DX MAGAZINE No. 5

Vol. XLVI

May 2011

Hello again,

Welcome to another issue of our DX MAGAZINE. I'm very sad to report this month that my dear old DX friend and long time member OM Thomas Kubaczewski has died on April 14th, 2011, in the age of 65. I have known Thomas for more than 40 years, and many of you will also know him as the organizer of several DX meetings in Berlin on the occasion of the International Radio and TV Exhibition. My deepest condolences go to his wife Elisabeth and his two adult children. Me and all those who have known Thomas will never forget him.

I have no other news to report from inside the club this month - therefore let's just start with our usual news from outside the club: The **WRTH Editorial team** is pleased to announce that the Summer/'A' season broadcasting schedules file is now available to download, free of charge, from the WRTH website - click on <<http://www.wrth.com>> and follow the link "Latest PDF Updates". The file is in PDF format (you will require the free Adobe Acrobat reader, v7 or above to open this file. The 97 page file is just over 900kB in size and contains the following information: Summer / 'A' Season broadcasting schedules for over 200 international and Clandestine/Target stations; Frequency listing of the above stations to facilitate band scanning; Broadcasts in English, French, German, Portuguese and Spanish; International DRM broadcasts. We hope you find this a useful accompaniment to the printed WRTH. On behalf of the publisher and editorial team at WRTH, happy listening!

(Sean D. Gilbert, International Editor - WRTH)

And with this best wishes and good DX until next month from

GUYANA - 3290, Voice of Guyana, 0757-0810, 30-April-2011, in English. Sign on announcement with ID and frequency by male announcer, followed by a hymn, then "Ode to Joy" at 0801, prayer and a reading from the Bible at 0803, Good signal (Ed Wlodarski, N2ED, New Jersey, Ten Tec RX340 & 100 Ft Long Wire, NASWA Flashsheet May 1 via DXLD)

Sign-on? They are supposedly on SW 24 hours, but one of the domestic services, R. Roraima signs on 760 at 0800, per WRTH 2011. However the SW service is supposedly relaying the other domestic service V. of Guyana on 560 kHz which is 24 hours; but the news on SW comes from R. Roraima. But 560 and 760 are reportedly inactive. But WRTH shows 09-22 on 5950, 22-09 on 3290, and we know that 5950 has really been inactive for a long time, staying on 3290 until they can get a better 49m channel. A rather confusing situation (gh, DXLD)

PAK 9350 / 15265 1600-1630 UT test.

Radio Pakistan is going to test 15265 kHz towards West Europe. If successful, this frequency will replace 9350 which is being badly affected by QRM from Chinese jamming of RFA on 9355 at 1700-1900 UT.

The FM writes as below ... e-mail for reports is

<fmccl@radio.gov.pk> if you are able to listen. I assume this will be via API-5.

"I have requested the Rewat colleagues for the test transmission for three days from 26th April to 28th April between 1600-1630 UTC on 15265 kHz. Also please request your friends in Europe and any other, so that the impact can be assessed at different locations. I will wait for your findings."

(R PAK frequency manager, Apr 25) R PAK should move down to 9340/9345...(wb)

SWEDEN - I got some news about Hoerby SW. The transmitters are now being dismantled since a week ago. The dismantling will take about two months. RNW has bought the transmitters and they will live for another 5-6 year in Madagascar. I feel pleased and sad at the same time... Just three ABB/Thales 500 kW transmitters. They were installed 1993. The mediumwave at Hoerby was closed down and scrapped 1985 after almost 40 years in service. (Chris Stoedberg-SWE, SW TXsite ng Apr 18)

Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA:

- 4052.5 GUATEMALA. Radio Verdad – Chiquimula, 0404-0432 Mar 16, man preaching in Spanish language followed by soft choir vocals at 0417 ending program. Another man with ID followed by more soft religious music. Poor to fair.
- 4865 BOLIVIA. Radio Logos (presumed), 1007-1032 fade out Apr 9, lively program of vocals with a man announcer talking over group singing at 1015 in presumed Aymara language. More continuous vocals commencing at 1018 but rapidly fading. Fair at tune in.
- 4905 BRAZIL. UNID, 0153-0247* Mar 19, soft instrumental music and vocals with occasional announcements by a man announcer. Sounded like Portuguese but too weak to be sure. Off without any announcements mid-song. Weak-Poor. Anhanguera?
- 6110 ETHIOPIA. Radio Fana, 0332-0422 Mar 31, nice program of lively Horn of Africa vocals hosted by a man announcer with talks in presumed Amharic language.
