DX MAGAZINE No. 12

Vol. XL

December 2005

Hello again,

Welcome to the last issue of our DX MAGAZINE in this year 2005. Let me take this opportunity to thank you very much for all your support during this year.

Die **Internationale Funkausstellung** wird ab sofort jährlich stattfinden und nicht mehr im Zwei-Jahres-Takt. Damit reagiere man auf die rasante Entwicklung des Marktes und der Produkte, sagte ein Sprecher der Gesellschaft für Unterhaltungs- und Kommunikationselektronik in Berlin. Bestärkt worden sei die Branche auch durch die gute Funkausstellung im September. Die nächste IFA soll vom 1. bis 6. September 2006 stattfinden.

(dpa via Thomas Kubaczewski, Germany))

Finally, let me wish you a Merry Christmas and a very Happy New Year

MONGOLIA: The overseas service of the *Voice of Mongolia* was founded in 1964. Since then it has been introducing Mongolia to the rest of the world. The first broadcast in September 1964 was a half hour transmission in the Mongolian and Chinese languages, beamed to China. In the next few years, Mongolian international broadcasting expanded in terms of languages used, broadcast hours and target areas. The English service of Radio Ulaanbaatar, which was renamed The Voice Of Mongolia on January 1st, 1997, was launched on January 29th, 1965. Today the service transmits its broadcasts under the name "The Voice Of Mongolia" in the Mongolian, English, Chinese, Russian and Japanese languages. The Voice Of Mongolia is the country's only overseas broadcasting service and is operated by Mongolian National Radio & Television, a public service broadcaster of the Mongolian Government. All of The Voice Of Mongolia's broadcasts come directly from its Khonkhor Transmitting Station, about 25 km east of Ulaanbaatar, Mongolia's capital. It broadcasts through Soviet-made 100, 250, and 500 kW transmitters and curtain antennas built in the mid sixties. All reception reports and personal letters should be sent to the station's address marked for a particular language section (e.g. English Section): Voice of Mongolia, C.P.O.Box-365, Ulaanbaatar 13, MONGOLIA. DX LOGBOOK

Logs around the clock

by Ashok Kumar Bose, Unit # 28, 7035, Rexwood Road, Mississauga, ON, L4T 4M6, Canada
E-Mail: logbook@wwdxc.de

Unfortunately we have no LOGBOOK this month, as our Editor Ashok Kumar Bose is on a business trip in the United States at the time of publishing this DX MAGAZINE. But I'm sure that his next LOGBOOK will be specially big next month.

Instead please find below a really extensive QSL CORNER this month from our Editor Richard Lemke.

Dear Friends,

Welcome to the December issue which is the last for this year.

I am writing this Logbook from Durham, New Hampshire, USA where I have come for a long visit.This year winter seems to have come early with snow in most of the places in Northern hemisphere.

It provides a good chance to be more on the radio indoors rather be engaged in outdoor activities.However the propagation conditions not being very fair good DX is hard to come by.

Wishing you All a Merry Christmas & A Happy New Year.

Till next issue it's 73's from your Editor,

Ashok Kumar Bose
