Cover: Peter Pohle + Jürgen Kauer (KAVOP)

DX MAGAZINE No. 3

Vol. XLI

March 2006

Hello again,

Welcome to another issue of our DX MAGAZINE. Since we have no news from inside the club this month, let's just start with our usual news from outside the club - also only one item this month:

The QSL Information Pages for BC-DXers - QIP at <<http://www.schoechi.de/qip.html>> now contain more than 50.000 QSL logs from more than 10.000 BC radio stations from around the world. These logs come from 241 different 'radio-countries' plus 46 different clandestine radio target areas. Included are qsls from LW, MW, SW and FM radio-stations. QSLs from pirates and from utility stations are not included (the only exceptions are those from time signal stations and from the Japanese lighthouse stations). The majority of the QSL logs is from 1996 until today. These logs exists in 2 versions: MS Excel files for all large world regions (only available for subscribers) or HTML pages for all visitors of the page (the zipped versions of these HTML-pages (for an easier and faster download) are again only available for subscribers). The subscription price is 5 EUR or 6 USD for 2 years. I prefer payments via PayPal (no credit cards please!). Other payments to my P.O.Box please. I'd like to thank you all DX Clubs and all individual DXers for their support of QIP in the last 8 years! Please continue to send in your QSL logs to me. Contributors know that they get access to some MS Excel files as a thank you for their contribution.

(Martin Schoech, Germany <yahoo@schoechi.de>)

And with this best wishes and good DX until next month from

MONGOLIA: The overseas service of the *Voice of Mongolia* was founded in 1964. Since then it has been introducing Mongolia to the rest of the world. The first broadcast in September 1964 was a half hour transmission in the Mongolian and Chinese languages, beamed to China. In the next few years, Mongolian international broadcasting expanded in terms of languages used, broadcast hours and target areas. The English service of Radio Ulaanbaatar, which was renamed The Voice Of Mongolia on January 1st, 1997, was launched on January 29th, 1965. Today the service transmits its broadcasts under the name "The Voice Of Mongolia" in the Mongolian, English, Chinese, Russian and Japanese languages. The Voice Of Mongolia is the country's only overseas broadcasting service and is operated by Mongolian National Radio & Television, a public service broadcaster of the Mongolian Government. All of The Voice Of Mongolia's broadcasts come directly from its Khonkhor Transmitting Station, about 25 km east of Ulaanbaatar, Mongolia's capital. It broadcasts through Soviet-made 100, 250, and 500 kW transmitters and curtain antennas built in the mid sixties. All reception reports and personal letters should be sent to the station's address marked for a particular language section (e.g. English Section): Voice of Mongolia, C.P.O.Box-365, Ulaanbaatar 13, MONGOLIA. E-mail: <mr@mongol.net>, URL: <http://www.mol.mn/mrtv>. (JKB)

#) reserved for extra broadcasts

Sites used:

RDP HF site, CEOC-Centro Emissor de Onda Curta, Sao Gabriel: 100 & 300 kW

Pro-Funk GmbH (DW relay), Sines: 250 kW.

Acc. to the schedule, 100 kW is being used, just as printed on the B05, but then the CEOC confirmed to me only the 4x300 kW txs were put into sce., with the remaining 5x100 kW txs kept as reserve... again, an unusually high quantity of reserves as compared to similar stns. It will be only after the 26th inst. that I believe I'll be able to ascertain with the CEOC whether that is not a mistake or, if not a mistake, something that will be dropped afterwards. (Carlos Goncalves in BC-DX #752, 2006 Mar 16)

Time UTC; Frequency; Transmitter Site; Power; Azimuth; Target Area

0000-0500; 7530 (5830); Kharkiv; 100; 055; Russia
0500-0800; 9945 (7420); Kharkiv; 100; 277; W.Europe
0800-1300; 15675 (9950); Kharkiv; 100; 277; W.Europe
1300-1700; 7530 (5830); Kharkiv; 100; 055; Russia
1700-0000; 7490 (5830); Kharkiv; 100; 290; W.Europe
2300-0400; 7440 (5810); Mykolaiv; 500; 314; N.-E.America

Transmission schedules in various languages are as follows:

ENGLISH (one hour long): at 2100 on 7490 (5830) kHz, at 0000 & 0300 on 7440 (5810) kHz, at 1100 on 15675 (9950) kHz.

GERMAN (one hour long): at 1700, 2000 & 2300 on 7490 (5830) kHz.

UKRAINIAN programmes are transmitted on all frequencies and at all times except for the time reserved for English and German programmes, as shown above.

Romanian (half an hour long): at 1700, 1930 & 2100 on 657 kHz (via Chernivtsi).

Notice: In the middle of September the frequencies left of the brackets can be replaced by those ones in the brackets.

On WEB-site <http://www.nrcu.gov.ua> transmissions in Real Audio format:

ENGLISH: at 0000, 0300, 1100, 2100;

GERMANY: at 1700, 2000, 2300;

UKRAINIAN: all other time of the day.

On satellite "Express AM22" 53 degrees East, 11.096 GHz, vertical polarization, MPEG-2, RS 10500, FEC 3/4:

ENGLISH: at 0000, 0300, 1100, 2100;

UKRAINIAN: all other time of the day.

(Alexander Yegorov via Alokesh Gupta via WDXC-HQ; March 16, 2006)

UNITED KINGDOM: **BBC World Service** and relays of other stations over the **Merlin** facilities. Operational schedule A06 part 1 (start time 0000-1159). Part 2 of schedule (start time 1200-2359) will be published at DXM next month.

Thanks a lot to our club members for your contributions:

- MF : Michael Frese, Osnabrueck, Germany. SONY ICF SW 7600G with Telescopic antenna.
- RAD : Rich D'Angelo, Wyomissing, Pennsylvania, USA. Ten-Tec RX-340 & Drake R-8B with 500/200 feet long wire,Datong FL3.
- RL : Richard Lemke, St. Albert, Alberta, Canada. JRC NRD-535 HF & Grundig YB 550 PE with random long wire antennas.
- SG : Siegbert Gerhard, Frankfurt am Main, Germany. Yaesu FRG-7700 with 2 X 10 metres long Multiband dipole antenna.

Dear Friends,

Welcome to the March edition.

One more international broadcaster Radio Tashkent bows out of international shortwave broadcasts. I remember that when I was young I used to listen to this station just to get a different Central Asian flavour from the other Soviet Union stations active at that time.

Thanks to OM Siegbert for sending his loggings. Siegbert it would be helpful if you could provide some program details in your loggings.

Till next issue it's 73's from your Editor,

Ashok Kumar Bose

Revive Radio St. Helena Day

ZD7 is an old friend for amateur radio operators, but St. Helena is near the top of the "Most Wanted" list for many shortwave radio listeners. Radio St. Helena has a medium wave transmitter and, during the 1990's, "borrowed" a shortwave transmitter one day per year for the now famous "Radio St. Helena Day" broadcasts. These were, probably, the world's first international, multi-media (telephone, fax, email), listener interactive (in real time) shortwave programs. The RSH QSL card is now a treasured item in the collections of many SWL's around the world. In late 1999, this all came to a halt, and the transmitter and antenna were scrapped.

Our new project is to try to put RSH and, therefore, the entire country of St. Helena back on the air on shortwaves. The Board of Directors and all connected with or friends of RSH are behind this idea, but the entire project must be funded privately by sponsors and through donations.

A few of the SWL's and Radio Clubs supporting this project come from: the UK, USA, Denmark, Germany, New Zealand, Australia, Japan, South Africa, Canada, Spain, Holland, Italy, Russia, Chile, and Brazil; and include Adventisit World Radio and Radio Havana Cuba.

The revival of these programs would spread the word of this wonderful and historic island and lead to increased commerce, trade, and tourism for St. Helena. It may also be possible to actively support amateur radio in the St. Helena schools and, perhaps, to set up an amateur radio club station.

This may be the first time ever that radio friends have actually helped to build "their own" shortwave radio station. To give St. Helena and the "Saints" their international voice back, we will need a considerable amount of international help. We have set up bank accounts in Germany, USA, and the UK for donations, and we thank you one and all, in advance, for your contributions.

For donations in EURO's, please use:

Account name: Radio St. Helena Fund Kipp
 Account number: 0360304070
 Bank: Commerzbank , Langen, Germany
 Bank Sorting Code (BLZ): 50840005
 IBAN: DE45 5084 0005 0360 3040 70
 SWIFT: COBA DEFF 012

If you transfer money from a non-Euro country, please add the extra costs for the conversion of your currency into Euro's. Thank-you.

We are also hoping for the donation of two transceivers such as the Yaesu FT-757GXII. For equipment donations, please contact me by email.

With sincere best wishes,

Robert Kipp DJ 0 PU
