Cover: Peter Pohle + Jürgen Kauer (KAVOP)

DX MAGAZINE No. 10

Vol. XLVI

October 2011

Hello again,

Here we are back again after our usual summer break. I hope that you have enjoyed your summer holidays, if you had any, and that you have had also some time for DX'ing. If so, please do not forget to send your news and loggings to our editors.

Our QSL EDITOR Kanwar Sandhu has complained that he receives only very few entries for the QSL CORNER. That's also the reason that this section has not appeared in our DX MAGAZINE for a long time. Therefore I can only ask you to send him the reports about your recently received QSL cards and letters.

On page 2 please find the prices and conditions for ordering the new **WORLD RADIO TV HANDBOOK 2012**, which will be available in Germany in mid-December, according to the German general distributor. In this 66th edition for the year 2012 WRTH Publications Limited have again devoted their resources to the all-important task of obtaining and providing the most up-to-date information on mediumwave, shortwave and FM broadcasts and broadcasters available in any publication. The book will have 672 pages, including 64 pages in full colour).

Auch in diesem Jahr können Sie das neue **WORLD RADIO TV HANDBOOK 2012** wieder bei uns bestellen. Der Subskriptionspreis bis zum 30. November beträgt für unsere Mitglieder € 30,00 (bei einem Ladenverkaufspreis von € 36,00) - ab 1. Dezember dann € 32,00. Die Preise in anderen Währungen finden Sie auf Seite 2. Das Buch soll laut Ankündigung des deutschen Generalimporteurs wieder Mitte Dezember erscheinen und wird dann von uns gleich an die Besteller ausgeliefert werden. Der obige Preis enthält Porto und Verpackung. Lieferung gegen Vorauszahlung durch Überweisung, Scheck in € (gezogen auf eine deutsche Bank, sonst € 5,00 zusätzlich für Bankgebühren), Postanweisung oder Bargeld. Konten: Raiffeisenbank Grävenwiesbach Nr. 100019984 [Bankleitzahl 500 693 45] und Postbank Leeuwarden/Niederlande Nr. 3822840.

Falls Sie bei dieser Gelegenheit gleich Ihren Mitgliedsbeitrag überweisen möchten: Die Mitgliedsbeiträge von 2011 gelten für das kommende Jahr unverändert weiter: RKwwh + DXM = € 51,00, nur DXM = € 15,60, nur RKwwh = € 40,00, RKwwh + DXM als PDF-Datei = € 26,00, nur DXM als PDF-Datei = € 9,00, nur RKwwh als PDF-Datei = € 20,00. Wann Ihr Mitgliedsbeitrag genau ausläuft, können Sie übrigens jeweils auf dem Adressenaufkleber Ihres DX MAGAZINES (oben rechts = letzter bezahlter Monat + Jahr) sehen. Unseren deutschen Mitgliedern legen wir ein Überweisungsformular bei.

Here is some information received from **Klingenfuss Publications**: We're now working on our new products to be published on 10 December 2011:

- 2012 Super Frequency List on CD
- 2012 Shortwave Frequency Guide
- 2012 Frequency Database for the Perseus LF-HF Software-Defined Receiver
- Supplement January 2012 to the 2011/2012 Guide to Utility Radio Stations

to be published on 10 December 2011. Full-resolution title page graphics can be found at:

<http://www.klingenfuss.org/r_2012.jpg>

<http://www.klingenfuss.org/s_2012.gif>

The printed Supplement will be attached free to all copies of the 2011/2012 Guide to Utility Radio Stations

sold after 1 January 2012. Those customers that did acquire the 2011/2012 Guide to Utility Radio Stations before that date may download the pertinent PDF file free from our website, after 1 January 2012.

The continuously updated product Digital Data Decoder Screenshots on CD is highly successful and now covers more than 8,100 (eight thousand one hundred!) screenshots from 1997 to today. Feed your PC with this CD and the "slide show" will keep you busy for a few days - or weeks.

(Joerg Klingenfuss, Hagenloher Str. 14, D-72070 Tuebingen, Germany, Internet: <<http://www.klingenfuss.org>>, EMail: <info@klingenfuss.org>)

And with this best wishes and good DX until next month from

NEWS ABOUT BROADCASTING (+other) STATIONS

Walter Eibl Postfach 15 45 D-91005 Erlangen GERMANY

*) 1st Sunday of the month

List of Broadcasters which are using MEDIA BROADCAST technical equipment

ABA = Radiyo Y'Abaganda (Ababaka)
ADM = internal name (not "Abu Dhabi Media Company")
AWR = Adventist World Radio
BVB = High Adventure Gospel - Bible Voice Broadcasting
CHW = Christliche Wissenschaft
CVC = Christian Vision - deleted
DVB = Democratic Voice of Burma
EFD = Ethiopians For Democracy
ELF = Eritrean Liberation Front
EMG = Evangelische Missionsgemeinden in Deutschland
FEB = Feba Radio UK
GFA = Gospel for Asia
HCJ = Voice of the Andes - deleted
HLR = Hamburger Lokalradio
HRT = Hrvatska Radio Televizija
IBB = International Broadcasting Bureau
KBC = internal MBR customer
KBC§ = Dutch-based KBC Radio <<http://www.kbcradio.eu/>>
LWF = Lutheran World Federation
MBR = MEDIA BROADCAST (ex Deutsche Telekom, DTK)
MSM = internal name, MBR customer
MSM+= probably XVRB Radio - The Music Museum, see below.
MVB = Mecklenburg-Vorpommern Baltic Radio
MWA = Missionswerk Arche
NGO = [Non Government Organization ?]
NHK = Nippon Hoso Kyokai
PAB = Pan Am Broadcasting
PNW% {"Press Now". <<http://www.pressnow.nl/>> wb.}
RMI = Radio Miami International
RMI# [Voice of Oromo Liberation Front]

RNW = Radio Netherlands World Service
 RTR = Radio Trauand (Belgium)
 SBO = Sagalee Bilisummaa Oromoo, Voice of Oromo Liberation.
 TOM = The Overcomer Ministry
 TWR = Trans World Radio
 VOR = Voice of Russia
 YFR = WYFR Family Radio

not marked correct, probably 3rd Sunday of the month?

(MBR Media & Broadcast, Oct 7, transformed by Michael Bethge-D via wwdxc BC-DX TopNews Oct 7)

AZERBAIJAN - {Armenian enclave Nagorno-Karabakh} 9677.8v After approx two months absence Radio Voice of Justice from Stepanakert, Nagorno-Karabakh enclave was heard again on Oct 8th from 0500 to 0526 UT on approx 9677.8 kHz with a progr in Azeri and giving the mailing address - same as in Passport to WBR 2006. Seems the resuming is related with a visit in Caucasus of French President Nicola Sarkozy.
 (Rumen Pankov-BUL, wwdxc BC-DX TopNews Oct 9)

BANGLADESH - 4750, Bangladesh Betar, Khabirpur, Dhaka, heard around 0127, Sep 25, talk in Bengali about eye lenses, good signal (Gautam Kumar Sharma, Abhayapuri, Assam, India, DSWCI DX Window Oct 5 via DXLD)

4750, Bangladesh Betar, 1358, Oct 11. No trace of RRI Makassar at this time; only QRM from CNR1. Subcontinent music; distinctive bagpipes (marching band?); 1405 "Assalamu alaikum. Bangladesh Betar" and into the news in assume Bengali; poor. Edited MP3 audio <<http://www.box.net/shared/7pano3kjo58utge6gpkI>>
 (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via DXLD)

BELARUS - The Minsk transmitters have developed technical problems. At 1350 Radio Belarus on 7360, run by a unit consisting of 15 individual 5 kW transmitters, was found having very low modulation and that kind of mild hum often heard on Russian transmitters. // 7390 had badly distorted audio and a pretty loud buzz of 50 Hz harmonics. Still the same at 1515 recheck, but now 7360 was obliterated by Lampertheim with RL in Russian on 7355 when it faded up.

The low power transmitters carrying BR 1 were there just like they were to be expected: 6040 and 6070 from the western border on almost equal strength, 7235 from 500 km further away was weakest and 7280, again from the western borderline, the strongest one. On 1515 recheck 6010, which at 1350 was obliterated by DRM from Issoudun, centered on 6015, had joined 6040 and 6070. All five ones had identical, nice modulation.

At 1515 also two Minsk transmitters were finally on air with BR 1, so indeed signing on at 1500 as listed: 6080, with modulation more or less like the low power transmitters, and 6115 which behaved modulation-wise exactly like 7360, no surprise since it is such a 15 x 5 kW block as well (Kai Ludwig, Germany, Oct 1, dxldyg via DXLD)

... like the political system: totally outworn ... (we)

BHUTAN - BBS 6035 still on old transmitter at 30 kW --- Got confirmation from BBS today, they are still using the old txer at 30 kW, new one to be back on air very soon, by Oct 2011. Watch out for special programs on the occasion of Royal Wedding on 13th Oct 2011.
 (Alokesh Gupta, VU3BSE, New Delhi, Sept 30, dx_sasia yg via WOR 1585, DXLD)

BOLIVIA - 4699.418 drifting, CP possibly, 0912, om en español till 1005, long om talk; fading out; thunder storm static, seems on every day recently, slow transmitter drift. 4 October [Wilkner, MR- Plantation]

4716.19, Bolivia, Radio Yura, Yura, 1009 with good signal, usual YL identificación en español 1 October, seems on between 0950 and 1020 for last fortnight a checked in the local Peru morning [Wilkner] (Bob Wilkner, NRD 535D -

Drake R8 - Icom 746Pro, Noise reducing antenna, long wires, 60 meter band dipole suggested by Scott Barbour, Pompano Beach, South Florida, US, Cumbre DX via DXLD)

4716.70, R. Yatun Ayllu Yura, Yura, San Antonio de Quijarro, Potosí, 01/09 0006-0035, 33333, música, ID "Este es Radio Yatun, la voz de los Ayllus, desde Yura, San Antonio de Quijarro, Potosí, Bolivia", programa infantil religioso, 0025 hay regular QRN y fue necesario escucharlos en LSB, luego se hizo difícil escucharlo. La recepción lo he efectuado del 01 al 28/9 en compañía de mi sabueso Icom IC R72 en compañía del Mizuho KX-3 con una antena de hilo largo de 15mts. (Pedro F. Arrunátegui, Lima, El Chasqui DX via Dario Monferini, playdx yg via DXLD)

5952.45, 29/9 0036, Radio Pio XII, talks, fair. On 30/9 0105 good! With talks and nice songs. (Giampiero Bernardini, Milano, Italia, dxldyg via DXLD)

6055.098, 23.9 2157, Radio Juan XXIII finally with a complete ID. Sent two recordings to Henrik Klemetz from the three last minutes before close down. Here are his comments:

"At 2157, 29 seconds in "todo el día yo oigo Juan 23.." female voice, unsure if a "radio" precedes Juan 23. At 2201, 26 sec "[en] Juan 23 has escuchado...", female voice, final ann. No "radio" precedes the name. The final duo reading is a sort of prayer or blessing. No doubt that this is a station ID. To find the station and the present address you ought to write "radio juan xxiii san ignacio de velasco" otherwise you get a weird person in Alicante in Spain with the same name. /Henrik Klemetz"

Henrik, Thanks a lot for your help with this one. Also note that the name in WRTH seems to be wrong – there is no mention of Radio Cultural Juan XXIII. On all pages I have seen the station is referred to as a plain Radio Juan XXIII. Noted almost every day from 2130-2202* with quite weak signal. TN (Thomas Nilsson, Sweden, SW Bulletin Oct 1 via WOR 1585, DXLD)

<http://www.worlddxclub.org.uk/WDXC_archive_dxnews-2011-01.html>

I am building a 5 kilowatt transmitter and antenna system for Radio Juan XXIII. It will be on 6055. It is the first prototype with the new OEFETS from Philips (BLF-278). It will consist of ten, 500 watt "drawers", with a ferrite based hybrid combiner. I am going to build them a LAZY H style antenna array. It will be four 5/8th wave elements, two over two, beaming broadside North / South. It should give about 8 dB gain, making the effective radiated power approximately 30 to 40 kW with a major lobe going into North America. I believe we should be testing near the middle of February 2011. (Jamie Labadia, DXLD)

Radio Juan XXIII, Plaza 31 de Julio. San Ignacio de Velasco, Santa Cruz-Bolivia. Teléfono: (+591-3) 962 2188. E-mail: radiojuan @ hotmail.com

Radiostation Juan XXIII - JUAN 23 – "the Catholic voice of Eastern Bolivia," has been founded in the 60s to support the evangelization of the church in the Chiquitania, because at that time there were only dirt roads and it was impossible for missionaries to visit the rural communities. The radio was a important instrument to reach the people over long distances, to communicate the faith of the church and to promote social and cultural programs. Radio Juan 23 is founder and member of ERBOL, an association of more than 40 radio stations across the country.

In order to serve the people Radio Juan XXIII transmits its program in shortwave (6055 kHz) and in FM. Its signal is received by about 420 rural communities across eastern Bolivia, a region called "Chiquitania".

Radio JUAN 23 conducts a variety of educational activities: "Educación Alternativa" with IRFA-(Instituto Radiofónico Fe y Alegría). A program to promote education by radio for people who had no opportunity to study in the school and a wide range of programs to strengthen the identity and the traditions of the "Chiquitanos". Open Education, with workshops in the rural communities with current issues.

In recent years Radio Juan 23 has focused on the contents of "Participación Popular", National Dialogue, children and adolescents Code, Agricultural Reform, Forest and State Constitution. The Radiostation also promotes the development of tourism in the Chiquitania region and the "Misiones de Chiquitos". Our website:

BRAZIL - 4845.20, BRASIL, R. Cultura Ondas Tropicais, Manaus, 4/09 2230-2305, 33333, programa transmisión de partido de football. TAMBIEN: 10/09 26:40 [sic]-0015, 44444, música regional, ID "Rádio Cultura Ondas Tropicais, 4825 kHz, Manaus, Amazonas" música romántica en español y portugués. NOTA: la escuché por segunda vez para escuchar el ID, la cual no la obtuve el 4/09.

4865.00, Verdes Florestas, Cruzeiro do Sul, 13/09 1015-1110, 44444, programa Difusora en la noticia, el jornal de la mañana, Slogan "Radio Verdes Florestas, 940 kHz, onda tropical 4865 kHz, perteneciente a la Fundación [sic] Verdes Florestas, Cruzeiro do Sul. La recepción lo he efectuado del 01 al 28/9 en compañía de mi sabueso Icom IC R72 en compañía del Mizuho KX-3 con una antena de hilo largo de 15mts. Muchos 128's PFA (Pedro F. Arrunátegui, Lima, El Chasqui DX via Dario Monferini, playdx yg via DXLD)

Radio Canção Nova 9675 - Happening Now! Radio Canção Nova, 9675, Cachoeira Paulista, Brasil, is coming in here at 0002 UT on 01 October with a good level and reasonably QRM-free! S3-4 with QRM from adjacents 9665 and 9685. Light music and talk with typical booming IDs (Al Muick, Whitehall, PA USA, UT Oct 1, WinRadio G303e / 100m longwire, dxldyg via WOR 1585, DXLD)

9645.38, 30/9 0041, Rádio Bandeirantes, talks, poor

9674.99, 30/9 0035, Canção Nova, conversation in Portuguese, fair. Good signal on Oct 3 at 2115 with Holy Rosary

9819.78, 30/9, Rádio 9 de Julho, talks, weak, better on 2/10 at 0005 on 9819.76 kHz

11749.87, 29/9 2350, Voz Missionária, music, talks, poor, stopped at 2359 by CRI. On 3 October with fair signal at 2005. Modulation a little low.

11854.93, 3/10 2011, Rádio Aparecida, religious songs, weak/fair fading

11925.24, 28/9 2333, Rádio Bandeirantes, sport, weak

15189.89, 2/10 1915, Rádio Inconfidência, talks sport, fair signal but QRM from Radio Pilipinas, so heard in LSB (Giampiero Bernardini, Milano, Italia, dxldyg via DXLD)

CAMBODIA [non] - 9960, KPPM Radio (Khmer People Power Movement) via T8WH PALAU, *1200, Oct 8. A Saturday only program in assume Khmer; no pre-program ID this week for World Harvest Radio; 1201 usual "w-w-w dot k-p-p-m radio dot org"; assume Khmer song. Also checked at 1256 to catch another song; 1258 covered by

strong open carrier from WYFR (*1300 in Vietnamese), so unable to make out their sign off announcement (Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via DXLD)

CHAD [and non] - CHAD/BONAIRE/LITHUANIA, 6164.961, Stronger than RNW, RNT Radio N'djamena from Chad in French noted with news reading from 0500 UT Oct 2, when NHK Sitkunai in Russian ended, and RNW Bonaire in Dutch on 6165.0 co-channel started.
(wb, wwdxc BC-DX TopNews Oct 2, Stuttgart sunrise at 0522 UT)

CHAD/ALBANIA - 6164.961 French language football report from N'djamena noted at 0524 UT Oct 7. Selection by Chad, Mali national teams. Station ID at 0529 UT. On same channel also monitored N'djamena at 21.58:40 UT Oct 6th, when Radio Tirana, Albanian co-channel hit each other on nearby 6164.984 kHz // latter 9859.971 kHz, both S=9+20dBm. (wb, wwdxc BC-DX TopNews Oct 7)

CHILE - 11665, CVC Internacional via Calera de Tango at Santiago in Spanish scheduled 23-02 UT was on prolonged service time this morning Sept 24, heard also in 0230-0300 UT slot, speech to crowd about historia and collegio (wb, wwdxc BC-DX TopNews 1 Oct)

CHINA [Tibet Autonomous Region] - 6130, Xizang PBS, Lhasa, 1443-1521, Sept 25, Tibetan fading in // weaker 6025 on first day back after a few weeks' absence. Their Chinese service on 6050 also noted back on air 1505 struggling with co-channel RTM Kajang (Martien Groot, Schoorl, Netherlands /TenTec RX-340, 30 m. longwire, dxldyg via DXLD via WOR 1585)

Sept 25 noted their return to 4820 (so again mixing with AIR Kolkata) and 4920 (again mixing with AIR Chennai). Also heard 6200, // 4920. Was an unusual day to hear AIR Guwahati on 4940 strongly mixing with Voice of Strait. Normally VOS has sole possession (Ron Howard, Monterey, CA, USA)

CNR Tibet is back on air on Sept 25. Nachdem die Tropenbandfrequenzen 4820, 4905 und 4920 kHz aus Tibet {seit dem 7. Sept abgeschaltet waren, wegen Jahres-Wartung vom 7. bis 25. September}, ist nun auch die englische Webseite <http://en.tibetradio.cn/index.html> nicht mehr verfuegbar.

Zho = Chinesisch, Bod = Tibetanisch, aber der Sendeplan ist differenzierter.

(wb, Sept 25, BC-DX 1 Oct)

COLOMBIA - 5909.934 Radio Alcaravan, Lomalinda, at 0144-0149 UT Oct 3, S=7-8 logged here in EUR receive post, frequency given, many times. Much romantic music, Mexican trumpets - and also a lot of fervor. My favorite radio station from Latin America... (wb, wwdxc BC-DX TopNews Oct 3)

CROATIA - The complete B-11 schedule for Glas Hrvatske will be:

Zadar-Nin, 600 kW on 1134 kHz:
1700-2345.

Deanonec, 10 kW:
0600-1650 on 7370,

14

1655-0555 on 3985.

Wertachtal and/or Nauen:

100 kW each on 7375,

1/ to South America 2300-0400,

2/ to North America East 0000-0400,

3/ to North America West 0200-0600;

different azimuths each, so apparently indeed again three different transmitters.

7375 2300-0400 11,12,13,14,15,16 W 100kW 240deg

7375 0000-0200 6,7,8,9,10 W 100 300

7375 0200-0400 2,3,4,6,7,8,9,10 W 100 315

7375 0400-0600 2,3,6,7W,10 W 100 330

and tentative reserve 9925 kHz channel registrations:

9925 2300-0400 11,12,13,14,15,16 W 100 240

9925 0000-0200 6,7,8,9,10 W 100 300

9925 0200-0400 2,3,4,6,7,8,9,10 W 100 315

9925 0400-0600 2,3,6,7W,10 N 100 325

Singapore, 100 kW to Australia / New Zealand:

0700-1100 on 17860 kHz, 100kW 135degr.

The 1134 kHz transmitter has been built during the eighties for coverage

of Central Europe, with a directional antenna, providing a gain of 7 dB to this direction, thus also further on towards North America. It was never meant for domestic coverage, thus in previous years only on air from the late afternoon til the next morning. In March of last year the airtime has been cut back to the current few hours in the evening.

Actually the facility is 1200 kW, with a pair of two 600 kW transmitters. In September 1991 its antenna has been damaged in fighting, knocking the station off air until it could return with 600 kW on a makeshift antenna in January 1992. The antenna had been fully restored only in 2003/2004. The power stayed at the 600 kW level used since 1992.

Nin is meanwhile the only active mediumwave transmitter in Croatia. All the other ones, meant for domestic coverage, have been shut down in April 2008. This also included the DRM on 594 that seriously interfered with the use of this frequency in Germany and Bulgaria, thus after some time the DRM testing had been confined to the daytime hours. Meanwhile the co-channel operations that suffered back then do no longer exist as well.

And a word about Deanovec: The site has, besides the closed mediumwave transmitters (alongside the DRM one on 594 also a 100 kW on 1125), also one 100 kW and two 10 kW shortwave transmitters. At present only one 10 kW transmitter is in use, and it will be so also during B11 on 7370/3985. Registration data that still reads 100 kW does not reflect the real transmission parameters.

See also <http://www.oiv.hr/broadcasting/terrestrial/analog-radio/analog-radio_en.aspx>

(Kai Ludwig-D, dxld Oct 3)

CYPRUS - BBC World Service with some feature about China at 1435 on 21470, a frequency one associates with Ascension or Seychelles or the like. But no, it's Cyprus, with English for Africa which was different programming than English to Asia, see under Thailand (Kai Ludwig, Germany, Oct 1, dxldyg via DXLD)

ECUADOR - Reactivación Radio Oriental, 4781.6 kHz, Tena. Desde Tena, en la provincia amazónica del Napo, nuevamente en el aire las ondas de Radio Oriental, captada el sábado 6 de marzo [sic: 2010y], con programación musical del tipo social protesta muy popular por los años 70's. Con intérpretes como Facundo Cabral, Alberto Cortez, Mercedes Sosa. Mencionando frecuencia en AM 1100 kHz. Salio del aire sin cierre a las 2331* <<http://dxdesdecolombia.blogspot.com/2010/03/reactivacionradio-oriental-47816-khz.html>> (Rafael Rodríguez, Colombia, via SW Bulletin Oct 1, 2011 via DXLD)

ERITREA - 9720.03, Voice of the Broad Masses of Eritrea, 0308-0330, Horn of Africa music. Vernacular talk. Poor to fair with occasional adjacent channel splatter. // 7130.03 - weak but readable. // 7174.99 - good. Oct 5 (Brian Alexander, PA, DXLD)

On Tuesday, Oct. 4, there was quite an instructive anomaly: Seems the engineer was late for sign-off or, if this was scheduled, audio was much too low or missing. After 1800, five fair/weak empty carriers were noted on 4770, 5955, 7130, 9720 and 9820, all signing off at 1844. ERI-2 on 7175 signed off as usual at 1800, being // to at least 9820 before. On Wednesday, back to normal 1802 sign/off (7130 missing, 5955 see UNID), Thursday 4770 and 7130 off at 1805, but 31m carriers remaining til 1810 at least. 7205 seems to be as usual, makes it seven ERI transmitters at

least. Old 5060 not heard recently, also no others on 40m. If there's more transmitters, 5945 or 5980 would be a guess, but unconfirmable here. But wait a minute --- there was an unid 11510 log in DXLD 11-38 Sept. 21. That might fit, however ERI never heard on 25m as far as I know.

Also, after several months of inactivity, africalist is back to regular updates now. 73 (Thorsten Hallmann, Münster, Germany, <http://africalist.de.ms> Oct 7, DXLD)

FRANCE - 17580, Oct 4 at 1406, S. Asian language with long-path echo. This is YFR in Bengali via Issoudun, 500 kW, 74 degrees. With Issoudun you have to be careful since they sometimes run two unsynchronized transmitters, but this echo sounded just right for LP/SP. Short-path is off-the-back; the great circle long-path exits Africa over Somalia, then all-water across Indian Ocean, south of Australia and NZ near Macquarie Island, across the Pacific entering North America at La Paz BCS. Much of that is in darkness, of course.
(gh, DXLD)

Frequency change of Radio France International in Russian:
1500-1530 NF 11670 F 500 kW 080 deg, ex15215 // 13630 kHz.
(R BULGARIA DX MIX News, Oct 10)

GERMANY - DW B11 30.10.11 - 24.03.12 - now one of the smaller international broadcasters with dramatically reduced schedule:

0800-1000 on 11645

1100-1000 on 9420

1100-1650 on 9935 Radiophonikos Stathmos Makedonias

1100-2250 on 15630

1700-2250 on 7450 Radiophonikos Stathmos Makedonias

2300-0250 on 15650

2300-0450 on 7475

(Ivo Ivanov, Bulgaria, Oct 3, DXLD)

You mean this is their complete non-schedule? Some of those frequencies are still being heard part of the time (gh, DXLD)

ERA-5 Voice of Greece back on SW on Oct. 3 around 1500 UT on 9420 and 15630, but not on 9935 (Radiophonikos Stathmos Makedonias). Surely there is no transmissions on Oct. 1 and 2. 73! (Ivo Ivanov)

And Radiophonikos Stathmos Makedonias on 9935 back on air around 1600+ UT. 73! (Ivo, ibid.)

Voice of Greece noted with very good strength on 9420 and 15630 1521 October 3.
(Mike Barraclough, Letchworth Garden City, UK, dxldyg via DXLD)

INDIA - 15050, AIR, Khampur. 1213-1216:27* October 9, 2011. Very good with nice subcontinental vocals, language male and female, listed as Tamil 1115-1215. Transmitter off after male closing announcements (Terry L Krueger, Clearwater, Florida USA, 27.55.83 N, 82.46.08 W, dxldyg via DXLD)

INDONESIA - 3325, RRI Palangkaraya, 1241-1330+ Oct 3. YL with long phone chat or interview; then from 1300 to 1330 a mix of chat, ads, I think, with Palangkaraya telephone numbers given, and short interludes of piano music. Ridiculous level, S9+30 dB, maybe the strongest ever here. (Wilkins-CO)

4749.95, RRI Makassar, 0959-1020 Sep 30. Qur'an to 1004, then vocal music with Arabic/East African flavor. Fair/good signal (John Wilkins, Wheat Ridge, Colorado, Drake R-8, 100-foot RW, Cumbre DX via DXLD)

ISRAEL - 9235, 29/9 0030, Galei Zahal, nice Hebrew songs, talks, fair/good

15850, 3/10 2050, Galei Zahal, Israel, OFF AIR (Giampiero Bernardini, Milano, Italia, dxldyg via DXLD)

MADAGASCAR - R Madagasikara. 4910 Antananarivo. Sept 25, 2011, Sunday. 1620-1644. Malagasy talk and music? No ID heard, but there is no lower sideband so it must be Madagasikara! Fair, no lower sideband. Later, 1745-1809, definitely Madagascar. Two OM's talking, presumably in Malagasy although interspersed with French. Many mentions of Malagasy and Madagascar whilst I was listening. Child? or YL singing at 1756. ID "Madagasikara" at 1759. Fair - good till 1800. No lower sideband. Also nothing at all on the old frequency, 5010. At and after 1800, QRM from Voice of America relay, 4930 via Botswana. Up to 1800 EiBi lists this as targeted to Zimbabwe, but changing at 1800 to "Central Africa". It has certainly made a mess of Madagasikara; now noisy, distorted and fadey. Jo'burg sunset 1606.

4910 Antananarivo. Sept 26, 2011, Monday. 0305-0330. Afro music. ID at 0310 "Madagascar", followed by YL talking. Fair at first but deteriorating rapidly. Must be full daylight in Madagascar by now. No lower side band. All gone by 0330. Jo'burg sunrise 0354. Two days later, Sept 28, 2011, Wednesday. 0230-0316. Quickchecks. Afro-ish music, YL with id at 0236 "Madagascar". Strong signal but quite badly distorted. LSB suppressed again (last night Ron Howard in California was reporting a more AM-like signal). Rapidly fading out by 0310, gone by 0316. Must be well into daylight in Madagascar, sunrise here in just over half an hour. Jo'burg sunrise 0352 (Bill Bingham, RSA, dxldyg via DXLD)

5010 Radio Madagasikara, Antananarivo. Oct 4, 2011, Tue, from 1820-1909 UT. Malagasy, and music. ID at 1834 UT (twice) "Radio Madagascar" and back to music, another id at 1839 UT "Radio Madagascar" and back to music. At 1849 id "Radio Madagascar", at 1858 "Madagascar". At 1902 "Malagasy", at 1903 "Madagasikara". At 1905 UT "Radio Madagascar" and a couple more "Madagascar"s then YL talking. Being fairly certain of the ID, I stopped listening at 1909 UT.

Very poor in AM mode, almost unreadable. I had to use "sync" mode on the Sony ICF2001D and tune in the USBmode, reception was then excellent. In contrast to previous reports by Ron Howard in California, by myself, and by others, referring to the 4910 kHz transmissions, on 5010 kHz now there is little sign of AM transmission, although I suppose there must be some for the "sync" facility to lock on to. How are the poor sods in Madagascar supposed to receive this (presumably experimental ?) stuff on their AM radios? Jo'burg sunset 1610 UT.

Two days later on Thur Oct 6, from 1805-1822 UT, Malagasy, still on 5010 kHz. Could tune it in on AM, but it was unreadable due to distortion. As on Tuesday 4th, to hear it properly I had to use "sync" mode on the Sony ICF2001D, it could then be heard very well on the upper sideband. Jo'burg sunset 1610 UT.
(Bill Bingham-AFS, dxld Oct 8)

MALAYSIA - 5964.70, Klasik FM, 1327-1344 Sep 27. Regional vocal music, chatty M announcer in Bahasa Malaysia. Fair in noise.

6050.02, Asyik FM, 1301-1320+ Sep 25. Berita nasional in progress; back to local program at 1311 with regional vocals, YL announcer, and jingles. Fairly good signal (John Wilkins, Wheat Ridge, Colorado, Drake R-8, 100-foot RW, Cumbre DX via WOR 1585, DXLD)

5964.71, 2/10 2330, RTM Klasik Nasional, talks, music, weak.
(Giampiero Bernardini, Milano, Italia, dxldyg via DXLD)

5964.6 Klasik Nasional, 1300, Oct 3. Relay of the National RTM News; 1310-1311 they always seem to have a type of National RTM PSA following the news; // 9835 Sarawak FM with news and PSA. News was NOT // 6049.52 Asyik FM, but the PSA was.

6049.52, Asyik FM via RTM. Has been a while since they last used this off frequency transmitter. Recently had been consistently on 6050.02. Also reported off frequency on Oct 3 by Martien Groot (Netherlands). 1251, Oct 3 at 1300 with 1+1 pips; local news in vernacular; 1305 break in the news for singing "Asyik FM" station jingle; 1310-1311 carrying a National PSA audio feed // 5964.6 Klasik Nasional and 9835 Sarawak FM; 1311 no longer //; pop songs. Oct 4 also noted on 6049.52.

(Ron Howard, Asilomar State Beach, CA, Etón E1, dxldyg via WOR 1585, DXLD)

6049.51, RTM Kajang, 1506, Oct 03, Malay loudly hetting Xizang PBS to 1602:16 s/off. Recent NF, down from 6050.02 where I had previously heard them for at least two months (Martien Groot, Schoorl, Netherlands /TenTec RX-340, 30 m. longwire. Dxdydg via WOR 1585, DXLD)

6050-, Oct 4 at 1151, HCJB has an audible het again, so RTM has switched back to their off-frequency transmitter. Indeed, on Oct 3 at 1506-1602, Martien Groot in Netherlands had RTM Kajang back on 6049.51 after at least a bimonth on 6050.02 (Glenn Hauser, OK, WOR 1585, DXLD)

MAURITANIA - 7245, Oct 8 at 0603 chanting, IGIM had just come on, and not abutting 7250 VATICAN [q.v.] for a change.

7245, Sunday Oct 9 at 0452, IGIM is already on in Arabish squeezed between 7240 DW Rwanda English and 7250 Vatican French [q.v.]. You never know when IGIM will turn on its transmitter; last night not until 0600 (gh, DXLD)

4845, Radio Mauritanie, 0630-0640, in Arabic. Male announcer with chanting, excellent reception. 09-October-2011 (Ed Wlodarski, N2ED, New Jersey, Ten Tec RX340 & 100 Ft Long Wire, NASWA Flashsheet via WOR 1586, DXLD)

MOLDOVA [tent.] - Tentative winter B-11 schedule of E-SAT Radio in Amharic via Grigoriopol Maiac-Moldova: 1500-1600 15730 KCH 100 kW 180 deg to EAF, alt. 15460 & 15700 kHz. 1700-1800 15700 KCH 100 kW 180 deg to EAF, alt. 15660 kHz.

ESAT launches shortwave broadcast to Ethiopia target from Unknown location. Transmission 15360 is Voice of Asena in Tigrinya 1700-1800 Mo/Wed/Fr Transmission 15370 is E-SAT Radio in Amharic 1700-1800 Daily and 1830-1930 Sat or Sa + Su. Check on Oct 9.

(R BULGARIA, Oct 9)

MONACO [and non] - Trans World Radio Autumn Listening World shows they will move from 9800 to 7220[B-11 6105-NAU and 7310-Moosbrunn-AUT] from October 30 for the morning English broadcasts, listed as 0800-0850 daily, no variations to times at the weekend as at present. Presumably this is via the Monte Carlo[France Montbonne] transmitter, 6105 currently via Nauen remains in parallel (Mike Barraclough, October World DX Club Contact via DXLD)

NETHERLANDS [GERMANY] - KBC R with test transmissions October 8+9, Sa/Su 0900 to 1600 on 6095, with some 100 kw via Wertachtal. Heard with signals up to 9+38 in Franconia. Outstanding program, titles of rock music etc. you rarely can hear elsewhere plus "earworms" from Elvis & Co. e-QSL arrived within hours. (we)

NEW ZEALAND - RNZI B11 30 Oct 2011 - 24 Mar 2012

(Alokesh Gupta, VU3BSE)

NIGER / ETHIOPIA - 9704.991 A 1000 Hertz measuring tone started at 0458 til exact 0500 UT from Niamey Niger transmitter site, 0500 UT when time pips noted and Niger National Anthem play started. Voix du Sahel Niamey hit the R Ethiopia program on 9705.003 kHz. Both programs on very same signal strength level S=7-8 much fluttery, at 0500-0515 UT Oct 9. (wb, wwdxc BC-DX TopNews Oct 9)

OMAN - 15355.52 Sultanat al-Uman Radio, Thumrait, at 0240 UT Oct 9. Big, nearly local signal with nice Arabic vocals, male and female Arabic chipper announcers. Why are seemingly all Radio Oman channels suddenly 0.52 kHz off-frequency on the high-end now?

Faux Big Ben chimes, ID at 0259:52 UT, then female, "It's [?]'O'clock" into accented English female world news. "This is the news from the Radio Sultanate of Oman" at 0305 UT by same female news reader, into next news item. News ended at 0309 UT, then Arabic pop vocals, male UK-accented DJ, mentioned an FM frequency (not copied, ninety-something I think). (Terry L Krueger-FL-USA, DXplorer Oct 9/12)

R Sultanate of Oman Thumrait tx seems is now back on even frequency, 15140.000 to x.001 kHz at 1414 UT Oct 12. ID at 1417 UT in American English accent.

And also 15355.002 R Oman on S=6-7 level heard at 0348 UT Oct 13 on remote rx unit in Russia. Modern western pop music program. (wb, wwdxc BC-DX TopNews Oct 12/13)

PAKISTAN - 3975, R. Pakistan, Islamabad. All three transmitters were in order at 1700 on 28/9 with news in English // 11590, 15265. At 1706 ID "This is Radio Pakistan". Checked later at 1740 there were different programs on 3975 and on 11590 // 15265. Earlier only on Saturdays before English news at 1600 (now at 1700) there was a weekly political discussion in English from 1510 to 1600. Whether there is now such a program on Saturdays before 1700 on 3975? (Rumen Pankov, Sofia, Bulgaria (Sony ICF 2001, 16m Marconi antenna), Oct Australian DX News via WOR 1585, DXLD)

17830 Radio Pakistan in Urdu service at 05-07 UT. Heard flute mx at 0517 UT Oct 13 on S=8 level, also // 15725 kHz, but latter is the worst audio of both. (wb, wwdxc BC-DX TopNews Oct 13)

PHILIPPINES - Radio Veritas Asia B-11 Shortwave Transmission Schedule, 30 Oct 2011 to 25 March 2012

(Babcock BAB file, Oct 5, via ADDX Andreas Volk-D, via wwdxc BC-DX TopNews)

Just in is the new operational schedule from Babcock for the B11 season, and it should be definite now also for Polskie Radio after they were busy evaluating various scenarios during the last weeks.

The big surprise: They will use MW 1296 kHz from Orfordness-UK, and I suspect it was primarily the operator who successfully convinced them of doing so. It could become the only remaining analogue transmission from Orfordness, RNW no longer shows up in the new Babcock schedule. There may still be a slim possibility that it is an omission at this point, but if not now it would happen in next year anyway.

What Polskie Radio will carry on 1296 is English, and for that they will throw it off shortwave altogether. How is the reception of 1296 in the UK and Ireland, behind the beam that goes during darkness out over Germany to the area from Poland to Hungary? Using 1296 for German would make more sense I think.

Of the considered overseas shortwave services only Polish via Sackville will be implemented. Kranji will not be used, and the existing transmissions via Al-Dhabbaya and Moosbrunn will be terminated as well. All that remains besides the new Sackville transmission are some Woofferton slots, and they will be cut back considerably. Two of the four slots for Russian will, as already reported, be terminated, and so will be two of the three slots for German. Belarusian will be cut back from 2.5 to 1.5 hours and Ukrainian from 3.5 hours to a mere 30 minutes.

And if there was still a doubt about Rampisham going dark on Oct 29: It will definitely, the site no longer shows up in the B11 schedule. (Kai Ludwig-D, dxld and via wwdxc BC-DX TopNews Oct 9)

SIKKIM [and non] - 4835, *2228-2340 INDIA, 26.09, AIR Gangtok (operational after recent earthquake!) Sanskrit ann and long recitations by vocalists and background choirs on shift celebrating "Mahalaya". AIR has been broadcasting this annual, religious tradition in the very early morning (0400-0600 AM Indian standard time) since 1932 as a count down of the Indian festival of Durga Puja 45333, heard // AIR Kolkata 4820 under Lhasa (32442), 4880 AIR Lucknow (45444), 4895 AIR Kurseong (53/5444 CWQRM in LSB only) and 4940 AIR Guwahati (45444). Only the parallels of Lucknow and Guwahati were synchronized, while Gangtok was 10 seconds delayed and Kurseong 60 seconds delayed! No other AIR stations were audible in the 60 mb in Denmark (Anker Petersen, Denmark, dx_india yg via DXLD)

SWAZILAND/COSTA RICA/SAO TOME - 3240/3200 Trans World Radio relay, Manzini. NOT // 3200 kHz. Oct 3, 2011, Mon at 0318-0321 UT. Shona, YL singing. Fair, to Southern Africa. Jo'burg sunrise 0346 UT.

4775 Trans World Radio relay. Manzini. Oct 2, 2011, Sun at 0348-0350 UT. Lomwe, for Mozambiqueans. Good, to South Africa. Jo'burg sunrise 0348 UT.

5995 Trans World Radio relay. Manzini. Oct 2, 2011, Sun 0356-0403 UT. Repetitions of TWR i/s and id "This is Trans World Radio, Swaziland". At *0400 UT, sign on and "Welcome to Climbing Higher". Fair - good after *0400, to South Africa. Before that much co-channel QRM, presumed from Radio Exterior de Espana via Costa Rica to So.America. Jo'burb sunrise 0348 UT. (Bill Bingham-AFS, dxld Oct 7)

Also TWR Swaziland 5995 kHz is heard [only weekends?] here in Europe, after REE CTR co-channel left the air around 0400 UT, from 0500 UT VOA Hausa starts via Sao Tome.

0400-0445 UT 67=Sat/Sun Chewa language 5995 kHz 100 kW 11 degr, to Malawi 0400-0500 Mon-Fri Chewa - dropped the Mon to Fri broadcast to save, at least in B-11 season. (wb, wwdxc BC-DX TopNews Oct 7)

UNITED KINGDOM - Non-stop music test via BABCOCK from Sep. 29:

1345-1400 on 17505 Wof 125 kW / 152 deg to NAF

73! (Ivo Ivanov, Bulgaria, Sept 29, DXLD)

If all these are for North Africa (as stated), "090" must be a typo - presumably 190 (i.e. Morocco). Even "102" looks odd - that bearing is for Israel/Lebanon/Syria/Jordan/Saudi/Gulf rather than North Africa. 182 is Algeria. 150/152 is Tunisia/Libya. What are these for? (Chris Greenway, UK, dxldyg via DXLD)

This has already been explained by Dave Porter at Woofferton, to Wolfgang Bueschel, and in my logs:

"... Regrettably it's not as exotic as you suspected! I can confirm those frequencies are registered and they are on our schedule. We are using the time slots and the changes in frequency and modulation mode to train our staff at the Babcock Media Management Centre in London for the remote operation of the Woofferton site when we are not staffed out of office hours. At present our colleagues in the Babcock Control Room in Bush House look after us but soon that is closing when the BBC transfer to their London W1 studio centre. Hence the need to train our staff in the other control facility.

We needed to be able to run a real schedule and then we put faults on our transmitters so that the MMC staff can work out how to re-establish the service, etc. Vy 73, Dave" (gh)

28W = target western 28 - Central & Eastern Europe, not Baltics

EWTN Shortwave Radio, WEWN Global Catholic Radio, 5817 Old Leeds Road, Irondale, Birmingham AL 35210, U.S.A. (Alokesh Gupta, VU3BSE, New Delhi, Oct 16)

9265, WINB World Int'l B'casters, Red Lion PA; 2148-2202+, 26-Sep; Shouting English huxteress ragging on how women dress; "It's the uncleanness in them.", "Sex, sex, sex, sex.", "Sex is God in this country." (...) Pgm is Agressive Christianity; e-mail livingword@agressivechristianity.net (I should ask them what their plans are for 10/21/11.)

Program close at 2252 into long piano interlude. WINB ID spot at ToH into Spanish Radio Visión Christiana pgm La Voz Alegre with addys in Fort Lauderdale & Matanzas Cuba. SIO=544 w/ weak ute.

13570, WINB World Int. Broadcasters, Red Lion PA; 2045-2059:34*, 29-Sep; Agressive Christianity English huxteress waxing about sacrifice, discipline, obedience, etc. "You need to sober up" -- in regards to morbid obesity. (At least she isn't shouting!) 2059 first few notes of U.S. Nat'l Anthem into WINB ID spot & off. SIO=322+ with muted audio; weak pulse & loud clatter burst QRM. They did not come up immediately on 9265 at 2100, but noted there at 2108 with song[sing?]-song English huxteress.

(Harold Frodge, Midland MI, USA, Drake R8B + 125 ft. bow-tie; 85 ft. RW & 180 ft. center-fed RW, DXLD)

12100, Oct 12 at 1352 I notice WTWW is on as usual in Arabic, when Firedrake is unusually on 12105, but at 1424, 12100 is off to check out another interference problem. 9479 is still on.

FCC has prevailed upon WTWW to shift from 12100 to 12105, since BBC has complained about interference to its long-used 12095. So from 1300 Oct 13, look for WTWW-3 on 12105. This would not seem to be a very good idea, since just today Oct 12, I was hearing Firedrake on 12105 at 1352, and 12105 is already occupied for several hours by KSDA in Chinese and KTWR. 12100 itself had not been used by any other station. However, 12105 is not on the B-11 schedule for AWR/KSDA so that collision and perhaps Firedrake should go away in a few weeks. But IBB Iranawila will be using 12105 some and still KTWR (gh, WOR 1586, DXLD)

B-11 AWR Short Wave Broadcast Schedule, Version 01 / 2011-10-06 / pub

AWR Frequency Management Office, Sandwiesenstr. 35, 64665 Alsbach, Germany. Email <dedio @ awr.org>
(AWR via ADDX Andreas Volk-D, via wwdxc BC-DX TopNews Oct 6)

VANUATU - 7260 Radio Vanuatu, at 0815-0830 UT, in Tok Pidgin. English C&W and ballad type music, poor reception. 09-Oct. (Ed Wlodarski-NJ-USA N2ED, NASWA Flashsheet via dxld)

Last reported on 7260 kHz from NZL, July 13. All reports since have been on 3945 kHz, mostly by Bobrowiec, Brasil. So 7260 kHz is reactivated? Watch out for Ulaanbaatar and Urumqi, both also scheduled on 7260 kHz after 0655 UT, per HFCC and Aoki, but may be too early for them at 0800 UT, especially Wulumuchi. Vanuatu has its own local English-based lingua franca, Bislama, related to Tok Pisin on other islands:
<<http://www.omniglot.com/writing/bislama.php>> (gh, dxld Oct 11)

Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA:

- 3255.0 SOUTH AFRICA. BBC World Service via Meyerton, 0401-0420 Sep 24, man announcer with news in English. End of news at 0406 followed by IOD and news features. Poor.
- 3290.0 GUYANA. Voice of Guyana – Georgetown, 0347-0418 Oct 6, man announcer talking in English taking phone calls from listeners in Georgetown discussing local issues. Fair.
- 4775.0 SWAZILAND. Trans World Radio – Manzini, 0347-0415 Aug 26, man and woman announcers talking in listed Lomwe language with choir vocals at 0356 and talk ending program over music. IS at 0358 followed by ID (“Good morning, this is Trans World Radio broadcasting from Manzini, Swaziland. The following program is from our German Service followed by our English to Africa Service. This is Trans World Radio.”) The announcement was repeated followed by opening of the German program. Fair.
- 4780.0 DJIBOUTI. RTV Djibouti, 0304-0336 fade out Sep 16, recitations until man spoke at length in Arabic language. Poor to fair.
- 4865.0 BRAZIL. Radio Alvorda – Londrina, 0940-1015 Oct 4, man preaching in Portuguese language alternating with choir vocals. Another man announcer with ID and frequency announcement at 1001. After another vocal, another man began preaching before a live audience. Fair.
- 4910.0 MADAGASCAR. Radio Madagasikara, 0348-0416 Sep 10, noted on this frequency thanks to Ron Howard log with man announcer hosting pop music program with English language lyrics. ID at 0400 followed by another man with news. More pop tunes from 0405 with talk by a woman announcer at 0409. Poor to fair with CODAR QRM.
- 4915.0 BRAZIL. Radio Daqui – Goiânia, 2314-0003* Oct 5, man announcer with brief Portuguese talks and IDs between pop music selections; also noted a few time checks, periodic ad strings and jingles. Carrier cut mid-song during a romantic vocal. Poor to fair.
- 4960.0 SAO TOME. Voice of America – Pinheira, 0413-0437 Sep 22, English program with African news features and several IDs. ID followed by news at 0430. Poor to fair.
- 5010.0 MADAGASCAR. Radio Madagasikara, 0302-0334 Aug 29, tuned in to “Amazing Grace” sung by choir followed by a man with long religious talk over instrumental music in presumed Malagasy language. At 0316 a woman announcer spoke accompanied by flute music ending religious programming. Id followed by discussion by man and woman announcers until news at 0330. Poor to fair.
- 5051.0 USA. WWRB – Manchester, 0252-0307 Aug 17, tuning through noticed them off nominal frequency with Pastor Charles Williams doing some Bible readings. Fair to good.
- 5910.0 COLOMBIA. Alcaraván Radio – Puerto Lleras, 0251-0435 Sep 30, Latin music with IDs between most songs. 5+1 time pips at 0300 under music. At 0301 a man announcer gave a formal ID and frequency announcement in Spanish. Fair to good.
- 5990.0 BRAZIL. Radio Senado, 0943-1006 Aug 22, Brazilian pop vocals hosted by a woman announcer with Portuguese talks. Jingle ID at 1001 followed by a man announcer with formal ID and frequency announcement. More pop music. Fair to good.
- 5995.0 MALI. Radiodiffusion TV Malienne – Bamako, 2326-2359* Sep 14, woman announcer in French language hosting a call-in program with short pop music selections between listener phone calls. Close down by a woman announcer at 2356 with ID followed by choral National Anthem. Poor to fair.
- 6030.0 ETHIOPIA. Radio Oromiya, *0321-0352 Aug 29, xylophone IS with a man announcer with ID at 0329, sign on announcements in Oromo language, another ID followed by music bridge and talk by a woman announcer. Into program of Horn of Africa vocals. Fair.

- 6165.0 CHAD. Radio Chad, *0427-0434 Sep 23, open carrier after Radio Netherlands sign off until Balafon IS heard at poor to fair level. NHK World opened with Spanish announcements by a woman announcer at 0429 with Chad now weakly in background. Chad's orchestra National Anthem could be heard under NHK opening music. A man with French talk could be heard but not much else after that point as NHK began the news.
- 7125.0 GUINEA. Radio Guinée, 2224-2300* Sep 8, man announcer with continuous French language talk until plug pulled at 2300. Fair.
- 7200.0 SUDAN. Radio Omdurman, 0253-0319 Sep 21, Arabic vocals, 5+ 1 time pips at 0301 followed by man in Arabic with ID and news. More vocals after the news at 0310. Fair.
- 7245.0 MAURITANIA. Radio Mauritanie, 0654-0721 Sep 26, man announcer with talk in Arabic followed by Middle Eastern music at 0701. A man and woman alternated talking followed by another man with station ID at 0702. Into news program with a man announcer at 0703 which ended at 0716. Music programming followed. Good signal.
- 7460.0 PRIDNESTROVYA (Moldova). Payam-e Doost – Grigoriopol, *0228-0315* Sep 9, open carrier with tones until instrumental music opening at 0230 followed by woman announcer with ID and announcements in Farsi. Long religious sounding talk by a man followed by choir type vocals at 0308. Fair.
- 9610.0 CLANDESTINE (Nigeria). Radio Hamada International via Wertachtal, *0530-0558* Aug 30, IS followed by man announcer in Hausa language with ID and opening announcements. News mainly about Nigeria followed with various talks and discussions about Nigeria after the news. Numerous IDs during broadcast with sign off ID and closedown announcements at 0556 by a woman announcer. Fair.
- 9685.0 BOSNIA. International Radio of Serbia via Bijeljina, 0033-0059* Aug 17, English news followed by ID and features until closedown at 0058 requesting letters and e-mails and IS. Very good.
- 9705.0 ETHIOPIA. Radio Ethiopia, 0320-0410 Aug 25, man announcer with talk in Amharic language followed by Horn of Africa vocals. Man with news at 0330. More HoA vocals after news followed by ID and announcements at 0359. Gongs at 0400. Fair to good.
- 9705.0 NIGER. La Voix du Sahel, 2248-2258* Sep 14, male vocal selection prior to man announcer speaking in French language. Brief flute music at 2255 followed by choral National Anthem. Tone after anthem before carrier cut. Fair.
- 9820.0 BRAZIL. Radio 9 de Julho, 0034-0112 Oct 7, mix of Portuguese talks by a man announcer and musical programming. Poor to fair.
- 9890.0 THAILAND. Radio Thailand World Service, *1157-1209 Sep 22, open carrier followed by ID, IS and English announcement for World Service mentioning the next program was in Malaysian language. After brief musical interlude, Malaysian program began with ID and news by a man announcer. Poor to fair.
- 11670.0 INDIA. All India Radio – Bangaluru, 2211-2226 Sep 28, English program with commentary followed by ID and sports program. Good signal. // 9445 (Bangaluru) was also good.
- 11690.0 CLANDESTINE (Congo). Radio Okapi – Meyerton, 0451-0459* Sep 8, pop vocals until a woman announcer spoke in French with ID and announcements prior to carrier being terminated. Poor to fair.
- 11710.6 ARGENTINA. RAE, 0238-0308 Sep 8, English program with IDs and "DX Special" program and some tango music until 0255 IS and multi-lingo IDs. French language program opened at 0300. Fair.

Thanks a lot to our club members for your contributions:

- PH : Paul Hayes, Limerick, Ireland. Realistic DX 394 with indoor dipole.
- RAD : Richard A.D'Angelo, Wyomissing, PA, USA. Ten-Tec RX-340, Drake R-8B, Eton E1, Lowe HF-150 with Alpha Delta DX Sloper, Datong FL3.
- RL : Richard Lemke, St. Albert, Alberta, Canada. JRC NRD-535 HF Antenna random long wires in the trees.

Dear Friends,

Welcome to the October edition of Logbook .

Thanks to our regular contributors for their shortwave loggings compiled in this short Logbook.

Till next month take care,

Ashok Kumar Bose

QSL CORNER

Editor: Kanwar Sandhu, 1084 Beauty Avenue, Winnipeg, Manitoba, R2P 2G5, CANADA
