Cover: Peter Pohle + Jürgen Kauer (KAVOP)

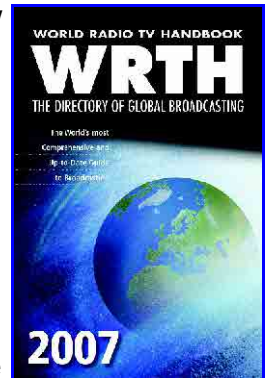

DX MAGAZINE No. 11 ■ Vol. XLI ■ November 2006

Hello again,

Welcome to another issue of our DX MAGAZINE. Please remember to order the new **WORLD RADIO TV HANDBOOK 2007** as soon as possible, since it is scheduled to be available here in Europe in mid of December, as reported in our last DX MAGAZINE. By the way: More information on this year's edition can be found on our web page: <<http://www.wwdx.de/archive/wrth2007.pdf>>.

Bitte denken Sie daran, daß das neue **WORLD RADIO TV HANDBOOK 2007** in diesem Jahr wieder Mitte Dezember erscheinen wird (s. DX MAGAZINE 10). Ihre Bestellung sollte daher schon Ende November bei uns vorliegen, wenn Sie bei der ersten Auslieferung dabeisein wollen.

The forthcoming **ITU TELECOM EUROPE** event, which promises to provide the leading showcase for the region's ICT industry, will take place in Sofia, Bulgaria, from 3-6 December 2007. ITU's announcement of the event comes at a landmark moment for Bulgaria, which is set to become a member of the European Union (EU) in 2007. The European region spans some of the world's most sophisticated ICT markets to newer, emerging markets, all of which offer great potential. According to ITU, in 2005 the European region had the world's highest degree of liberalization and competition in the telecommunication sector. Together with a changing political climate aided by market growth and liberalization as well as the eastward expansion of the EU, a raft of new opportunities for trade and investment has opened in the South Eastern European region. With a major exhibition, showcasing the latest ICT innovations, plus a Forum focusing on the key issues, policies and technologies underpinning growth within Europe, and a whole lot more, ITU TELECOM EUROPE will be the key ICT event for the region in 2007.

(ITU)

Member States of the International Telecommunication Union elected *Mr. Hamadoun I. Touré* of Mali as Secretary-General of ITU for a four-year term. The election took place in Antalya, Turkey during the 17th ITU Plenipotentiary Conference. Mr Touré won the position with 95 votes with 155 countries present and voting, and thus the required majority for election was 78 votes. *Mr. Houlin Zhao* of China was elected Deputy Secretary-General in the first round with 93 votes.

(ITU)

Mr. Sami Al-Basheer of Saudi Arabia and *Mr. Malcolm Johnson* of the United Kingdom were elected as Directors of the Telecommunication Development Bureau and Telecommunication Standardization Bureau respectively in a third round of voting during the 17th ITU Plenipotentiary Conference. *Mr. Valery Timofeev* of Russia was re-elected for a second term.

(ITU)

Rhein-Main-Radio-Club, Frankfurt, Germany and ADDX proudly present the 2nd edition of their unique **QSL-Calendar 2007**. The new calendar is available now. The full colour art print calendar offers real treasures from the historical QSL archives, covering QSL cards from the 1930's to present. The calendar is in English and costs 15 Euro including shipment worldwide. "We do all this non-profit only to support DXing. The calendar is a beautiful present, it is rare, unique and a special gift to DXer, HAMs and radio freaks. All details on our website <<http://www.rmrc.de>>", reports Harald Gabler, Chairman of RMRC.

The **A.I.R. Contest Attilio Leoni 2007**, the annual Italian DX contest by Associazione Italiana Radioascolto, will take place from January 2nd to 10th, 2007. For full information, please write to: Bruno Pecolatto, AIR Contest Manager, Fermo Posta, I-10080 Ingrida (TO), Italy, E-mail: <bpecolatto@libero.it>.

And with this best wishes and good DX until next month from

NEWS ABOUT BROADCASTING (+other) STATIONS

Walter Eibl · Buchenstrasse 20 · D-91074 Herzogenaurach · GERMANY

Hello everybody – another month, another show.

China has become the greatest dominator of frequencies in the spectrum. Part of them are used by CRI, therefore the complete schedule today. Perhaps more interesting to identify interfering stations than to listen to those often strange languages and voices. Additionally there are the homeservice as well as some jamming stations known as "firedrakes".

We use some abbreviations, because space in our print media is rare. Below is the list of most of them, also used in the English schedules.

73 Walter

Abbreviations:

with name of station: BC = Broadcaster, Int. = International, R = Radio, Vo = Voice of

Location of transmitters with frequency (QRG):

Al = Aligarh/India, ALB = Albany, ANT = Neth. Antilles, Arm = Armavir/RUS, Ban = Bangalore, Be = Beijing/China, BI = Biblis/DL, BIH = Bosnia-Herzegovina, BLR = Byelorussia, BOT = Botswana, Br = Brandon/Aus, CAN = Canada, Cc= Cypress Creek/USA, CLN = Sri Lanka, CTR = Costa Rica, CYP = Cyprus, Del = Delano/USA, Du = Dushanbe, Dw = Darwin/Aus, F = Issoudun/France, FI = Florida/USA, GAB = Gabun, Gr = Greenville/USA, GUF = French Guyana, HAB = Habana/Cuba, Hoh = Hohhot/CHN, IK = Irkutsk/Siberia, J = Juelich, Kash = Kashgar/CHN, Kra = Kingsway (Delhi), Kh = Khampur (Delhi), Kom = Koms-na-Amur, KOR = (South) Korea, Kra = Krasnodar, Kun = Kunming/CHN, Ku = Kununurra/Aus, KWT = Kuwait, LH = Lampertheim/DL, M = Moscow/Taldom, MCO = Monaco, MDG = Madagascar, MR = Tanger/Marokko, MRA = Northern Marianas, N = Nauen, NL = Flevo/Netherlands, Nn = Nanning/CHN, NOR = Kvitsoy/Norway, Pan = Panaji/India, Pet = Petropavlovsk/ Sibiria, POR = Portugal, Qi = Qiqihar/CHN, Ram = Rampisham/GB, RRW = Ruanda, RSA = Meyerton /South Africa, RUS = Russia incl. Sibiria, Sam = Samara, SEY = Seychelles, Sh = Shepparton/Aus, Sim = Simferopol, Sk = Skelton/GB, SNG = Singapur, SP = St. Petersburg/RUS, SVK = Slovakia, SW = Sweden, ST = Sao Tomé, SWZ = Swaziland, TH = Nakhon Sawan/Thailand, TWN = Taiwan, UAE = Al Dhabbaya /United Arab Emirates, UKR = Ukraine, Ur = Urumchi/CHN, Vla = Vladivostok, W = Wertachtal/DL, Wof = Wofferton/GB, Xi = Xian/CHN, Ya = Yamata/Japan.

! Transmitter sites mentioned may be changed due to propagation and/or interfering.

Mostly within round brackets target areas as known:

Af = Africa, Am = America, As = Asien, Aus = Australien; Pac = Pacific Region, C = Central, E = East, N = North, S = South, W = West, ME = Middle East

Languages:

Ar Arabic - Ch Chinese - Du Dutch - E, En English - F French - G, Ge German - Gr Greek - I Italian - J Japanese - K Korean - P Portuguese - R Russian - Sp Spanish - Turk Turkish

Technical hint with frequency (QRG):

(*) = Digital Radio broadcast (DRM)

/USB = upper sideband,

/LSB = lower sideband,

(QRG) = alternative frequency

v = variable

(various sources, as of Nov 4)

Heard China Business Radio/CNR-2, on Oct 31, with "English Evening" at 1305 UTC on all the following frequencies: 6065, 6155, 7130, 7245, 7315, 7335, 7375 and also 9820, which was the weakest, but clearly they were all parallel. No QRM noted on 9820. Most of the frequencies were fair. Have checked since Oct 31 and several times found 9820 parallel to the others, so "English Evening" is fairly regular, at least at my QTH (Ron Howard, Monterey, CA, via DX LISTENING DIGEST)

ICELAND. The Icelandic public broadcaster RÚV will end the SW relays of its main newscasts by the end of the year. Since the 1970s, RÚV had leased SW capacities at the Gufunes Telecommunications Centre in Reykjavík to serve Icelandic ships, and expatriates in Europe and North America.

I was told from Iceland that they are unchanged since 2005, that would be to Eu: 1215-1300 on 13865, 1755-1825 on 12115; to NAm: 1410-1440 & 1835-1905 on 13865, 2300-2335 on 12115 (Bernd Trutenau, Lithuania, DX LISTENING DIGEST)

(KBS website as of 10 Nov 2006, via JKB)

KBS WORLD Radio broadcasts in 11 different languages on a total of 21 frequencies targeting 8 directions : Europe, North America, South America, Southeast Asia, Middle East & Africa, China, Japan and Non Direction. KBS WORLD Radio reaches its audience in Europe, the Americas, Asia, the Middle East and Africa via short-wave and medium-wave transm/Fion. KBS WORLD Radio also initiated satellite transm/Fion through WRN (World Radio Network) in August 2003 and joined DRM (Digital Radio Mondiale) in September 2004 to prepare for next-generation digital broadcasting. Direct transm/Fion: All KBS WORLD Radio programs are transmitted to the world through the KBS short-wave transm/Fion facilities in Gim-jae in northern Jeolla province and in Hwa-sung in Gyeonggi province.

Kimjae transmitter: Located in Gim-jae, North Jeolla Province, some 270 km south of Seoul, the station was built and opened in 1975. As KBS WORLD Radio's major transmitting station, the Kim-jae facility presently operates 7 transmitters (three 250 KW and four 100 KW) and a sprawling network of 17 antennas, controlled by computer. The Gim-jae site is currently undergoing renovation to modernize its facilities. This will eventually make possible improved reception quality in the Asia region and increased program exchange air time with our counterparts, as well as allow us to lease the facilities to other broadcasters.

Hwa-sung transmitter site: Hwa-sung station is located in Hwa-sung, Gyeonggi Province, some 60 km southwest of Seoul. First opened in 1980 for other purposes, it began transmitting KBS WORLD Radio programming at the end of 1988. Out of the five short-wave transmitters presently operated and maintained in Hwa-sung, two are now used exclusively for KBS WORLD Radio.

RCI's Sackville transmitter site, Canada: Since concluding an agreement with RCI in April 1990, KBS WORLD Radio has been relaying its programs for 4-hours and 30-minutes everyday to the Americas.

Skelton transmitter site, England: An agreement with the BBC in May 1995 made it possible for KBS WORLD Radio to relay its programs for 4-hours and 30-minutes everyday to Europe.

Lease transm/Fion: Since June 15th 2003, KBS WORLD Radio has leased the BBC's Rampisham transmitting site to enhance its daily 1-hour Arabic program.

(KBS at the web last modified 17. June 2006, via JKB)

LATVIA. The relay service on 9290 khz from Latvia will be returning to the air in mid December 2006. If there are any stations that would like to be relayed via this service please send an e-mail to the following address: <kreichbergs@parks.lv>. Only this e-mail address will be valid. More information will follow in December 2006. (press release)

(from website Nov. 10, 2006)

WESTERN SAHARA. [non]. Listened off and on from about 2030 to close at 2400 UT, trying to identify it on Sunday, November 12, on the new frequency of 7425 (ex 7460). Good reception here with lots of music. Well worth listening to. In Arabic but some Spanish after 2300. Could make out an ID of Radio Nacional de...? [la República Árabe Saharaui Democrática] in Spanish at about 2315. Suspected it was Western Sahara and DXLD 6-166 confirmed that it was indeed on the new frequency (Bernie O'Shea, Ottawa, Ontario, DX LISTENING DIGEST)

Info desk was closed at November 16, 2006.

Thanks a lot to our club members for your contributions:

- MF : Michael Frese, Osnabrueck,Germany. SONY ICF SW 7600G with Telescopic antenna.
- RAD : Rich D'Angelo, Wyomissing, Pennsylvania, USA. Ten-Tec RX-340 & Drake R-8B with 500/200 feet long wire,Datong FL3.
- RL : Richard Lemke, St. Albert, Alberta, Canada. JRC NRD-535 HF random longwires w/ Grundig YB 550 PE.
- RB : Rob Harrington, Denver, Colorado, USA. Grundig 800 with Long wire antenna.
- SG : Siegbert Gerhard, Frankfurt, Germany. Yaesu FRG 7700 with 10 metre long wire, multiband dipole, lamda/4 via FRT - 7700.
- WB : Wolfgang Bueschel, Stuttgart, Germany. Eton Lextronic, AOR AR 7030, SONY ICF 2010, Kenwood R-1000, Drake SPR-4 with 12m long wire.

Dear Friends,

Welcome to the November edition of the Logbook .

With shortwave stations disappearing from the radio dial it was a welcome change for Radio St. Helena to reappear on its annual broadcast on the weekend of 4/5th November. The broadcast on a out of the band frequency was audible at my post but the audio was swamped by static noise with occasional RTTY interference.

Welcome to our new contributor Rob Harrington alias **nOnni**. Thanks also to our other contributors without whom this section could not be prepared.

Till next issue it's 73's from your Editor,

Ashok Kumar Bose

QSL CORNER

Editor: Richard Lemke, 60 Butterfield Crescent, St. Albert, Alberta, T8N 2W7, CANADA

RADIO FREE ASIA RELEASES TWELFTH QSL CARD in OCTOBER 2006

Radio Free Asia's Technical Operations Division is proud to announce the release of the company's twelfth QSL card commemorating the company's **10th anniversary** of its first broadcast. On September 29, 1996, RFA's first program to broadcast was in Mandarin Chinese.

The new card is scheduled for distribution from September 1 to December 31, 2006. This is also the company's first QSL card to sport the **new corporate logo**.

RFA's twelfth QSL card celebrating 10 years of broadcasting

Radio Free Asia (RFA) is a private, nonprofit corporation that broadcasts news and information to listeners in Asian countries where full, accurate, and timely news reports are unavailable. Created by Congress in 1994 and incorporated in 1996, RFA currently broadcasts in Burmese, Cantonese, Khmer, Korean to North Korea, Lao, Mandarin, the Wu dialect, Vietnamese, Tibetan (Uke, Amdo, and Kham), and Uyghur. RFA strives for accuracy, balance, and fairness in its editorial content. As a 'surrogate' broadcaster, RFA provides news and commentary specific to each of its target countries, acting as the free press these countries lack. RFA broadcasts only in local languages and dialects, and most of its broadcasts comprise news of specific local interest. More information about Radio Free Asia is available at <http://www.rfa.org>.

RFA encourages listeners to submit reception reports. Reception reports are valuable to RFA as they help us evaluate the signal strength and quality of our transmissions. Radio stations, like RFA, usually confirm accurate reception reports by mailing a QSL card.

RFA welcomes all reception report submissions at <http://www.techweb.rfa.org> (follow the QSL REPORTS link) not only from DX'ers, but also from its general listening audience.

Reception reports are also accepted by email at qsl@rfa.org, and for anyone without Internet access, reception reports can be mailed to:

Reception Reports
Radio Free Asia
2025 M. Street NW, Suite 300
Washington DC 20036
United States of America.

Upon request, RFA will also send a copy of the current broadcast schedule and a station sticker.

Info by AJ (RFA) via Siegbert Gerhard, Frankfurt am Main – thank you very much, dear AJ.
