtube.com/@1888Radiomedia/featured>> (Tony Rogers-UK, BrDXC-UK iogr June 14; gh June 15)

### **FRANCE / GERMANY** - DW Bonn in Arabic revived with a special transmission to Sudan [WAR AREA]

Hello, The Arabic section of DW is being revived with a special program to Sudan called "Sudan now" according to the following schedule

1230-1300 UT on 17800 15275 kHz

Repeated: 1830-1900 UT on 17840 15275 kHz

Monday to Friday only. [All transmissions via TDF Issoudun 250 kW]

The official start of the program is coming Monday 26 June 23. BBC Arabic did the same move after closing down the Arabic section but now back with a special transmission to Sudan.

(Tarek Zeidan, Cairo-EGY, WOR June 23)

### **GUAM** - Welcome back KTWR! KTWR heard as follows today June 9th:

1100-1115 15310 like Chinese with IDs and sign off at 1115 UT.

1116-1216 with ids in SoEaAsian type language.

Must be the REAL KTWR Guam which was off air since May 23, 2023 due to cyclone Mawar.

Monitored schedule of Trans World Radio, KTWR, Guam of 9 June 2023:

1100-1115 15310 Mongolian?

1116-1230 12160 Various

1300-1309 9975 Hindi

1315-1345 9975 Korean

1415-1458 11590 Kazak

1500-1600 9900 Korean

Note: Schedule subject to change on next days!

Reception Reports to <[asiafeedback -at- twr.org](mailto:asiafeedback-at-twr.org)>

(via Jose Jacob-IND VU2JOS, Hyderabad, India; WOR June 9 - 10)

KSDA Guam AWR noted back on air today after 4 days absence. 2 frequencies heard at a time. 3rd one is still missing. Eg 1000 UTC on 11855 kHz. Open carrier on 15210 kHz. 15500 kHz not heard.

(Jose Jacob-IND VU2JOS, WOR June 15)

11955.005 CLN AWR Urdu towards Pakistan via SLBC Trincomalee bcast center, S=9+20dB at 16.10 UT.

Today June 15 at 16.30 UT AWR programs noted:

15359.996 GUM AWR KSDA center, Pushto to Pakistan/AFG, S=9+20dB at 16.32 UT. Mon/Wed/Fri only, remaining days in Sindhi language.

17725.006 D\_\_ AWR Amharic language via MBR Nauen site, at 16.35 UT, S=9+20dB signal strength.

15670.006 CLN AWR Somali towards HoA via SLBC Trincomalee bcast center, S=9+10dB at 16.37 UT.

15605even AUT AWR Farsi towards Iran/AFG target, via ORS Moosbrunn relay site, S=9+25dB at 16.38 UT.

11955.009 GUM AWR KSDA center, Korean to both Koreas, S=9+10dB at 16.41UT

15490.004 D\_\_ AWR Tigre language towards Eritrea via MBR Nauen site, at 16.45 UT, S=9+35dB powerful signal in Doha Qatar.

Today June 15 at 17.00 / 17.30 UT AWR programs noted:

11955.010 GUM AWR KSDA center, Korean to both Koreas, S=9+10dB at 17.01UT 16.30-17.30 UT scheduled.

11790.001 MDG AWR via MGLOB Talata Volonondry Madagascar relay facility, in Swahili language to EastAfrica target, S=9+30dB in Doha Qatar remotely at 17.03 UT.

17570even AUT AWR Swahili service towards East Africa target, via ORS Moosbrunn relay site, S=9+25dB at 17.08 UT.

17725.004 D\_\_ AWR Oromo language to ETH via MBR Nauen site, at 17.30 UT, S=9+15dB. 17.30-18.00 UT scheduled.

15530.012 GUM AWR KSDA center, Korean to both Koreas, S=9+10dB at 17.33UT 17.30-18.30 UT scheduled. At 17.32 UT some violine classic music played

17570even AUT AWR Masai service towards East Africa target, via ORS Moosbrunn relay site, S=9+25dB at 17.38 UT on June 15 at 17.30-18.00 UT.

Today June 15 at 22.00-24.00 UT AWR programs noted:

# 12

15439.997 GUM AWR KSDA center, English sce to WINS, MLA, SEAs, Tue/Thur/Sun 22.00 UT, but Sundanese sce on remaining weekdays. S=9 in Hiroshima Akitakata Japan at 22.07 UT. S=8 in Delhi India. But daily Indonesian 22.30-23.00 UT scheduled.

15320.007 GUM AWR KSDA center, Dayak sce to WeINS, MLA, SEAs, 22.00 UT, but Javanese sce at 22.30-23.00 UT scheduled. At 22.12 UT, n o t on air June 15/16, only poor exciter string seen.

15685.012 GUM AWR KSDA center, Vietnamese to SoEaAS 22.00-23.00 UT scheduled, S=8 in Hiroshima Akitakata Japan SDR remotely at 22.16 UT.

11875.006 CLN AWR Mandarin Chinese towards Ce&NorthChina, via SLBC Trincomalee Sri Lanka bcast center, S=9+15dB in Delhi India at 22.16 UT. 22.00-23.00 UT scheduled.

15625.005 CLN AWR Mandarin Chinese towards NorthEaChina, via SLBC Trincomalee Sri Lanka bcast center, at 22.22 UT.  
22.00-24.00 UT scheduled. N o t on air on June 15.

15320.007 CLN AWR Khmer / Cambodian sce towards SoEaAS, via SLBC Trincomalee Sri Lanka bcast center, at 23.00 UT.  
23.00-23.30 UT scheduled. 23.30-24.00 UT Lao language on Thur/Sat, Thai on remaining weekdays. S=8 likely in Delhi. S=9+10dB in Hanoi VTN and Taipei TWN, both on Kiwi SDR.

17700.005 GUM AWR KSDA center, Mandarin sce to China and TWN, SoEaAS, at 23.07 UT. 23.00-24.00 UT scheduled.

N o t on air on June 15.

[selected SDR options, span 12.5 kHz RBW 15.3 Hertz] (wb df5sx, wwdxc BC-DX TopNews June 15)

**INDIA** - 9620 kHz All India Radio (Akashvani), July 5, at 1930-2030 UT on 9620 kHz in French with strong signal SINPO 55444, Oversea Service to Western Europe and British Isles. Station IDs always "All India Radio" even in seldom English IDs in this French segment, not any mention of 'Akashvani', neither in the Arabic program before the French one. Only the Hindi ID between the Arabic and French segment came as "He Akashvani".  
(Erich Bergmann-D, wwdxc BC-DX TopNews July 6)

15050 kHz AKASHVANI (renamed AIR international sce, formerly All India Radio), 2345-0040 UT on June 11. CHINESE. News or something like it read by woman. Indian music at 2356 UT by male vocalist til 0000 UT. Signal go gradually better and was fairly good at 0035 UT. SINPO 33233 improving to 44333.  
(Tony Pavick-BC-CAN, via NASWA Electronic Flashsheet #1105 June 18)

11560 kHz [new renamed] Akashvani at 1354 UT in Pashto, songs, female speaker, Hindi-sounding song, speaker to 1401 UT and off. Poor, on July 3. (Harold Sellers-BC-CAN, July 3)

**JAPAN** - 6115 kHz Radio Nikkei Program Two at 0930 UT, Japanese pop vocals. Very Good on June 16.  
(Rick Barton-Sun City-AZ-USA, via WOR June 16)

HFD Radio Station JG2XA (5006 // 8006 kHz), with new 200 Watt transmitter! Had been 60 Watt.  
8006 kHz HFD Radio Station JG2XA, 0906, 0908, 0910, 0912, 0914, and 0916 UT, July 4. The new 200 Watt transmitter is still doing well; now finally with CW IDs every two minutes. Thanks very much to Glenn who has deciphered the CW ID:  
"JG2XA JG2XA HFD STATION UEC TOKYO." Was too early to make out // 5006kHz.

Re: [WOR] Japan - HFD Radio Station JG2XA (5006 // 8006 kHz.), with new 200W transmitter! Had been 60W.

Professor Keisuke Hosokawa relied to my report in ten minutes: "Hello Ron, Thank you so much for listening to our Morse! Yes, we have just started sending out the Morse code only at 8006 kHz. Will do the same thing at 5006 kHz soon. Also thanks for sending us the sound file. This is really helpful information. I will share the sound file with our colleagues.

We have also started sending FM-CW signal during the absence of Morse for adding a ranging capability to our sounding system. We keep working on the 5006 kHz side.  
Keisuke" (via WOR July 4) (Ron Howard-CA-USA, WOR July 4)

New schedule for Shiokaze traget radio programme. For anyone who follows the broadcasts from Shiokaze, Hiroshi's blog at <<http://hiroshi.mediakat-blog.jp/>> mentions a new schedule effective 7 June 2023 :

1300-1400 on 5965 and 6165 kHz  
 1405-1435 on 5935 and 7295 kHz  
 1600-1700 on 6070 and 7325 kHz  
 1705-1805 on 5980 and 6090 kHz

Shiokaze (Sea Breeze) broadcasts as target radio to D.P.R.-North Korea and is operated by the independent investigating organisation "Investigation Commission on Missing Japanese Probably Related to North Korea", regarding persons believed to have been abducted by North Korea prior to 1983. All broadcasts are from Ibaragi Koga Yamata site in Japan (300 kW).

As listed in "Broadcasts in English" they usually have an English programme at 1300-1400 UT and 1600-1700 UT on Wednesdays (otherwise they are in Korean and Japanese)  
 (Tony Rogers-UK, BrDXC-iogr June 9)

13650 kHz NHK World Radio Japan from Ibaragi Koga Yamata site at 2255 UT. Tuning up the dial and finding the familiar NHK tuning signal. 6 months ago, I thought Japan had left this frequency due to the CCI from the Cuban relay of China Radio and their alleged "Portuguese" service (which is all canned Chinese restaurant music). Somehow, it got by me that Japan may have returned here again in A23 season. Or not.

Could be a momentary lapse w/ someone in engineering. I will have to recheck this tomorrow and beyond to know for sure. Sure enough, Japan signed on for just a second before being wiped completely out by CRI from Quivican Cuba. Fair to Good on June 11.

(Rick Barton-Sun City-AZ-USA, via WOR June 13)

**KOREA D.P.R. {NORTH}** - 15245 kHz June 25, 2200-2219 UT, Voice of Korea, from Kujang-KRE, Spanish Sc. IS, ID by woman/man announcers and repeat; 2201 UT The National Anthem; 2202 UT Man talks and next a song dedicated to General Kim Il Sung; 2205 UT Other "patriotic" song by chorus and orchestra; 2208 UT Man presents news "Las Informaciones", with national, government and political news; 2214 UT ID and programming of the day; 2215 UT A musical space. Good reception: 45544.

(Jose Ronaldo Xavier-Cabedelo-PB-BRA, WOR June 25)

13650 kHz from 200kW Kujang bcst center site. Voice of Korea at 1330 UT. Patriotic music, sappy, drippy, soprano vocalists, W presenter in Chinese dialect. Awful hum and modulation. But, lately, something is always wrong at Kujang tx site. Very Good (signal level); June 25.

(Rick Barton-Sun City-AZ-USA, WOR June 27)

11645 kHz from 200kW Kujang bcst center site. Voice of Korea at 1645 UT. Patriotic music that would bring tears to the eyes of comrade Kim Yo-Jong, but so would the quality of the audio, which was atrocious. Good (signal), very Poor (modulation); June 23.

(Rick Barton-Sun City-AZ-USA, WOR June 27)

**KOREA REP. OF {SOUTH}** - First day back on alternate frequency of 6045 kHz (ex 5920 kHz) on June 6, with fairly good reception with no jamming; while the very next day (7th) had very strong North Korea super jamming on 6045 kHz, completely blocking any decent reception of VOF; the SJ has been heard daily through June 14.

1050-1115 UT "Hanla-eseo Baegdukkaji" (From Halla to Baekdu).

1115-1130 UT "Dodbogilo boneun sesang" (The world through a magnifying glasses).

1130-1200 UT "Aneun geos-i him-ida" (Knowing is power);

1200-1210 UT single tone; then "Jayu-e solibangsang-eseo bam 9 (ahob) sileul allyeodeulibnida" (In English - Voice of Freedom has announced 9pm); nice singing station jingle - "jinsil-e soli, huimang-e soli, jayu-e soli bangsong!" (Voice of Truth, Voice of Hope, Voice of Freedom broadcast); then the "Bodo gwangjang" (News Plaza) segment;

1215-1230 UT "Dodbogilo boneun sesang" (The world through a magnifying glasses).

1230-1300 UT "Haengboghgan Daehanmingug" (Happy Republic of Korea).

(Ron Howard-CA-USA, via wwdxc BC-DX TopNews June 15)

15575 kHz KBS World Radio w/En program w/an interview with a someone who's name I missed, who was in Korea. Between his accent and the propagation, it was really hard to follow! Clear YL ID as KBS World Radio in En at ToH and into Korean (listed).

35\*442+ there was a significant het at about 1490 Hz that was easily notchable and that didn't impact the LSB. Without notch engaged (only 30Hz wide was needed) or by using LSB this would have been unlistenable 1350-1400 UT on July 4. (Ken Zichi-Williamston-MI-USA, WOR July 4)

15574.991 kHz exact; minus 9 Hertz noted on July 5th at 14.05 UT, wb.

**MADAGASCAR** - 11810 kHz (via MGLOBAL Talata Volonondry Madagascar relay facility) BBC London WS at 0510 UT, in progress at tune-in with magazine, segment on yet another Russia big wig falling out of a window. Choppy but F/G signal heard on indoor wire fed to RS SW-2000629. Fair to Good June 10.  
(Rick Barton-Sun City-AZ-USA, via WOR June 13)

12095 kHz BBC WS w/En Newday w/'focus on North America' with Trump being charged in the classified documents case in Florida (Georgia and Washington DC are still 'out there!') the first of the 'real' indictments. Mention of the fact the Constitution appears to NOT bar someone who is under indictment or even convicted of serious crimes from serving as president!

Then into much detail about the forest fires in Canada and air pollution throughout North America (including some pretty nasty air here in Michigan!) They even talked about the predicted El Nino in North America after the BoH. Other topics covered were some silly sports news, 'business' news with the change of flight attendant dress code from Qantas and other airlines. Ukraine war and the prospect of a cholera out-break in the area flooded by the dam burst. Other topics included starving kids Sudan, and the EU agreeing about migration reform and new controls.  
(Ken Zichi-Williamston MI-USA, MARE TipSheet #1255 via WOR June 13)

13760 kHz 0200-0300 UT KNLS via Madagascar, English noted back

**MALAYSIA** - 11665 kHz Wai FM, at 1133 UT on June 13. Recently heard with terrible audio quality; the same very poor quality audio was heard in past years here, so my idea that this was actually the Sarawak FM transmitter was wrong; it seems to me it is the same old Wai FM transmitter, as Sarawak's transmitter never had any audio problems. What probably happened was that the radio technicians just fixed the Wai FM transmitter a while ago and it is now having the same problem again?  
(Ron Howard-CA-USA, via wwdxc BC-DX TopNews June 15)

**MALI** - 5995 kHz Radio Mali, Bamako I site, \*0559-0617 UT on July 01, interval signal, ID. "Radiodiffusion Television du Mali emettant de Bamako", program "Au Chant du Coq", French, Vernacular, news, comments. 25432.

9635 kHz Radio Mali, Bamako I site, \*0800-0816 UT on July 03, interval signal, French, ID. in French "Ici la Radiodiffusion Television du Mali emettant de Bamako", Vernacular comments. 25432.  
(Manuel Mendez-ESP, hcdx July 3)

**NETHERLANDS** - The time has finally come... After a (too...) long break, FRS-Holland will return to the airwaves next July/August. A combination of circumstances forced us to be inactive for more than 6 months. We do regret this inactivity but: with new energy we will soon return to the shortwave airwaves.  
Good news: all familiar FRS voices will join: Jan, Mike, Bert, Dave & Peter V.

Important: our website frsholland.nl will be off line for a while because we switch to a new provider. That implies we will build a new site starting in July/ August. At the same time you cannot check our website for the latest details regarding the FRS Summer Splash. ...

Following last year's successful edition, we hope you will also enjoy the upcoming one.  
Our schedule: 3 weeks in a row, a 2 hour broadcast.  
Sunday July 23rd 18:59- 21:04 UTC/ 20:59- 23:04 CEST  
Sunday July 30th 18:59- 21:04 UTC/ 20:59- 23:04 CEST  
Sunday August 6th 18:59- 20:59 UTC/ 20:59- 23:04 CEST

All programmes will be thematic including various radio related items. Don't miss it!

Frequencies will be 6185 kHz & 7700//5800 (or 5790) kHz. Last year we experienced some difficulties with a suitable 5.8 MHz frequency, so it's hard to give you the exact frequency. But it will be close to (or on) 5800 kHz.  
... the FRS Team (Jan, Bert, Mike, Dave, Brian & Peter)

12075 kHz Radio Delta International, Elburg, 1258-1412 UT on July 02, pop songs, oldies, comments in English, ID. "Radio Delta International", "Radio Delta AM". 35433. Also 1917-1949 UT on July 02, songs and comments in English, identification. 34433. Also heard 0625-0650\* UT on July 03, instrumental music, songs in English, ID. "Radio Delta

International", English, comments, reading listeners reports, more songs, ID. "Radio Delta from Elburg", closing down the test transmission at 0650 UT. Very good signal. 45444.

(Manuel Mendez-ESP, hcdx July 3)

**PERU** - 4775.03 kHz Radio Tarma, Tarma, in Spanish June 1 on 0012-0041 UT music program "Onda Tropical de Oro", with ongoing typical local lively music and songs, brief talk with ID by man above music some seconds past 0025 UT, at 0031 UT brief enhanced announcement in between songs, at 0038 UT man announcements (no much clear) ment clear ID and continuing with lively local songs; better in usb/lwb sync, non stop rapid qsb, moderate to strong qrn, almost fair / poor. (Gianni Serra, Rome-ITA, WOR June 11)

This month's cover, prepared by John Herkimer, shows some active Peruvian shortwave stations:

Radio Tarma operating on 4775 kHz from Tarma, Junin;

Radio Quillabamba, 5025 kHz, Quilla-bamba, Cusco;

Radio Logos, 4810 kHz, Chazuta, Tarapoto; and

Radio Huanta 2000, 4750 kHz, Huanta, Ayacucho.

Also shown is the new Peruvian station, Radio Senda Cristiana, 4820 kHz, from Cotahuasi, Arequipa.

(See the May 2023 Journal for Bryan Clark's excellent article, "DX Detectives at Work!" about the discovery of the station, reprinted from the New Zealand DX Times.) There isn't a lot of shortwave broadcast activity emanating from Peru these days but these targets are still worth going after.

(NASWA Journal June 2023, NASWA Notes, via Rich D'Angelo-PA-USA, June 24)

**PHILIPPINES** - 12095 kHz FEBC Radio via Bocaue site at 1245 UT. Long talk by man, listed as in Tai Dam (Laos, Vietnam, et al; SoEastAsia and China) talking over east Asian music to close on-the-hour and one quick rep of the station tuning signal. Very Good; June 24.

(Rick Barton-Sun City-AZ-USA, WOR June 27)

**RUSSIA** - Broadcasting in Russian. <<https://muromdx.ru/resources/radioveshchanie-na-russkom-yazyke>>

Hourly frequency schedule of radio stations broadcasting in Russian. The schedules are valid for the A-23 summer broadcast season (March 26 to October 28, 2023). Schedules of radio stations broadcasting in Russian for the summer broadcasting season 2023. Updated 05/21/2023.

Transmitter information is available by hovering the mouse pointer (or pressing - on the touch screen) over the corresponding frequency. <<https://muromdx.ru/>>

(via Anatoly Klepov-RUS, RUSdx #1242 via wwdxc BC-DX TopNews June 18)

**SINGAPORE / OMAN** - BBC Singapore/Oman relay center matter. The latest HFCC registration file dated 21 June 2023 shows some new Oman frequencies for the BBC starting on 15 July. They appear to be planned as replacements for transmissions that currently come from Singapore Kranji site, which would somewhat support recent rumours about a pending closure of the Singapore relay site. The Singapore registrations have not been modified (their end date is still given as 29 Oct), but that may happen later.

New Oman frequencies starting 15 July:

9550 1700-1900 Dari and Pashto, possibly replacing the Singapore outlet currently on 11735 kHz.

11685 1300-1400 English, currently in use by Singapore.

11995 1400-1700 Dari and Pashto, currently in use by Singapore.

17515 1330-1400 Burmese, possibly replacing one of the Singapore outlets, currently on 7465 and 9585 kHz.

>>> The remaining registered Singapore frequencies are not affected (yet).

(Eike Eike Bierwirth-Wiesbaden-GER, hcdx & WOR June 25)

Re: BBC Singapore/Oman.

The easiest explanation for such a scenario would be a reduction in staffing. These old transmitters need manual intervention, at least for frequency changes where, if they are not confined to within the same band, even heavy components have to be wheeled out and in.

But I would first wait if perhaps further bookings on third party facilities have just not been posted yet and the appearance of this Oman data is indeed the first sign of an imminent closure.

(Kai Ludwig-D, hcdx & WOR June 26)

This could be a phased shutdown of the Singapore Kranji facility as its transmitters are taken out of service and broadcasts transferred elsewhere. It's also possible that the remaining transmissions are simply discontinued.

Kai Ludwig had speculated that the station was already being dismantled. Note that between 8am and 6pm local time

in Singapore there are only two hours of transmissions: the 01 UT beam to South Asia on 17790 kHz, and the DRM mode broadcast at 08 UT on 17720 kHz. This would allow for work being done on the station closure.

The Singapore relay has been operating at less than 13% of its total time capacity, so extremely inefficient to continue. (Stephen Luce, Houston-TX-USA, hcdx & WOR June 25)

Does anyone have the complete Singapore Kranji schedule, or whatever is left? ... Walt

(Mauno Ritola-FIN, WOR June 5)

Keith Perron of PCJ Media recently visited Singapore. Whilst there Keith visited the BBC Far East Relay station at Kranji and provides us with audio tour of the station with two station staff employees.

During Keith's visit to the station he mentions that the Media Corp shortwave transmitters, equipment and antennas were all scrapped and dumped. This confirms what I was told by a Media Corp employee 3 or 4 months ago. What is absolutely astonishing, as Keith mentions, is that the staff at the adjoining BBC Kranji site were not even offered the MediaCorp shortwave broadcasting equipment before it was scrapped and dumped. It was equipment which is much newer than that used at the BBC/Babcock site. The staff at the Babcock site would have jumped at the opportunity of being offered some of the equipment, Keith was told. This is just another in a long line of bewildering decisions made by some radio broadcasters out there concerning shortwave broadcasting and transmission equipment.

To listen to the broadcast go to: <[www.pcjmedia.com/medianetworkplus](http://www.pcjmedia.com/medianetworkplus)> and select the August 27th 55 minute broadcast. (Ian Baxter-AUS, TX SWsites via dxld via WDXC-UK Contact magazine)

**SINGAPORE / NON** - More frequencies are registered to start on 16 July 2023. Each of them seems to replace a Singapore Kranji registration. It looks like they are indeed in the process of finding replacements for Singapore Kranji, and register them step by step:

```
5875 MRA USAGM Tinian 1530-1600 (Mo-Fr) Korean, replacing 12095-SNG
5875 MRA USAGM Tinian 1630-1700 (Mo-Fr) Korean, replacing 12095-SNG
6195 ARM Yerevan Gavar 1700-1900 Dari/Pashto, conflicting with current
6195-OMA in English - to enable the new 9550 kHz from Oman Al Seela in
      this time period? Maybe English will move to 5970 kHz which is currently
      used by Oman for Dari/Pashto sce.
 9410 UZB Tashkent 0100-0200 English for South Asia, replacing 17790-SNG
13630 UZB Tashkent 1330-1400 Burmese, in addition to 17515-OMA, these two will
      replace 7465 and 9585 kHz.
15185 UZB Tashkent 0800-0900 English DRM to South Asia, replacing 17720-SNG
```

Disclaimer - this is still speculation, based on the appearance of those new registrations in combination with previous

rumours. The Singapore Kranji registrations have still not been changed.  
(Eike Bierwirth-D, hcdx June 29)

**SPAIN** - 15520 kHz Radio Exterior de Espana from Noblejas site at 2158 UT. M, W, in dialogue, ending what sounded like Arabic REE service and opening English on-the-hour, with nx about Spanish parliamentary elections; interview segment. We noted signal was same S9 as on the 17855 kHz // today (and also yesterday). Checked from the road with 16' telescoping vertical and RS DX-402. Very Good on June 14.  
(Rick Barton-Sun City-AZ-USA, via WOR June 16)

17855 kHz R Exterior de Espana, English service w/news read by Justin Coe with the lead item about Pedro Sanchez challenging the leader of the Popular Party to debate for the coming 'snap' election in July. Other parties complained about their apparent exclusion in the debates. Other items were about the investigation into Spanish Catholic Church officials child sexual abuse. At :04 into some silly sports news with Spain/Serbia semi-final showdown in the French Open.

At :06 into a feature about World Environment Day, which began in 1973 with Amy Egan talking with the climate change campaigner of Greenpeace Spain, Pedro Zorrilla who talked about what is going on with climate change, including that 4761 people died in Spain (alone!) because of climate events in the last year, and what can be done to reduce the impact. 4+54+44 2200-2230 UT 5 June.

17855 kHz R Exterior de Espana, English service w/news read by Justin Coe with the lead item about unusual weather in Spain now with high winds, localized flooding and more. Other items were about the politics coming up to the 'snap election' this summer, with much consternation about debates and coalitions, and about the growth of Spain's economy. Silly Sports news included Spanish tennis pro's performance in the French Open, and some futbol news too.

At :05 into an interview with Helena Rigabert at the 82nd Feria del Libro in Madrid running until Jun 11 talking to Spanish author Luz Gabas, mostly about her book "Far From Louisiana" (Lejos de Luisiana), dealing with European colonization of the Americas in a 'historical fiction' context. It isn't available in English yet, but a translation is in the works. They touched on some of her other books too, but didn't talk politics.

At :20 Helena talked more about the Fair, including the 'weather challenges' with all the rain. Into FF at BoH. 4+54+44 2200-2230 7 June. (Ken Zichi-Williamston MI-USA, MARE TipSheet #1255 via WOR June 13)

**SRI LANKA** - 11955 kHz \* sic via SLBC Trincomalee-CLN, KSDA/AWR (presumed the one) at 1700 UT. Woman in Korean, some religious music toward close on the half. Poor band condx, and this is the only thing that should be here now. Poor on June 19. (Rick Barton-Sun City-AZ-USA, WOR June 27)

\* sic at 1700 UT, see hfcc.org AWR entries 15.30 to 21.00 UT, wb.

**TAIWAN** - Beginning August 1st, 2023, Taiwan Central Broadcasting Corporation (CTV), the head corporation of Taiwan International Broadcasting / Radio Taiwan International, will reduce broadcasting times and frequencies on shortwaves to save some money. Six languages are affected:

Japanese: 9740 kHz (11:00-12:00 UT)

English: 9405 kHz (16:00-17:00 UT)

Indonesian: 11915 kHz (10:00-11:00 Uhr UT)

Thai: 9525 kHz (13:00-14:00 UT)

Vietnamese: 9695 khz (11:00-12:00 UT)

Korean: 9700 kHz (10:30-11:00 UT)

Not verified: some more may follow at the end of October, 2023.  
(Tom Kamp, a-dx; we)

Acc. to the page in Russian of Radio Taiwan International, the special direct broadcasts from Tamsui this Summer will be as follows:

at 17.00-18.00 h UTC on 11995 kHz & at 18.00-19.00 h on 9545 kHz

- in German on Fridays, Saturdays & Sundays in July;  
- in French on Fridays, Saturdays & Sundays in August.

The test transmissions on July 1st were with good signals on 11995 & 9545 kHz, but those on 7240 & 7250 were covered by white noise of DRM from Romania on 7245.

(Rumen Pankov-BUL).

(WRTH 23 Summer Update)

**UNITED KINGDOM** - 15715 kHz Pop Shop Radio (via ENC Woofferton relay bcst center) 0100-0200 UT, 01 July. Our Canada Day Weekend kick-off 250,000-watt show. A fairly strong signal into BC-CAN even though it was only 6PM here. Signal quality improved over the hour. SW Radiogram captured with some noisy sparkles. <<https://twitter.com/PopShopRadio1/status/1675000028862222336>> SINPO 44344. (Tony Pavick-BC-CAN, via NASWA Electronic Flashsheet #1107 July 2)

**U.S.A.** - ... KVOH turns off its Short Wave transmissions. Last night was the last transmission of the KVOH station, La Voz de Esperanza (Voice of Hope) from California on the frequency of 9975 kHz. Another great loss for listeners around the world. Maintenance costs are too high. (Dino Bloise, Frecuencia Al Dia F\_B page 26 March) {error, June} (via Alan Pennington-UK, BrDXC-UK iogr June 27)

Please see my article on KVOH and their other stations written two years back in <<https://qsl.net/vu2jos/VOH.pdf>> (Jose Jacob VU2JOS Hyderabad-IND, WOR June 26)

15150 kHz WMLK. Is this a new frequency? Currently hearing 555 English religious programming with very clear ID at 0700 UT. Very strong signal. (David J Morris-ne Poole-UK, BrDXC-UK iogr June 28)

Re: WMLK 15150 kHz. 15150kHz has been registered by WMLK for some years, but they've have only just started using it - see post by Dave Kenny on 21st June.

WMLK (Assemblies of Yahweh) Bethel, Pennsylvania currently on 15150 kHz with a good signal here at 0830 UT tune in, usual preaching from the late Jacob O Meyer. SIO 344. First time I've heard WMLK on this frequency or at this time although they have been registering the frequency for many years in the HFCC. 15150 kHz was first reported by Glenn Hauser on 19 June. WMLK schedule is Sunday to Friday: 0400-0900 UT on 15150 kHz, 1700-2200 UT on 9275 kHz. (Dave Kenny-Caversham Berks-UK, bdx-news iogroup 21 June; via Alan Pennington-UK, June 28)

9264.987 kHz WINB PA Red Lion w/OM Bible bumper talking about Job's tribulations. No programme name mentioned. Full WINB OM ID at BoH and into re peat of SW Radiogram #311 with really nice looking renditions of the photos sent: Into Good Ole' Boy from the Church of Christ in Texas w/a cappella choir and into ranting about the Old Testament and how Jews view Jesus. Started out 4+54+4+4+ but by end down to 3+5444. 0228-0305 UT on July 1st. (Ken Zichi-Williamston-MI-USA, WOR July 1)

**ZAMBIA / U.S.A.** - Re: KVOH turns off .... Looks like a rapid closure, and not only for shortwave.

<[https://www.voiceofhope.com/schedule/kvoh\\_program\\_grid.pdf](https://www.voiceofhope.com/schedule/kvoh_program_grid.pdf)>

has been updated as recently as on 15 June. Now the program output is gone altogether and the web stream deleted, producing an error message at

<<https://www.voiceofhope.com/player1.html>>

It also looks as if no revival of the transmissions to West Africa is intended anymore, they have been erased from the program schedule, latest version from 1st June 2023

<[https://www.voiceofhope.com/schedule/voh-africa\\_program\\_grid.pdf](https://www.voiceofhope.com/schedule/voh-africa_program_grid.pdf)>

which also reveals that the Zambia station is no longer used in the morning, leaving 1400-1600 UT on 6065 kHz and 1600-2100 UT on 4965 kHz as complete schedule.

(Kai Ludwig-D, WOR June 27)

#### **Abbreviations:**

with name of station:

BC / bc = Broadcaster, Int. = International, R = Radio, tx = Transmitter, Vo = Voice of, QRG = frequency

Location of transmitters with frequency:

AI = Aligarh/India, ALB = Albania, Ban = Bangalore, Be = Beijing/China, Bib = Biblis/DL, BOT = Botswana, CHN = China, CLN-TRM = Sri Lanka Trincomalee, Du = Dushanbe/TJK, ERV (ARM) = Erivan/Armenia, F = Issoudun/France, FI = Florida/USA, HAB = Habana/Cuba, Ho = Hohhot/CHN, HRI = WHRI Cypress Creek/USA, Jin = Jinhua, Kash = Kashgar/CHN, Ka = Kingsway (Delhi), Kh = Khampur (Delhi), KII - Kall/DL, KOR = (South) Korea, Ku = Kununurra/Aus, Kun = Kunming/CHN, KWT = Kuwait, Lam = Lampertheim/DL, MDA = Moldavia, MDG = Madagascar, MNG = Mongolia, MRA = Northern Marianas, N = Nauen/DL, Nn = Nanning/CHN, OM = Oman, Pan = Panaji/India, Row = Rohrbach Waal/DL, RUS = Russia incl. Sibiria, SAI = Saipan (MRA), SNG = Singapur, STP = Sao Tomé, SWZ = Swaziland (ESWATINI), SZG = Shijazhuang/CHN, TH = (NAK) Nakhon Sawan/Thailand, TIN = Tinian (MRA), TJK = Tajikistan, TWN = Taiwan, UAE = Al Dubbaya/ United Arab Emirates, Ur = Urumchi/CHN, Wil = Winsen/Luhe/DL, Wof = Woofferton/GB, Xi = Xian/CHN, Ya = Yamata/Japan.

Mostly within round brackets target areas as known:

Af = Africa, Am = America, As = Asien, Aus = Australien; Eu = Europe, FE = Far East, ME = Middle East, OC / Pac = Pacific Region; C = Central, E = East, N = North, S = South, W = West

Languages:

Ar Arabic - Ch Chinese - Du Dutch - E, En English - F French - G, Ge German - Gr Greek - I Italian - J Japanese - K Korean - P Portuguese - R Russian - Sp, Spa Spanish - Turk Turkish - VN Vernacular

Technical hint with frequency (QRG):

(\* /drm) = Digital Radio broadcast (DRM) v = variable irr / # = irregular / technical problems

/USB = upper sideband, /LSB = lower sideband, alt.: (QRG) = alternative frequency

## “Radioactive” Conference at Metz

The European DX Council ("EDXC") is inviting everyone to Metz in France, for the next EDXC conference. It will take place at the Campanile Hotel Centre Gare in Metz.

Dates are September 8 to 10, 2023.

The preliminary program of visits will be as follows: on Friday 8 September, a visit to the Europa Sender in Saarlouis Saarland Germany is planned for the beginning of the afternoon. So maybe it will be necessary for you to arrive on Thursday. The conference itself will take place on Saturday and Sunday morning. On Saturday afternoon, we are also planning a walking tour of the Imperial Quarter of Metz. The usual banquet will take place on Saturday evening in a restaurant in the town centre.

The conference fees will be around 100 Euro (depending on the number of participants). For the rooms, the price is 97 euro. For the reservation, it is advisable to make the reservation directly with the hotel

<<https://metz-centre-gare.campanile.com/en-us>>

or using your usual online agency, for example: booking.com. Once you've booked your room, don't forget to let

Christian Ghibaud <chr.ghibaud -at- gmail.com>

know that you'll be attending. One last thing: all participants who wish to make a presentation during the meeting are welcome. I hope many of you will attend this meeting, the first since Andorra in 2019.

(as to NASWA Journal June 2023, NASWA Notes, via Rich D'Angelo-PA-USA, June 24)

*Some German voices will attend the conference, a report will be in DXM October 2023*

\*\*\*\*\*

## RADIO HISTORY

**GREAT BRITAIN / LUXEMBOURG / GERMANY** - 4th July 1943 is actually 80 years ago today (not 70)! It's the date the American Forces Network (AFN) was established (not just AFN Europe):

<<https://www.defense.gov/News/Releases/Release/Article/3447324/80-years-of-broadcasting-excellence/>>  
(Alan Alan Pennington-UK, BrDXC-UK iogroups July 4)

Re: History - 80 years ago in wartime AFN Europe in the UK was launched.

The AFRTS archive, which I just found my link to, has many programmes they broadcast from WW2 for streaming/download as well as subsequently. It's still being regularly updated.

The 1943 programmes include Know Your Ally - Great Britain

<<http://afrtsarchive.blogspot.com/2014/09/know-your-ally-great-britain-1943.html>>

Some are hosted on Pixeldrain, some on 4Shared, you may need to register an account to stream/download them from there. The search by year webpage links to all the WW

<<http://afrtsarchive.blogspot.com/p/afrts-by-year.html>>  
(Mike Barraclough-UK, bdx-news iogroups July 6)

**Here are the loggings from Richard D'Angelo of Wyomissing, PA, USA:**

- 9670.0 GERMANY Channel 292 – Rohrbach, 0015-0112 Jun 22, heard with non-stop pop music with no station ID at top of the hour similar in format as last week's logging. Fair to good signal.
- 9870.0 TURKEY Voice of Turkey – Emirler, 0126-0217 Jun 21, male singer with Turkish vocals. OM with Spanish talk, station ID. Nice station ID at 0156 and announcements with 5+1 time pips at 0200 followed by a man announcer with the news. Multilingual station IDs including English at 0210. Good signal.
- 9885.0 EGYPT Radio Cairo – Abis, 0032-0108\* Jun 21, man announcer speaking in Arabic although the carrier was very strong with no audio. Female vocals until 0045 followed by more talks. A 4+1-time pips at 0100 followed by an OM with the news in Arabic as audio improved significantly. Carrier eventually terminated at 0108.
- 11745.0 SAUDI ARABIA Al-Azm Radio – Jeddah, 0113-0136 Jun 22, two men with Arabic language discussion with brief short instrumental segments as filler. Fair signal.
- 11785.0 TURKEY Voice of Turkey – Emirler, 2200-2216 Jan 20, woman announcer with opening announcements in English followed by a man announcer with the news. Very good signal.

	<p><b>QSL CORNER</b></p> <p>Editor: Dário Gabrielli, Viale della Resistenza 33b, 30031 Dolo (Ve), ITALY</p> <p>eMail: &lt;qsl@wwdxc.de&gt;</p>	
---	--	---

We were very pleased to receive many contributions this month. We apologise if you do not see all the material you have sent us, but this is the space available. We would like to remind you not only to send us your acknowledgements but also to send the QSL cards you receive in jpg format, so that we can

view and publish them. We remind you that the next deadline for your contributions is **25 August 2023** at **23:00 UTC**. I would like to take this opportunity to thank all the contributors who have kept this page alive until now, in the hope that you will continue to collaborate by sending your contributions to the usual addresses.

For the past few months we have been sending out a reminder a few weeks before the deadline with small rules for collaborating on this page. If you do not receive this reminder and would like to receive it, please send us your e-mail address so that we can add it to the list.

My best 73,

*Dário*

## Atlantic 2000 International, since 1982 on shortwave

By Siegbert Gerhard, Frankfurt, Germany, using an Atlantic 2000 International info sheet

After broadcasting on FM from 1978 to 1982, Atlantic 2000 International was heard for the first time on shortwave on June 6th, 1982 on 7325 kHz. They were on the air usually every month until July 1988. The first transmission equipment was a home-made 25 W valves transmitter. In 1984, they built a 30 W transmitter. After more than 19 years of silence, Atlantic 2000 International was back on the air on October 28th, 2007 on 6280 and 6210 kHz. From 2008 to 2010, they broadcasted from Italy, by using the transmitters of Mystery Radio and Radio Amica.

From December 2010, they transmitted from Germany, via several relay stations:

- on 3985, 6005 and 7310 kHz via Shortwave Service in Kall-Krekel (12/2010 to 02/2017)
- on 9480, 9485 and 7265 kHz via MV Baltic Radio in Göhren (10/2011 to 01/2016)
- on 3955, 6070, 7440 and 9670 kHz via Channel 292 in Rohrbach Waal.

In July 2016 and January 2018, Atlantic 2000 International was relayed by WINB, from Red Lion in the USA, with a power of 50 kW on 9265 kHz.

In 2021, a part of the program were transmitted by WRMI - Radio Miami International from the Okeechobee site in Florida, USA, with a power of 100 kW.

Since the beginning of the shortwave transmissions, Atlantic 2000 International received a lot of reception reports from Argentina, Australia, Austria, Belarus, Belgium, Brazil, Bulgaria, Canada, Chile, Colombia, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, India, Italy, Japan, Kazakhstan, Latvia, Luxembourg, Malta, Morocco, Netherlands, New Zealand, Norway, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Ukraine, United Kingdom, Uruguay, USA, Venezuela and more countries via direct reception or via several web receivers in Europe and USA.

Atlantic 2000 International can be listened all around the world also on the Internet. Visit the website: <http://radioatlantic2000.free.fr> and mention: Atlantic 2000 International is a nonprofit commercial radio station. Broadcasting on shortwave is more and more expensive. You can help the station to keep shortwave alive, by sending a donation to their Paypal address. Many thanks in advance!  
The Atlantic 2000 International E-Mail-address is <[atlantic2000international@gmail.com](mailto:atlantic2000international@gmail.com)>

Birthday show was on June 10, 2023, 0800-0900 UTC on 6070 kHz via channel 292.
