Cover: Peter Pohle + Jürgen Kauer (KAVOP)

DX MAGAZINE No. 11

Vol. XLVI

November 2011

Hello again,

Welcome to another issue of our DX MAGAZINE. Please remember to order the new **WORLD RADIO TV HANDBOOK 2012** as soon as possible, since it is scheduled to be available here in Europe in mid of December, as reported in our last DX MAGAZINE. More information on this year's edition can be found on our web page: <<http://www.wwdxc.de/archive/wrth2012.pdf>>.

Bitte denken Sie daran, daß das neue **WORLD RADIO TV HANDBOOK 2012** auch in diesem Jahr wieder Mitte Dezember erscheinen wird (s. DX MAGAZINE 10). Ihre Bestellung sollte daher spätestens Anfang Dezember bei uns vorliegen, wenn Sie bei der ersten Auslieferung dabei sein wollen.

The **A.I.R. Contest 2012 "Attilio Leoni"**, the annual Italian DX contest by Associazione Italiana Radioascolto, will take place from January 2nd to 9th, 2012. For full information, please write to: Bruno Pecolatto, AIR Contest Manager, Fermo Posta, I-10080 Ingrida (TO), Italy, E-mail: <bpecolatto@libero.it>.

And with this best wishes and good DX until next month from

Re: Radio Bulgaria in B-11 season.

So yet another shortwave site that will go dark on Saturday. And it seems here we finally have the apparent reason for testing Kostinbrod on some Padarsko (a.k.a. Plovdiv) frequencies back in May: To make a decision about which site to keep.

These 2 x 100 kW transmitters each appear to be a pair of 50 kW Sneg units, always run in pairs with combiners already delivered with the transmitters (the 4 x 100 kW at Koenigs Wusterhausen were likewise 8 Sneg transmitters as well). If I recall correct the DRM, which they will now apparently dump altogether, has finally been run with the single 250 kW transmitter at Kostinbrod, apparently not reflected yet in this photo gallery (which suggests that the "100 kW" are rather 70 kW, if the inscription is no misunderstanding):

<<http://www.predavatel.com/bg/1/kostinbrod#rps>>

In fact there used to be another "Sofia" shortwave site, Stolnik, with at least one transmitter identical to ones installed at Brovary near Kiev. Note the wavelength indicators of which the readable ones refer to 15330, 9700 and 6070 kHz, all being frequencies used around 1990: <<http://www.predavatel.com/bg/1/elin-pelin#stolnik>>

And Padarsko will see a cost-cutting change as well: They will primarily use the three 250 kW transmitter and fall back upon only one of the 500 kW rigs as the fourth unit they need to run this schedule, in some cases just to make an immediate beam switch at the hour which the antenna matrix switch presumably does not allow, so they will rather cut one transmitter off and immediately after that another one on the same frequency but another antenna on. And here the powers are already for years officially reduced to 170 and 300, respectively, kW. Photos of the

equipment which is pretty similar to the shortwave installations at Grigoropol, in particular the SGD-RA dipole walls and the PA rotatable antenna: <<http://www.predavatel.com/bg/3/brezovo#padarsko>> (Kai Ludwig-D, dxld Oct 24)

INDIA - AIR Ranchi no more SW - via Facebook IDXCI Group: Just talked to a person in the office of Additional Director General (E)(East Zone) (in Kolkata) All India Radio, and found the fact that AIR Ranchi will not return to SW any more, it was closed for more than 2 years and no listener complained about it, hence they stopped it. And it will not return on SW. So always send your mails to stations you listen otherwise you may not know your one letter can be a drop to build an ocean.

AIR Kohima and Itanagar fall under AIR GUWAHATI, someone can try to talk with them if possible; I discussed in Bengali - as it was comfortable for both of us. The person also confirmed that 594 kHz Mogra (near Kolkata) HPT 1000 kW MW will return by February 2012 as up-gradation is going on now...
(Partha Sarathi Goswami, Siliguri, West Bengal, INDIA, Skype: dxinginfo, dxldyg via DXLD)

5050, AIR Aizawl, at 1203-1310 UT on Oct 24. Victor Goonetilleke (Sri Lanka) noted in dxld on July 28, 2011: "AIR Aizawl. From Mizoram, another which appears to be off, hope not for good."

Have been monitoring here looking for the return of Ozy Radio (Australia), but was surprised today to find instead the reactivation of AIR. A new transmitter? Much stronger than I recall hearing them in the past. Best reception only possible when the much stronger Beibu Bay Radio (BBR) had a segment of just talking, as when they played music was almost impossible to make out AIR.

Played mostly slow tempo songs (sounded very much like religious songs?); 1220 UT news in English (Maoist combatants still in camps and unrest in Nepal, etc.); back to same type of songs; 1300 UT "All India Radio, Aizawl"; news in assume Hindi with another ID at 1307 UT. This of course is extremely bad news for Ozy Radio! A brief MP3 audio at <<http://www.box.net/shared/78rmuoyhr0derubhesyt>>
(Ron Howard-CA-USA, DXindia Oct 24)

INDONESIA - 3325 RRI Palangkaraya at 1250-1325 UT on Oct 22. Indigeneous mx program hosted by YL; at 1308 UT, a 5-minute anmt mentioning "musik tradisional" with several dates and times given; could have been upcoming events or perhaps program notes; a couple of ID's noted; back to mx at 1313 UT; tuned out at 1325 UT. Good signal. (John Wilkins-CO-USA, DXplorer Oct 22)

Reactivated RRI-Fak Fak on 4789.98 kHz.

On 4790 kHz, Oct 21, at 1231 UT I heard 'Sau Nusa Sau Bangsa', followed by YL talk, so much noise I couldn't hear the details, inspite of unusual strong signal from here. Next program was music by request by phone call passing 1300 UT. (Tony Ashar-INS, dxld Oct 21)

Sei-ichi Hasegawa wrote "I can receive RRI Fak Fak on 4789.98 kHz from *1050UT on Oct 21, strong and the reception is good. Oct 19 was able to receive it at 0905 UT tune in to 0939*UT, too.
(Sei-ichi Hasegawa-JPN, dxld Oct 22)

LIBYA - 11600 Transmitter at Sabrata on air approx. 1558 UT Oct 23, powerful fair signal noted in Europe, S=9+10dBm, station started with a test tone signal of 1038 Hertz til 16.06:35 UT, also at 16.07:55 UT many Tripolis and Libya IDs in French given.

But different to the huge TX carrier power and the superb test tone signal, the original program feed from Tripolis broadcasting house to Sabrata was opposite quality of small bandwidth and little undermodulated. Noted increased audio signal level later at 1637 UT. A lot of western waltzing and symphonic music played. Listen to attached recording of some pieces between 1558 and 1608 UT. (wb, wwdxc BC-DX TopNews Oct 23)

Here's what I heard:

"Ici Radio Television Libye(*). Radio Libye de la capitale Tripoli. Tres chers auditeurs en Europe (**) et sur le continent africain, vous pouvez suivre nos emissions en langue francaise. (...??) ... de la capitale Tripoli sur ondes courtes sur une interference (***) de 11600 kHz de 18h00 a 20h00, heure locale, soit de 1600 a 1800 UT. Radio-Television Libye. Radio Libye de la capitale Tripoli

(*) I wonder if they really say "Libye" as I heard something like "IRI".

(**) Europe ? need to be confirmed.

(***) they really say "interference".

(Jean-Michel Aubier-F, wwdxc BC-DX TopNews Oct 23)

Radio Thailand, World Services (HSK9), Public Relations Department, Royal Thai Government, 236 Vibhavadi Rangsit Road, Din Daeng, Bangkok 10400, Thailand. Email: <english@hsk9.org> (wb, wwdxc BC-DX TopNews Oct 17)

9575 R Thailand, Udon Thani, at 1358-1400 UT on Oct 17, gong IS and English ID as "HSK9, Radio Thailand's World Service, broadcasting from the Public Relations Department in Bangkok", repeat IS and ID. Good and clear signal right after Australia closed 9580 kHz.

However, off at 1359* UT and back on weaker at *1400 UT just in time for pips, ID as "Radio Thailand, Am 9-18, time for the 8 pm news magazine". Must be delayed an hour since local time is now 9 pm (UT +7). And Udon must have been late, making the beam switch from 54 degrees for the 1330-1400 UT Thai broadcast to 132 degrees for the 1400-1430 UT English. Should have done so before the IS/ID break. (gh, via dswci DXW Oct 21)

(R BULGARIA DX MIX News, via wwdxc BC-DX TopNews Nov 8)

UGANDA - 4750 Dunamis BC, Mukono, at 1722-1745 UT on Oct 22, African pops; 35332, deteriorating. Nice signal for the power they have, only disturbed by too much noise.
(Carlos Goncalves-POR, wwdxc BC-DX TopNews Oct 24)

UNITED KINGDOM - BBC to open vast radio archive online - November 3rd, 2011 - 12:50 UTC by Andy Sennitt.

The BBC is to introduce a new radio website, codenamed "Audiopedia", to contain virtually its entire archive of speech radio programmes going back to the 1940s. The service is being developed for launch 'within the next 12 months', said Tim Davie, director of BBC Audio and Music. "Audiopedia", its working title, may yet become its formal name, he added.

'The BBC is working on how best to present Audiopedia at the moment but most people will probably access the new on demand content via other pieces of related content they are already listening to across the BBC website, he explained. (<<http://blogs.rnw.nl/medianetwork>>)

11714.800 Probably KJES Vado-NM-USA program in English?, roar children sing-song at 1430-1445 UT Sunday Oct 23. Poor S=4-5 here in western Europe.

9954.960 Checked WRMI transmission in Spanish at 0020 UT Oct 23. TX unit still 40 Hertz odd frequency. Transmission was [Cuban?] noise jamming suffering. (wb, wwdxc BC-DX TopNews Oct 23)

Meanwhile the new WRMI 9955 kHz relay of R. Martí was inaudible under jamming but at 2240 UT "Cuba al Día"

confirmed on WRMI webcast, and it's not // live Martí. (gh, dxld Oct 24)

9990 WTWW-2 - George McClintock advises at 1615 UT Oct 18 that his third transmitter has finally started testing on-air, as needed on this frequency daytime, and will be on 5080 kHz at night (or alternate 5095 kHz; both have QRM problems). 9990 kHz running 12 kW, open carrier only. Later will test with // PPP programming as on 9479 / 5755 kHz, and maybe do a live special with Ted Randall playing oldies and taking reception report phone calls as was done with #1. Several small problems with #2 still need to be worked out. I have urged George not to use 9990 kHz, due to proximity of WWV 10000 which is likely to suffer, as well as to 9980 WWCR. So far I have not heard 9990 kHz myself. (gh, 1630 UT Oct 18, dxld)

12104.968 WTWW Lebanon-TN in Portuguese logged on Oct 18 at 0059 UT, S=8-9 signal here in Eu. (wb, wwdxc BC-DX TopNews Oct 18)

Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA:

- 3240.0 SWAZILAND. Trans World Radio – Manzini, 0304-0331 Nov 5, religious talks in listed Shona language with musical selections, poor and deteriorated unusable by 0325.
- 3255.0 SOUTH AFRICA. BBC World Service via Meyerton, 0401-0420 Sep 24, man announcer with news in English. End of news at 0406 followed by IDD and news features. Poor.
- 3290.0 GUYANA. Voice of Guyana – Georgetown, 0347-0418 Oct 6, man announcer talking in English taking phone calls from listeners in Georgetown discussing local issues. Fair.
- 3350.0 COSTA RICA. Radio Exterior de España via Cariari de Pococí, 0224-0305 Nov 6, two men with discussion in Spanish with 5+1 time pips at 0230. Program seemed to end at 0245 followed by woman with light music and some talk. 5+1 time pips, ID followed by the news ready by another woman at 0300. Fair signal but noisy conditions.
- 4780.0 DJIBOUTI. RTV Djibouti, 0304-0336 fade out Sep 16, recitations until man spoke at length in Arabic language. Poor to fair.
- 4865.0 BRAZIL. Radio Alvorda – Londrina, 0940-1015 Oct 4, man preaching in Portuguese language alternating with choir vocals. Another man announcer with ID and frequency announcement at 1001. After another vocal, another man began preaching before a live audience. Fair.
- 4915.0 BRAZIL. Radio Daqui – Goiânia, 2314-0003* Oct 5, man announcer with brief Portuguese talks and IDs between pop music selections; also noted a few time checks, periodic ad strings and jingles. Carrier cut mid-song during a romantic vocal. Poor to fair.
- 4960.0 SAO TOME. Voice of America – Pinheira, 0413-0437 Sep 22, English program with African news features and several IDs. ID followed by news at 0430. Poor to fair.
- 5910.0 COLOMBIA. Alcaraván Radio – Puerto Lleras, 0251-0435 Sep 30, Latin music with IDs between most songs. 5+1 time pips at 0300 under music. At 0301 gave formal ID and frequency announcement in Spanish. Fair to good.
- 5995.0 MALI. Radiodiffusion TV Malienne – Bamako, 2326-2359* Sep 14, woman announcer in French language hosting a call-in program with short pop music selections between listener phone calls. Close down by a woman announcer at 2356 with ID followed by choral National Anthem. Poor to fair.
- 6015.0 ROMANIA. Radio Romania International via Galbeni, 2334-2356* Nov 4, English service to Western Europe and Japan with Traditional Music Box program, "Sports Weekend" and "Roots" with several IDs. Fair with //7220 (Galbeni) also fair but //9530 (Tiganesti) quite poor.
- 6165.0 CHAD. Radio Chad, *0427-0434 Sep 23, open carrier after Radio Netherlands sign off until Balafon IS heard at poor to fair level. NHK World opened with Spanish announcements by a woman announcer at 0429 with Chad now weakly in background. Chad's orchestra National Anthem could be heard under NHK opening music. A man with French talk could be heard but not much else after that point as NHK began the news.
- 7200.0 SUDAN. Radio Omdurman, 0253-0319 Sep 21, Arabic vocals, 5+1 time pips at 0301 followed by man in Arabic with ID and news. More vocals after the news at 0310. Fair.
- 7245.0 MAURITANIA. Radio Mauritanie, 0654-0721 Sep 26, man announcer with talk in Arabic followed by Middle Eastern music at 0701. A man and woman alternated talking followed by another man with station ID at 0702. Into news program with a man announcer at 0703 which ended at 0716. Music programming followed. Good signal.
- 7360.0 FRENCH GUIANA Family Radio, 2358-0000 Oct 18, looking for English program but heard only familiar theme music at very poor level before being consumed in the noise.
- 7425.0 ALBANIA. Radio Tirana, *0228-0257* Oct 18, IS followed by opening of English program, some vocal selections, cultural features and Sports Round-Up. Excellent signal although audio somewhat muffled. sign off. Fair but //11670 (Bangalore) was very good.

- 9580.0 GABON.Africa No. 1, 2136- 2212 Nov 4, an old favorite noted with a program apparently devoted to Lionel Ritchie hits songs, many of them live concert versions, hosted by a man announcer in French. Four time pips at 2200 followed by ID and news. Fair.
- 9705.0 NIGER. La Voix du Sahel, 2248-2258* Sep 14, male vocal selection prior to man announcer speaking in French language. Brief flute music at 2255 followed by choral National Anthem. Tone after anthem before carrier cut. Fair.
- 9780.0 SRI LANKA.Voice of America – Iranawila, 0100-0117 Oct 13, opening of English program with ID and a man announcer with the news. Poor to fair reception.
- 9820.0 BRAZIL. Radio 9 de Julho, 0034-0112 Oct 7, mix of Portuguese talks by a man announcer and musical programming. Poor to fair.
- 9830.0 AUSTRIA.Radio Austria International, *0030-0057* Oct 13, sudden on with woman announcer followed by short segment of instrumental music and a man announcer with News in German language. Many remote reports and some English audio clips of Bidden and Clinton talking about Iranian assassination plot in Washington, DC of Saudi diplomat. Good.
- 9890.0 THAILAND.Radio Thailand World Service, *1157-1209 Sep 22, open carrier followed by ID, IS and English announcement for World Service mentioning the next program was in Malaysian language. After brief musical interlude, Malaysian program began with ID and news by a man announcer. Poor to fair.
- 11670.0 INDIA. All India Radio – Bangaluru, 2211-2226 Sep 28, English program with commentary followed by ID and sports program. Good signal. // 9445 (Bangaluru) was also good.
- 11710.0 CHINA. China National Radio via Beijing, 2312-2336 Nov 4, man announcer in Chinese with news features. Series of announcements at 2319 and again at 2329 with ID before resuming news features. Fair.
- 11715.0 INDIA (Goa). All India Radio – Panaji, 2154-2230* Oct 22, Indian vocals to 2159 man announcer General Overseas Service ID at end of program. News at 2200 by a woman announcer with headlines followed by stories. ID at 2205 and again at 2210 with end of news. Commentary by a man about US-Pakistan Drift Widens". Cultural Roundup and light flute music before sign off.Fair
- 11905.0 SRI LANKA.Sri Lanka Broadcasting Corporation (presumed), 0126-0227 Oct 18, nice program of Hindi vocals hosted by a woman announcer with brief Hindi talk between selections. Nothing close to an ID but have heard this signing on in the past. Fair.
- 15275.0 THAILAND.Radio Thailand, 0013-0029* Oct 12, promotional announcements, ID and news in English hosted by a man and woman announcer team. Fair to good signal and some flutter.
- 17745.0 PORTUGAL.Sudan Radio Service (presumed) – Sines, 1506-1537 Oct 15, vocals and instrumentals with a handful of short Arabic announcements. No English segment noted. Poor to fair in noisy conditions.
- 25990.0 USA. KSCS – Ft. Worth, TX, 1923-1950 Nov 5, thanks to Brian Alexander tip noted with continuous country music vocals with some very brief female announcer talk. Fair on peaks with very deep fades.

Thanks a lot to our club members for your contributions:

- RL : Richard Lemke, St. Albert, Alberta, Canada. JRC NRD-535 HF Antenna random long wires in the trees.

Dear Friends,

Welcome to the November edition of Logbook.

I would request members to double check the time and frequency of their loggings. The time should be in UTC and if possible include the transmitter location country.

One of the best tools I found out was the internet site <<http://www.short-wave.info>>. Just by entering the station name, time and frequency it is possible to find out the details.

Till next month take care,

Ashok Kumar Bose
