DX MAGAZINE No. 2

Vol. LI

February 2016

Hello again,

Welcome to another issue of our DX MAGAZINE. I have no news to report from inside the club this month - therefore let's just start with our usual news from outside the club - only one item this month:

The **WRTH Editorial team** is pleased to announce that the updates to the B15 schedules in the International section of WRTH 2016 are now available for free download from the WRTH website, navigate to: [http://www.wrth.com/\\_shop/?p=2569](http://www.wrth.com/_shop/?p=2569) and right click the link "WRTH2016IntRadioSuppl1\_B15 SchedulesUpdate" and choose "Save file as..." to save the file to your hard drive. The file is in PDF format and will require the free Adobe Acrobat reader. We hope you find this a useful accompaniment to the printed WRTH edition.

(Nicholas Hardyman, Publisher - World Radio TV Handbook)

And with this best wishes and good DX until next month from

## NEWS ABOUT BROADCASTING (+other) STATIONS

Walter Eibl · Postfach 15 45 · D-91005 Erlangen · GERMANY

**ALASKA [non]** - Good signal of KNLS The New Life Station, Jan 19:

0800-0900 on 9615 NLS 100 kW / 270 deg to SEAs English tx#2  
 0900-1000 on 9680# NLS 100 kW / 300 deg to NEAs Russian tx#2  
 #QRM Ictimai Radio with broadband FM modulation on 9676.9 kHz.  
 (Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

**ANGOLA** - 4949.75 Radio Nacional de Angola, at 0408-0430 UT on Feb 1. Several clear IDs; "African pop" (formerly hi-life, hi. I confess it was convenient to use this nomenclature over the years to describe this music genre, as it sounded more exotic than "African pop"); reception well above the norm; enjoyable.

(Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 1)

**ARMENIA** - 4810, Yerevan, Gavar, 1530-1700, Jan 06, Kurdish dialect [Gorani language!], IS, ID in Armenian, Nat. Anthem, ID in some Kurdish dialect approx: "Yerevan Hamzadi www.armradio.am ", followed by march/hymn in the past used from R Voice of Iraqi Kurdistan, at 1545 program in Greek with ID "Milai Yerevan" (here is Yerevan), later in Azeri and Turkish the ID was "Burase Yerevan" (Speaking Yerevan), 43333. (Rumen Pankov, Sofia, Bulgaria, DSWCI DX Window Jan 20 via DXLD)

Reception of Voice of Armenia on January 19.

From powerful to good signal & from fair to poor signal:

1530-1545 on 4810 ERV 050 kW / non-dir to N/ME Assyrian

1545-1600 on 4810 ERV 050 kW / non-dir to N/ME Greek  
 1600-1630 on 4810 ERV 050 kW / non-dir to N/ME Kurdish  
 1630-1700 on 4810 ERV 050 kW / non-dir to N/ME Yezidi  
 1700-1715 on 4810 ERV 050 kW / non-dir to N/ME Turkish  
 1715-1745 on 4810 ERV 050 kW / non-dir to N/ME Azeri  
 1745-1815 on 4810 ERV 050 kW / non-dir to N/ME Farsi  
 1815-1845 on 4810 ERV 050 kW / non-dir to N/ME Arabic  
 (Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

**ASCENSION ISL.** - Frequency change of Follow The Bible Ministries from Jan 17:  
 1900-1930 NF 12030 ASC 250kW 55deg to WAF English Sun, ex11830 kHz.  
 (Ivo Ivanov-BUL, hcdx via wwdxc BC-DX TopNews Jan 20 / 21)

In A-16 season from March 27 requested via Ascension relay on  
 11830 kHz at Suns only 1900-1930 UT to zone 46SE, 250kW 55deg to WAF BAB.  
 (wb, wwdxc BC-DX TopNews Jan 21)

**AUSTRALIA** - Poor to weak reception of ABC Radio Australia on Feb.2:  
 till 0857 on 15415 SHP 100 kW / 355 deg to EAs English Daily tx#3  
 0900-0930 on 12065 SHP 100 kW / 355 deg to EAs Tok Pisin Mo-Fr tx#3  
 0900-0930 on 12065 SHP 100 kW / 355 deg to EAs English Sa/Su tx#3  
 (DX MIX NEWS # 938)

Kununurra expansion --- Big Project --- A major project for us this year is to bring the third transmitter from the [United] States to Kununurra. This is a major undertaking and we ask for your prayers that this may be a smooth process. There are a lot of preparation work needed to incorporate the transmitter into our current infrastructure. We hope to have this transmitter tested and fully operational by the next broadcast schedule change.

You can read more about this project in the latest Newsletter. [ReachBeyond Australia Bulletin, January 2016]  
 Good news! A third 100 kW transmitter is on its way from Elkhart in the USA and is expected to be delivered in March 2016. Our opportunity to share the good news just got better. It is expected the first broadcast using our newly refurbished transmitter will air in the first half of 2016. This will give Reach Beyond Australia added transmission capacity as well as greater flexibility to deliver programs at the best listening times.

Many of you will be aware of our DRM project. It consisted of refurbishing and modifying an existing HC 100 transmitter plus upgrading it for digital shortwave operation. The refurbishment is complete; however, the digital technology that is required has not progressed to the extent expected and is still at least 2 years away. Significant distribution of digital receivers across Asia is also well behind schedule. This has helped in our decision to bring the transmitter to Kununurra as soon as possible.

Derek Kickbush, Reach Beyond Media Manager said, "We're not dismissing a move to digital shortwave. It just means it will be later rather than sooner. What is evident is the need for our third transmitter NOW! We have a great opportunity to enhance our reach into India and the arrival of a third fully refurbished analogue transmitter will greatly assist that. That's the mandate God has given us, to reach the unreached with a message of hope."

<<http://www.reachbeyond.org.au/resources/news/third-transmitter-for-kununurra>>  
 Retrieved 15 January 2016. The website is a full copy of the story in the newsletter which is at:  
 <<http://www.reachbeyond.org.au/site/DefaultSite/filesystem/documents/publications/Voice%20and%20Hands%20158%20Dec2015.pdf>>

The newsletter contains an opening for volunteers at Kununurra, if anybody is interested!  
 (Eike Bierwirth, Germany, Jan 15, shortwavesites yg via WOR 1809, DXLD)

**AUSTRALIA [and non]** - Frequency change of FEBA Radio, Radio Sama in Arabic from January 15:  
 1700-1830 NF 11765 WOF 250 kW / 128 deg to N/ME, ex 12065 to avoid R. Australia:  
 (Ivo Ivanov, Bulgariya, dxldyg via DXLD)

**AUSTRIA / U.K.** - Additional test broadcasts of BBC WS from January 20:  
 1200-1400 3955 WOF 100 kW 114 deg to WEu English Wed in DRM mode  
 1200-1400 9870 OE 100 kW 295 deg to WEu English Wed in DRM mode  
 (Ivo Ivanov-BUL, hcdx via wwdxc BC-DX TopNews Jan 21)

**AZERBAIJAN** - Strong signal of Ictimai Radio with broadband FM modulation, Jan 19 from 0820 on 9676.9  
 secret  
 unknown site to CeAs Azeri, scheduled 0815v-1415v UT.

(Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

**BAHRAIN** - 9745 (carrier + USB mode), Radio Bahrain, at 1419 UT on Jan 30. Seemed to be the Maghrib (evening) call-to-prayer; for several days have had decent reception; nice selection of music (classical guitar, ME type singing, etc.). (Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Jan 31)

9744.9935 Radio Bahrain in usb mode [H3E SSB-FC full carrier), from Abu Hayan site at 1020 UT on Febr 2. Arabic singer program. Heard on rather low tiny level in signal skip zone at remote Doha Qatar unit. [selected SDR options, span 12.5 kHz RBW 15.3 Hertz] (wb, wwdxc BC-DX TopNews Febr 2)

**BANGLADESH** - 4750 Bangladesh Betar (Home Service), at 1532 UT on Feb 10. News / sports / weather in English; scores from the South Asian Games; 1542 UT "News Commentary," "The cabinet approved the draft of a Memorandum of Understanding with Malaysia with a target of sending 15 lakh Bangladeshi workers there in three years under a G2G Plus process. The approval came at the regular weekly cabinet meeting held at Bangladesh Secretariat with prime minister Sheikh Hasina in the chair."; 1545\* UT; fairly readable even with CNR1 QRM. (Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 11)

**BELARUS [and non]** - Belarusian Radio 1 vs. Voice of Nigeria on January 28:  
0600-0700 7255.0 MNS 125 kW / 072 deg E Eu Belarusian Belarusian Radio 1  
0600-0700 7254.9 AJA 250 kW / 248 deg W CAf Hausa Voice of Nigeria, ex 9690v  
(Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

**BHUTAN** - 6035.05 BBS Thimphu, at 0059 UT on Jan 30. Just after missing sign on, heard the usual chanting/singing; weak. (Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Jan 31)

see: 6035.055 BTN Bhutan BS, Thimphu, Sangaygang, Dzongkha service noted around 0125 UT on Jan 27, odd frequency, S=6-7, repetitive indigenous chanting and instrumental music, then indigenous singing again.(wb, wwdxc BC-DX TopNews Jan 27)

**BOLIVIA** - 4451.1, Radio Santa Ana, Santa Ana de Yacuma, 2310 noted Spanish with weak signal, still on 2340. 14 January. (Robert Wilkner, Pompano Beach, South Florida, 746Pro - Drake R8 NRD 525, Mosquito Coast DX News Jan 16, playdx yg via DXLD)

5952.42, Radio Pio Doce, 0226\*; after the usual sign off format (whistling "Colonel Bogey March," full ID and chimes). 5955 seemed to have jamming (noise) there, causing QRM. (Ron Howard, California, dxldyg via WOR 1811, DXLD)

6135, Jan 29 at 0126, no signal from R. Santa Cruz on the lo side, with ailing transmitter for a couple weeks, and no signal either from R. Aparecida on the hi side! Which has also had problems and sporadicity. Just vacancies. If on, both ought to be showing, with Chaski and Fides just detected. (gh, DXLD)

Noted Feb 3. 6134.81, R. Santa Cruz, 0203\*; off with usual "Santa Cruz" song; tonight did not notice any of their recent transmitter problems, but had some Brazil (6135.18) QRM. (Ron Howard, California, dxldyg via WOR 1811, DXLD)

**BRAZIL** - 5940, R Voz Missionária, Camboriú with Screaming Androgynous Preacher. He/She had quite an audience judging from the echoes & rumbles from the assembled masses, but I honestly couldn't even tell if s/he was speaking Portuguese. The only thing I really caught was "Maranatha!" but He/She sure was worked up. Amazing how a screaming preacher sounds like a screaming preacher no matter what the language nominally being spoken is! ID by deep voiced OM in Portuguese as R Voz Missionária & giving a postal address. SID leading up to the BoH. A couple of mentions of "RVM" (letters) pronounced as they would be in English. 34443 with occasional blatting, but not often any more as the crawl space warmed up. 2328-0030, 23-24/Jan. (Kenneth Vito Zichi, MI2, MARE Tipsheet via DXLD)

6135.2 Radio Aparecida, Aparecida, SP, 2335 to 2340 UT noted in usb to avoid Santa Cruz, poor signal in PT with om comments 23 January. (Robert Wilkner-FL-USA, DXplorer via wwdxc BC-DX TopNews Jan 30)

15190 Radio Inconfidencia (M for maybe), 2314-2345 UT on 15 Jan, at 2258-2335+ UT on 17 Jan., 2319-2358+ UT on 22 Jan. Portuguese chat, some MPB/ballads, interviews, short program of classical music 2320-2335 UT on 17 Jan. & a very sketchy "Inconfidencia..." tossed in the commentary, also runs an echoey promo at BOH, 22 Jan. program seemed like it was sponsored by "Radio Nacional" as a few mentions of RN during the discussion.

Signal just above threshold &, i'm sure some pareidolia on my part helped with the reception. One more time at 2258-2345 UT on 24 Jan. with even poorer signal than usual (RB2/Voz Missionaria/Aparecida on 25/31mb also JBA). (Dan Sheedy-CA-USA; via Robert Wilkner-FL-USA, DXplorer via wwdxc BC-DX TopNews Jan 30)

## 6

The program called "Com A Mae Aparecida" (Together With Mother Apparition) aired by many radio stations in Brazil on MW & FM in the period from February 21st to October 16th, 2016 will be broadcasting also on SW as follows :

2300-0800 5035, 6040, 6135, 9630, 9725, 11855, 11935 and 0100-0800 9820 and maybe via other SW stations in Brazil.

(R Aparecida, R Be Dois & Radio Nove de Julho via Rumen Pankov-Sofia-BUL, via wwdxc BC-DX TopNews Jan 20)

**BULGARIA** - 11850 from Sofia Kostinbrod relay Babcock managed provider, Dimtse R. Erena program to ETH / ERI target, open carrier/dead air Feb 2 from 1700 11850 SOF 50 kW 195 deg to EAf Afar Oromo and off at 1710 UT. (Ivo Ivanov-BUL, hcdx via wwdxc BC-DX TopNews Feb 2)

On January 28 Brother HySTAIRical was back on air on the following frequencies via Secretbrod, after absence of 1 day on January 27:

1600-1700 15600 Kostinbrod 050 kW / 126 deg N/ME English  
1700-1800 15600 Kostinbrod 050 kW / 126 deg N/ME English Sa/Su/Tue-Thu  
1900-2300 5900\*Kostinbrod 050 kW / 306 deg WEu English  
2000-2200 9465 Kostinbrod 100 kW / 195 deg WAF English  
2000-2200 9500 Kostinbrod 100 kW / 306 deg ENAm English

Other frequency via Kostinbrod without break Jan 27:

1500-1700 on 11600#Kostinbrod 100 kW / 090 deg WAs English+weak signal of tx on 15600  
1900-2000 on 11600 Kostinbrod 050 kW / 195 deg WAF English

# two audio streams: 11600 with 65 sec. delay of 15600!

\* two audio streams: 5900 with 65 sec. delay of 11600!

(Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

**CANADA** - 6160 kHz CBC 01:46 UT on 31 Jan 2016. I'm listening to nominal 6160 kHz. CKZU from Vancouver lower mainland is not very far away, compared to CKZN St John's from Newfoundland. At the moment, CKZN is winning out, although both are similar strength. I'm measuring one on 6159.974 kHz, while the other is 6159.985 kHz. The latter (Newfoundland) is a little stronger, so most of the audio I'm hearing is from them. Interesting how propagation works! (Walt Salmaniw-Victoria-BC-CAN, dxld Jan 31)

*Winter time is best for listening to the LP Canadian stations past midnight. (we)*

**CANADA /GERMANY** - Cancelled transmission of BVBroadcasting:

0902-0917 on 17540 NAU 125 kW / 145 deg to NEAf Arabic Sa.

No change of BVBroadcasting transmissions on same frequency

0832-0902 on 17540 NAU 125 kW / 145 deg to NEAf Arabic Fr

0902-0917 on 17540 NAU 125 kW / 145 deg to NEAf English Fr

(DX MIX NEWS # 938)

**COLOMBIA** - 5910.05, on Feb 4 at 0547 UT, tropical music at S=9+15dB, so Alcaravan Radio is back on its usual + offset; no QRM now. BTW, the Tennesseans on 5830, 5890, 5935 kHz are much weaker, S7 very poor, not always the case. I had thought HJDH inactive, as I have not been hearing it after ~0630 UT when I usually start bedtime monitoring. Maybe they sign off circa 0600 UT now? Also check for sibling on 6010 kHz, finding only a JBA carrier, maybe something other than Conciencia. I don't check again until 0744 UT when 5910 kHz is definitely off.

I see in WRTH 2016 schedule as 23-10 UT for both 6010 and 5910 kHz, but 5910 kHz has a single dagger by it, unexplained, unlike the double dagger meaning inactive next to the only other Colombian SW listed, HJOY, LV del Guaviare, 2000-0300 UT with 5 kW on 6035 kHz which has been gone for years, so is there some reason to expect it back? The April 2015 Domestic Broadcasting Survey from DSWCI has it on the ever-expanding roster of deleted stations, as not heard since May 2011. (gh, hcdx and dxld Febr 5)

5910.260 kHz armchair listening in NJ/NY/MA East\_USA S=9 in peaks. On 6010 channel two stations visible: 6010.034 and 6010.086 kHz. Never ending Puzzle here on 6010 kHz. (wb, wwdxc BC-DX TopNews Febr 6)

**CONGO** - Brazzaville, 6115, R. Congo, Brazzaville, 1834-1843\* (fecho súbito), 16/1, francês, texto, música pop' africana; 34433, QRM adjacente. (Carlos Gonçalves, SW coast of Portugal, DXLD)

**CONGO DR** - 5066.4, Radio Candip at 0410 in a local language with report by a female voice followed by an ID "Radio Candip" at 0411 and talk/conversation (Congo and Africa were mentioned) - poor Jan 12. (Patrick Robic, AUSTRIA, ODXA YRX Jan 17 via DXLD)

**CUBA** - 4765, Jan 30 at 0226, again no signal from R. Progreso; altho I did not report it, 24.6 hours earlier, Jan 29 at 0149, I had noted it was on, with music. So quite unreliable now. Presumably not the source of the 4765 I heard at 1300 Jan 29, rather Tajikistan, altho Cuba was still audible on 5025. Official sked of Cuba 4765 is only 0130-0500 UT during winter time, altho Aoki fails to make the shift from summer timing as 0030-0400.

4765, Feb 1 at 0418, R. Progreso is AWOL again, clearing the channel for CODAR.  
(gh, WOR 1811, DXLD)

Unscheduled frequency of Radio Habana Cuba in 0500-0600 slot Jan 28:  
till 0553 on 9535 BEJ 100 kW / 260 deg to CAm English // 6000, 6060, 6100, 6165  
from 0553 on 9535 BEJ 100 kW / 260 deg to CAm Spanish // 5040

In winter B-15 of Radio Habana Cuba 9535 is registered:  
2200-0500 on 9535 BEJ 100 kW / 260 deg to CAm Spanish  
(Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

**EGYPT** - 12070, 1/13 0102-0124, R. Cairo, Abis, in Spanish. YL presents news: terrorist attack in Istanbul; 0110 short music pause, ID; 0114 Arabic song by male singer; 0118 "Panorama Egipcio". Fair signal and very distorted modulation (technical problem continues), 35432/35431.  
(DXer Jose Ronaldo Xavier (JRX), Cabedelo [Paraíba] - Brazil (UTC-3), Sony ICF-SW100S/Tecsun S-2000, Portable Telescopic antenna, Hard-Core-DX mailing list via DXLD)

9745 RC-Abis at 0425 in Arabic, Jan 15. Recitations. One of the most distorted broadcasts I've ever heard. Carrier at S9+40, but almost no audio, and what audio there is sounds horrible. Audio covering 9720 to 9765. Why won't the Egyptians fix this? (UTwente SDR via Mike Bryant, KY, dxldyg via DXLD)

Radio Cairo's "English" service is active on 9900 kHz, terribly overmodulated. On the Twente rx spectrum, the modulation spikes can be seen 100 kHz up and down! 2145 UT, 16 January 2016.  
(Eike Bierwirth, Hard-Core-DX mailing list via DXLD)

15535.09, Jan 17 at 1422, very poor signal with algo, off-frequency, presumably R. Cairo in Arabic as scheduled from Abis at 13-16 (gh, DXLD)

**EQUATORIAL GUINEA** - Feb 7 on 5005 kHz, RNGE signed on between 0531-0541 UT, with 0541 till 0601 UT pop African music and very brief announcements in Spanish; 0601 UT till tuned out at 0621 UT with non-musical segment; 0601-0614 UT alternating announcers in Spanish with what sounded like news; 0614-0621 UT monologue in Spanish; poor, but audio nicely above threshold level. Their sign on time varies a great deal; no consistency at all.  
(Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 7)

**ETHIOPIA** - 6090, Amhara State R., Addis Ababa at 0445-0505 in Amharic, Jan. 15. M & W announcers with E African vocals. Signal much stronger than usual; clarity dropped with co-channel Nigeria s/on at 0500.  
(UTwente SDR via Mike Bryant, KY, dxldyg via DXLD)

6110, Radio Fana - Addis Ababa, at \*0255-0303 UT on Feb 1, familiar IS to 0300 UT with man announcer giving opening station ID. Poor reception with noisy conditions tonight.  
(Rich D'Angelo-PA-USA, DXplorer, DXpedition Jan 31 / Febr 1 & 2)

**GERMANY** - Seit dem 31. Januar präsentiert der Shortwaveservice Kall die Sendung "Radio - Menschen & Geschichten". In der Selbstvorstellung heißt es: "An jedem letzten Sonntag im Monat nimmt das Team von Shortwaveservice.com Sie mit auf eine Reise in die Welt des Radios. Wir erzählen Geschichten und Anekdoten über das Medium, die Technik und die Menschen, die hinter den Sendungen im Hörfunk stehen. Manche dieser Geschichten sind menschlich, nachrichtlich, berührend oder kurios - auf jeden Fall stehen sie alle aber für leidenschaftliches Radio. Uns interessieren Storys über große und bekannte Radiosender genauso wie über kleine Stationen oder über alles andere, was man auf der Radioskala erwischen kann. Dabei wird "Radio - Menschen & Geschichten" nie ins Fachchinesisch verfallen, denn die Sendung richtet sich zwar unter anderem an Radiofreaks und DXer, aber auch an alle, die einfach nur Freude am Hörfunk haben."

<<http://www.shortwaveservice.com/empfangen/das-magazin-radio-menschen-und-geschichten>>

Die Sendetermine sind (MEZ/MESZ):

1000-1100: 7310 kHz (live, mit der Möglichkeit zur Hörerbeteiligung)

1200-1300: 6005 kHz (Wiederholung)

1700-1800: 3985 kHz (Wiederholung)

Zum Nachhören werden die um die Musikanteile gekürzten Sendungen bei der Soundcloud eingestellt. Die Erstsending (Themen: Mediengesetz in Polen, Radio Schweden nicht mehr in Deutsch und Russisch, HFCC-Konferenz in Istanbul u. a.) findet man bei: <<https://soundcloud.com/user-778506161>>.

 0700-1400 9935 AVL 100 kW 285 deg to WEU Music tx#1  
 9935 kHz off air around 1630 UT and 9420 off air around 1645 UT!  
 (Ivo Ivanov-BUL, hcdx via wwdxc BC-DX TopNews Feb 3 / 4)

**GUATEMALA** - 4055.00, 0155-0205 31.1, R Verdad, Chiquimula. Spanish ann, orchestra music, best in LSB, 35242 (Anker Petersen, Exceptional tips from Denmark, surprised by exceptionally good ionospheric conditions, heard on my AOR AR7030PLUS with 28 metres of longwire in Skovlunde, via Dario Monferini, playdx yg via DXLD)

4055, UT Mon Feb 1 at 0356, R. Verdad is announcing contact info in Swedish, then Japanese, i.e. prior to 2-hour-earlier sign-off Sundays nights than weeknites. Still no sign of clones around the frequency. (gh, DXLD)

**GUYANA** - 3289.9, GBC Voice of Guyana 0945, om singing, 1002 News item by yl "from the police report ... the ... approved the report" ..... " all the comforts ... that is the news" 1012, "technology today at ...the dot com", 1014 improved signal noted 26 Jan.  
(Robert Wilkner, Pómpano Beach, South Florida, 746Pro, Drake R8, NRD 525, Mosquito Coast DX News - DXSF January 30, 2016, DXLD)

3289.9 - V. of Guyana, Georgetown at 0130 tonight, 28 Jan, putting in a good clear signal with music program of Caribe, Reggae & C&W music. No announcements heard for over 30 minutes. Finally YL with complete ID at 0215 with frequency announcements including SW. Ute QRM is very low so audio is very listenable. Last night I didn't get a trace of them (Stephen C Wood, Harwich, Mass., Perseus SDR with 25 x 50 variable terminated Superloop antenna (setting at 225° S/W). (dxldyg via DXLD)

**INDIA** - 4760, AIR Port Blair at 1558 with report in English followed by ID "You were listening to ... on All India Radio", short instrumental music at 1600 followed by ID "Yeh Akhasvani Port Blair" and report by a male voice in local language - poor Jan 14. (Patrick Robic, AUSTRIA, ODXA YRX Jan 17 via DXLD)

4835, INDIA-SIKKIM, AIR Gangtok at 1518 with news in Hindi read by a female presenter mentioning Pakistan, Bangladesh, New Delhi, UN, Obama, Taliban, ID "This is All India Radio" at 1530 followed by headlines in English - poor (QRM from ABC Alice Springs) Jan 13. (Patrick Robic, AUSTRIA, ODXA YRX Jan 17 via DXLD)

4950, INDIA-KASHMIR, AIR Srinagar at 1531 with news in English (cabinet meeting in Delhi, farmers), ID "This is All India Radio bringing you the news" at 1537, news (Indian army, Pakistan, Obama, stock markets), sports news (tennis, football-FIFA) at 1542, headlines at 1544 followed by talk about relations Pakistan/India, ID "Akhasvani Kashmir" at 1600 followed by short instrumental music and report by a female voice in a local language - poor Jan 13.  
(Patrick Robic, AUSTRIA, ODXA YRX Jan 17 via WOR 1809, DXLD)

Jan 25, on the eve of the 67th Republic Day, an address to the nation by President Pranab Mukherjee. This year noted with unusually poor propagation compared to past years.

1330: ID; National Anthem; president's speech in English;  
1349: Ends with "Delay not, delay not, a new age dawns. Thank you. Jai Hind" and NA again; repeats address in Hindi.

President's address // frequencies:

4760 AIR Port Blair - Open carrier (later after the speech [1417] heard with decent audio playing subcontinent music).

4800 AIR Hyderabad - Not only the usual CNR1 (China), but also strong OTH radar, so unable to hear AIR.

4810 AIR Bhopal - Only heard OTH radar.

4835 Gangtok - Only heard ABC and OTH radar.

4850 AIR Kohima - Only heard OTH radar; probably PBS Xinjiang was also there, but couldn't confirm.

4880 AIR Lucknow - Started out poor, but improved.

4895 AIR Kurseong - Poor.

4910 AIR Jaipur - Poor.

4920 AIR Chennai - Good signal but mixing with PBS Xizang.

4950 AIR Radio Kashmir, Srinagar (presumed) - only an open carrier; never reached the level of any audio.

4970 AIR Shillong - Mostly poor; not as good as normally heard.

4990 AIR Itanagar - Only heard PBS Hunan (China).

5010 AIR Thiruvananthapuram - Poor; QRM from 5006-USB (VC01 Chinese military numbers station).

5040 AIR Jeypore - This was the strongest of all the AIR stations. Briefly off the air about 1338.

5050 AIR Aizawl - Only heard BBR (China) and a lot of SSB chatter in Spanish.

9380 AIR Aligarh - Fair

9870 AIR Bengaluru - Good signal, but strong CRI QRM.

(Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, antenna: 100' long wire, dxldyg via DXLD)

**INDONESIA** - 3904.972 I guess RRI Merauke-INS, noted fair S=7-8 signal at 1045 UT on Febr 2, in remote unit near Tokyo. But today Febr 3rd noted some few Hertz up on accurate frequency of 3904.981 kHz.

3325.0 nearly exact frequency at 1414 UT on Febr 3, nothing heard from PNG Bougainville, but as always like yesterday Febr 2nd, noted Indonesian RRI Palangkaraya much stronger and like arm chair listening, up to S=9 in remote Tokyo unit at this hour. [selected SDR options, span 12.5 kHz RBW 15.3 Hertz]  
(wb, wwdxc BC-DX TopNews Febr 2 / 3)

 (Ivo Ivanov, Bulgaria, dxldyg via WOR 1809, DXLD)

New 7400, Shiokaze/Sea Breeze via Yamata (Japan), 1301, Jan 20. Thanks to Hiroshi who noted this change yesterday; ex: 5910; today I heard them in Korean; QRM from station underneath (CRI?).

Last time Shiokaze was here, CRI dropped 1300-1400 from their schedule. Will they do so again? Noted North Korea jamming was already here (very quick for them!).  
 (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, antenna: 100' long wire, dxldyg via DXLD)

**KOREA SOUTH** - 4885, Echo of Hope - VOH, 1105, Jan 16. Fair signal, but OTH radar QRM (4810-4905); not jammed yet.

4885, Echo of Hope - VOH, 1312, Jan 18. Strong signal as usual; not jammed yet; // 3985 (jammed) // 6003 (NOT jammed) // 6348 (jammed).

6015, KBS Hanminjok Bangsong 1, heard from 1321, on Jan 18 with NO white noise jamming; did have QRM of crackling sound; still clear of white noise jamming at 1442; station heard underneath believed to be PBS Xinjiang.

6135, Voice of Freedom (clandestine) Jan 18 jammed with strong white noise as usual.

4885, Echo of Hope - VOH, 1342, Jan 20. Continues with very strong signal and no jamming.  
 (Ron Howard, San Francisco at Ocean Beach, CA, Etón E1, antenna: 100' long wire, dxldyg via DXLD)

**KYRGYZSTAN** - Kyrgyz Radio is working overtime - they are still broadcasting on 4009.9 at 2028 UT on 14 January 2016 (02:30 am Kyrgyz local time). The carrier next to Xizang 4820 and the corresponding het indicate that they are on 4819.9, as well. The audio signal on the Twente receiver fades between fair and practically gone; the carrier looks stronger so the modulation level must be low.

The program is in Kyrgyz, some kind of public discussion. You can also listen on their website, which has been redesigned but still lacks a radio schedule. Special event extension? Nothing is noted about national holidays or elections; Radio Liberty's website says the biggest current news about Kyrgyzstan is a Brit who had to leave the country after he compared a local delicacy (a horse sausage) to a "horse penis" on social media. Blessed the country where that's the main worry. (Eike Bierwirth, Germany, Hard-Core-DX mailing list via DXLD)

<<http://www.worldchristian.org>> (wb)

**MALAYSIA [non-log]** - 6050, Asyik FM via RTM, via Kajang. As of Feb 1, seems we can add this to the ever increasing list of silent RTM stations, along with Radio Klasik (5965 kHz) and Traxx FM (7295 kHz); Asyik has not been heard in quite a while. So when a transmitter breaks down now, they are not repairing it? (Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 1)

11665 RTM Wai / Sarawak FM from Kajang, heard with Asian pop music at 1039 UT on Febr 2, noted at S=7-8 level in Doha Qatar and Tokyo Japan remote units.

And at same time S=8-9 signals from RTM Sarawak FM Kajang on 9835 kHz at 1035 UT, followed by short HQ prayer of male prayer at 1036 UT. (wb, wwdxc BC-DX TopNews Febr 2)

**MEXCO [and non]** - 6185-, Jan 25 at 0250, XEPPM is back on, S9 but undermodulated, slightly on lo side, in Spanish, after missing last night. Also still on during collision with Armenian from Vatican at 0315, roughly equal levels making SAH of about 9 Hz. Yet another example of SMG signals going far astray with more oomph than they should have. (gh, DXLD)

**NETHERLANDS [GERMANY]** - Mighty KBC might be leaving shortwave --- Unless the Mighty KBC is able to secure additional sponsors the March 27, 2016 broadcast to North America is the final Mighty KBC broadcast on shortwave to North America. Following from Eric van Willegen:

"We are looking for new sponsors, advertisers, etc. to keep The Mighty KBC alive on shortwave."  
He's also been recently announcing the above during the shortwave broadcasts to North America. Eric spends a tremendous amount of money on the transmitters. Doesn't seem to matter if via Bulgaria, Germany or Lithuania. Transmitter costs are high.

If anyone knows anyone willing to sponsor and keep the Mighty KBC on the air, please contact Eric. I'm not including the email address as I believe Yahoo will strip the address. It's possible to contact Eric via the KBC website or via Facebook. <<http://www.kbcradio.eu>> - <<http://www.facebook.com/TheMightyKbc>>  
(Kraig, KG4LAC, Krist, Feb 1, dxldyg via WORLD OF RADIO 1811, DXLD)

**OMAN** - Good signal of of Radio Sultanate of Oman, Feb. 4:

1400-1500 on 15140 THU 100 kW / 315 deg to WEu English  
 1500-2200 on 15140 THU 100 kW / 315 deg to WEu Arabic  
 (DX MIX NEWS # 938)

Excellent signal from Radio Sultanate of Oman on 15140 kHz at 14:10 UTC in English relaying 90.4 FM ("Your Nation Station"). Noted using Twente SDR (-- Richard Langley, Jan 27, dxldyg via WOR 1810, DXLD)

**PAPUA NEW GUINEA** - NBC Bougainville hat seine 90 Meter Tropenband Frequenz 3325 heute mit einem neuen Sender reaktiviert um eine zweistündige Testsendung auszustrahlen. Weitere Tests auch im 49 Meterband auf 6020 kHz werden wohl folgen.

In Salzburg ist RRI Palangka Raya ebenfalls auf 3325 kHz auch nach 16 Uhr UT dominierend. Da gibt es viele freie Kanäle und zwei Exoten teilen sich genau eine Frequenz ....

Danke an Ian Baxter, der eine Rätselrallye um die Reaktivierung in DXLD veranstaltet hat, und wie so oft an Ron Howard, dem Ohr des Pazifiks aus San Francisco.  
 (30.01.16, CR in a-dx)

6020.00 on Feb 4 at 0746 UT, I have an S=7-S9 signal, no QRM at all, with lo-key talk possibly in English; 0748 UT music, 0753 talk, 0758 piano music, and singing past 0801 UT. 0802 UT an announcement I think mentioning NBC, cut off the air abruptly at 0802:44\* UT.

I figure the reactivated NBC outlet here has finished with its day frequency at 7 pm local, and is moving to night frequency 3325 kHz, which I do not expect to propagate this early, and do not hear; and besides it's way past my bedtime.

6020 on Feb 4 at 1315 UT I finally check NBC's day frequency, and there it is, after midnight local time! With Indonesia on 3325 kHz, and only two frequencies available, it makes sense to stay/resume on 6020 kHz, altho designed for day propagation only. This is S9, and no sign of Vietnamese from Vietnam, or anything else on 6020 kHz. I hear some English words, constitution, people of Solomons, so in suspected Tok Pisin; lo-key studio announcer is interviewing various people on phone, with brief instrumental music interludes between, and abruptly faded out when someone else is ready to speak.

1320 UT seems to mention numbers, phone? 1323 music (different music on 3325 with Indonesia); 1324 back to tok in Pisin; 1326 music; 1330 phone talk; 1333 hear feminine voice on phone for first time; 1335 music and running-water ute QRM; 1356 UT woman singing, music past 1400 UT, song maybe mentions "my country", anthem?

1401 UT definite ID by YL as "NBC National Radio", back to more music with autotune. At 1402, 6020 kHz is S=9+20dB; 1405 UT mentions Papua New Guinea, another song; 1410 NBC promo, mostly music. 1415, half a sesquiour after sunrise here, beginning to fade down, to only S9 by 1420; JBA carrier by 1443 UT. If they are still testing the new 10 kW transmitter, can't be sure which frequency if either will be on air at any particular time the next days. I wonder what kind of antenna, not NVIS? (gh, hcdx and dxld Febr 5)

7325a, 0753, Wantok Radio Light reactivated 11/1, fading in and quite readable at 0848 recheck, with syndicated US religious program. Frequency has dropped a little to 7324.94 and transmitter seems unstable with "wobbly" audio (Bryan Clark at Mangawhai, Northland, North Island, New Zealand, with WinRadio Excalibur Pro SDR, AOR7030+ and EWE antennas to NE, East & SE, Feb NZ DX Times via DXLD)

7324.94, Wantok Radio Light, Port Moresby (presumed). Heard in the 30 minute gap between CRI's s/off at 1930 and s/on at 2000. The carrier was fairly strong but the audio was quite low at times. Programming consisted of

continuous slow music (possibly religious songs, some with church organ accompaniment) but no announcements for the whole half hour monitored. I could still [hear] it through CRI's dead-air carrier switch on at 1957, and it could be heard faintly under CRI's Serbian service till about 2015 when it faded due to the emerging daylight path between PNG and Mount Evelyn, 15/1.

Noted again on 25/1 after several days absence at 0852 with preaching, a weak signal (Rob Wagner, VK3BVW, Mount Evelyn, VIC (Yaesu FTDX 3000, Kenwood TS2000, Yaesu FRG100, Sangean ATS909, Double Bazooka antennas for 80, 40 and 20 metres, Par EF-SWL End Fed antenna, BHI NEIM1031 Digital Noise Eliminating Module, MFJ-1026 Noise Cancelling Module, ATU, Jan-Feb Australian DX News via DXLD)

**PERU** - 4775 Radio Tarma, at 2310-2332 UT on Jan 31, lively coverage of futbol match with two men shouting. Jingle ID and several announcements at 2324 UT. Fair but heavy CODAR QRM.  
(Rich D'Angelo-PA-USA, DXplorer, DXpedition Jan 31 / Febr 1 & 2)

**PHILIPPINES** - Radio Veritas Asia. By the end of the 2016 year, much of South Asian broadcasts will be gone from Short Wave. Victor Goonetilleke writes:

Radio Veritas Asia: at 0030-0055 UT on 15280 kHz Hindi is now discontinued. Only on the Web and 11825 kHz in the evening however, continues. They are winding down operations slowly. By the end of the year much of South Asian broadcasts will be gone from Short Wave, only on the web, but I have not checked the web. For me Radio is on the air. Web is something else. I just don't have the time or inclination!!  
(Victor Goonetilleke-CLN 4S7VK, dxld Febr 7)

17700.09 R. Pilipinas, at 0219-0241 UT on Feb 1. This frequency had been off the air for quite a while; in English; many IDs; PBS news; " 'DFA On-line,' news and events from different Philippine embassies and consulates around the world"; "Philippine Trivia"; "It's More Fun In The Philippines," etc.; 15640 \ 17820 kHz; all mostly fair.  
(Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 1)

**PHILIPPINES (non)** - New time of clandestine transmission Radio Free Sarawak:

1130-1300 on 15420 PUG 250 kW / 280 deg to SEAs Iban Mon-Sat, ex 1030-1200.  
Confirmed on Feb.1 via SDR units in Twente, Novosibirsk, Hong Kong, Sydney.  
(DX MIX NEWS # 938)

### **RUSSIA** - Russia returns to shortwave - the first step to a revival of high-power broadcasting?

Today, Federal Service for Supervision of Communications, Information Technology and Mass Media conducts regular competition for the right of broadcasting terrestrial broadcasting.

Among the objects of competition for ?? 8 and 9 as the only declared challenger state budgetary institutions of the Republic of Sakha (Yakutia) National Broadcasting Company "Sakha" (NBC "Sakha"), intending to obtain the right to exercise of terrestrial analogue broadcasting in short wave.

For this purpose, two transmitters to be used with the installation location in a. Tulagino about Yakutsk: 250 kW at a frequency of 7295 kHz and 100 kW at a frequency of 7345 kHz for the declared schedule (local time - GMT + 6:00.)

Monday Friday: from 06.00 to 09.00; from 12.00 to 14.00; 18.00 to 21.00

Saturday Sunday: from 07.00 to 14.00; 18.00 to 21.00

According to the director of the Directorate of radio NBC "Sakha" Maxim Berezin, broadcast is scheduled to begin in the spring, most likely - in May. For our part, we hope that after receiving the broadcasting license broadcasting can be started earlier.

Add in conclusion that it is in these days of January the radio station number 1 branch RTRS "RTPTS the Republic of Sakha (Yakutia)" in the village Tulagino where a shortwave signal NBC "Sakha" will spread to the entire territory of the republic and to reach the most remote corners of the globe, is celebrating its fiftieth anniversary.

Posted by: (Wolfgang Bueschel, dxldyg via WOR 1810, DXLD)

This is old news we had in DXLD, and more recently a revised version of this omitting the SW Yakutia info, so timeline is in question here. Mentioned on WOR 1809 as no more SW planned; now it is on again?? (gh)

From Anatoly Klepov, Moscow: There is already official registration of Radio Sakha Yakutsk to start on 1st of May 2016 or earlier at Mon-Fri 9-12, 15-17, 21-24; Sat, Sun 10-17, 21-24 on 7295 with 250 kW and on 7345 with 100 Kw (via Rumen Pankov, Sofia, Bulgaria 30 Jan 2016, DXLD)

**SOUTH AFRICA** - 3320 Radio Sonder Grense - Meyerton, at 0325-0347 UT on Feb 1, woman announcer with Afrikaans language talks hosting a pop music program with some of the selections in English. Fair.

3345 Channel Africa - Meyerton (presumed), at 0350-0400\* UT on Feb 1, woman announcer with sports update in the English Service. Closed with some vocal selections which ran until carrier was terminated. Fair reception with \ 5910 kHz not heard tonight.

(Rich D'Angelo-PA-USA, DXplorer, DXpedition Jan 31 / Febr 1 & 2)

Additional (test?) frequencies of Sentech registered in HFCC on Jan 19:

1900-2000 9895 DHA 250 kW / 315 deg WEu French scheduled for B-15

(DX MIX NEWS #936 from Georgi Bancov and Ivo Ivanov, Jan 26, 2016)

**TAJIKISTAN/MADAGASCAR [+ CHN mainland]** - Voice of Tibet observed Febr 1 / 5:

1200-1230 15543 DB 100 kW 95 deg to EaAS Chinese, 15540 CNR1 jamming, 15545 CNR1 jamming on Febr 5.

1230-1237 15568 DB 100 kW 131 deg to CAs Tibetan, no jamming at 1230, jamming starts late at 1234 UT on 15570 kHz.

On Febr 5 DB was on air on 15568 kHz already at 1224 UT.

CNR1 jamming on 15570 kHz followed late with ID at 12.33:30 UT.

1238-1300 15562 DB 100 kW 131 deg to CAs Tibetan.

15560 CNR1 jamming came late on air at 12.43:20 UT.

// CNR1 on 13610 11925 11710 9860 9845 9830 9500 kHz.

1300-1400 12007\*DB 100 kW 95 deg to EaAS Chinese, no jamming til 1304 or 1317 UT, then 12005 kHz, both CNR1 jamming and Radio Farda too.

1300-1329:05 13582 DB 100 kW 131 deg to CAs Tibetan, ex11512 kHz.

No CNR1 jamming visible on Febr 5.

1329:35-1400 11512 DB 100 kW 131 deg to CAs Tibetan.

No CNR1 jamming visible on Febr 1 and 5.

1330-1400 12013#DB 100 kW 95 deg to EaAS Chinese, Febr 1.

12015 CRI Chinese.

1330-1335 12007\*DB 100 kW 95 deg to EaAS Chinese, Febr 5 til 1335:00 UT

1335-1400 12013#DB 100 kW 95 deg to EaAS Chinese, Febr 5 from 1335:05 UT

1400-1407 11512 DB 100 kW 131 deg to CAs Tibetan, no jamming Febr 1,

CNR1 jamming 11510 kHz on Febr 5.

Move 11512 to 11517 kHz already at 1405 UT on Febr 5.

1400-1407 15565 MDC 250 kW 45 deg to CAs Tibetan, Monday/Friday

1407-1430 11517 DB 100 kW 131 deg to CAs Tibetan, no jamming Febr 1.

CNR1 jamming 11510 kHz on Febr 5.

TX cut off at 14.30:33 UT on Febr 1st.

1407-1428:08 15570 MDC 250 kW 45 deg to CAs Tibetan, Monday/Friday  
 CHN mainland Firedrake mx jamming co-channel underneath of  
 MDG 15570 kHz signal on Febr 5.  
 Firedrake TX cut off at 14.30:33 UT on Febr 1st,  
 at 14.30:05 UT on Febr 5th.

\* strong QRM from Radio Farda nominal 12005 via Biblis-Germany, and CNR1 jamming  
 around 1330 UT.

# strong QRM from CRI in Chinese nom. 12015 via Urumqi-China.

I have gained the impression that China's JAMMING action against Voice of Tibet transmissions via Dushanbe  
 and Madagascar, have been reduced slightly now in 2016. wb.

[selected SDR options, span 12.5 kHz RBW 15.3 Hertz]

(wb, wwdxc BC-DX TopNews Febr 1 / 5)

**TANZANIA [ZANZIBAR]** - 6015 ZBC Radio, at 0359 UT on Feb 1. Above average reception; usual drums,  
 pips, news with first item about "Zanzibar."

(Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 1)

**THAILAND** - 5875 Radio Thailand - Udorn, at 1104-1144\* UT on Feb 2, tuned into the Vietnamese  
 transmission with nice English ID at the conclusion at 1115 UT followed by Khmer and Lao transmissions - each  
 15 minutes in length - with English IDs between each segment. Fair and steady signal.

13750 Radio Thailand - Udorn, at \*0000-0047 UT on Feb 2, broadcast opened with ID followed by Newshour  
 program in English hosted by a man and woman announcing team. National news, ads, international news, more  
 ads and Business report followed. Antenna switch at 0029 UT reduced the quality somewhat but still listenable for  
 another twenty minutes or so. Fair to good reception.

(Rich D'Angelo-PA-USA, DXplorer, DXpedition Jan 31 / Febr 1 & 2)

 (DX MIX NEWS # 938)

Additional frequencies of FCC, registered in HFCC Database on February 4:

2300-0500 on 3250 BCQ 050 kW / 245 deg to ENAm English WBCQ The Planet, new tx?  
 1700-2200 on 9275 MLK 125 kW / 053 deg to WEu English WMLK Assemblies of Yahweh  
 WMLK is [actually]not active on SW, other frequency of this station is 9265 kHz 0400-0900  
 (DX MIX NEWS # 938)

12105, WTWW - Lebanon, TN, 2012, 1/18/16, in English. Male preacher with very wide band (12104.5 - 12203.5) pulsing ute, 7 seconds off, 27 seconds on. Preacher only audible every 7 seconds ute was off. Made for a poor experience if one wanted to listen.

(Mark Taylor, Madison, Wisconsin, Perseus, SDRPlay, Eton e1, Grundig S 800, Sangean 909X w/ clear mod, and various other portables; 40 meters dipole, 100' long wire, Flextenna, NASWA Flashsheet via DXLD)

12105, Jan 21 at 2032, WTWW-3 is off. Jan 22 at 2040, it's not off, in Spanish Bibling.

9475, Jan 23 at 0148, WTWW-1 is JBA on day frequency, fine with me, rather than on night frequency 5830, which has come up by next check 0220, now blasting in.

5085, UT Monday Jan 25 at 0415, the editor(?) of CQ Magazine is being interviewed by Ted, with reverb applied to make it all seem deeper, down in a barrel, on S9+50 signal of WTWW-2. Ed. starts enumerating the columns in the mag, then can't remember all of them. I wonder if they got around to explaining what happened to the SWL readership who got merged into CQ and then left behind. 5085 was not on the air when checked a sesquihour earlier; you never know when it will be, as there is no such thing as a simple program schedule on the WTWW.us website.

(gh, DXLD)

We Transmit World Wide WTWW-1 at 0700 & 1000 UT on daytime frequency, January 27:  
0200-1400 on 9475 TWW 100 kW / 050 deg to ENAm Scriptures For America, instead [OF!] 5830.  
(Ivo Ivanov, Bulgaria, dxldyg via DXLD)

New updated schedule WINB Red Lion effective from January 24 on 9265 INB 050 kW / 242 deg to CAM:

1230-1530 English Sun  
1530-2100 English Sat/Sun  
1900-2000 English Mon-Fri Brother Stair  
2000-2045 English Mon-Fri  
2045-2100 Eng/Spa Mon-Fri  
2100-2330 English Daily  
2330-2400 Spanish Mon  
2330-2400 English Tue-Sun  
0000-0230 English Daily  
0230-0300 English Tue/Thu  
0300-0330 English Tue/Sat/Sun

Very weak and poor signal of WINB Red Lion on February 4:

1855-1900 on 9265 WINB 050 kW / 242 deg to CAM Interval Signal and National Anthem  
1900-2000 on 9265 WINB 050 kW / 242 deg to CAM English Mon-Fri Brother HySTAIRical  
(Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

\* via MBR Media Broadcast transmitters in Nauen and Trincomalee.

(Ivo Ivanov, QTH: Sofia, Bulgaria, Jan 17, dxldyg via DXLD)

**VANUATU** - ... ist das Radio Vanuatu, der jetzt um 1843 UT Feb 2 knapp unter 3945 (3944.985 kHz) sendet?  
Kommt hier fadingbedingt immer mal hörbar herein.

(Thomas Lindenthal DO3TL, 1846 UT Feb 2, A-DX via Wolfgang Büschel, dxldyg via DXLD)

Yes, VUT is on air again, after JOZ5 R Nikkei 2 left the channel, VBT Port Vila noted around 1405 UT Feb 3 on remote SDR units in Doha Qatar and at Tokyo area in Japan again. S=6 signal in Japan.

3944.984 kHz was the exact accurate frequency [selected SDR options, span 12.5 kHz RBW 15.3 Hertz]  
(Wolfgang Büschel, wwdxc BC-DX TopNews Feb 3, dxldyg via WORLD OF RADIO 1811, DXLD)

**VATICAN** - Upcoming frequency change of Vatican Radio effective from Feb. 8:

0040-0100 NF 5940 SMG 250 kW / 086 deg to SAs Hindi, ex 9560 // 7410 SMG

0100-0120 NF 5940 SMG 250 kW / 086 deg to SAs Tamil, ex 9560 // 7410 SMG  
 0120-0140 NF 5940 SMG 250 kW / 086 deg to SAs Malayalam, ex 9560 // 7410 SMG  
 0140-0200 NF 5940 SMG 250 kW / 086 deg to SAs English, ex 9560 // 7410 SMG

Weak signal of Vatican Radio, Holy Mass on Feb. 5:

1130-1200 on 17590 SMG 100 kW / 112 deg to N/ME English Fr

1130-1200 on 21560 SMG 100 kW / 113 deg to N/ME English Fr

(DX MIX NEWS # 938)

15620 Radio Veritas Asia via SMG Santa Maria di Galeria towards NE/ME/Arabic peninsula, at 1514-1553\* UT on Feb 1, man and woman speaking before a "live" audience in English about their lives. At 1522 UT into Tagalog talks some before an audience and some without an audience. Lively programming but clearly with a religious touch. Program ended at 1545 UT followed by a man and a woman with updates about Pilipino overseas workers. Fair to good signal. (Rich D'Angelo-PA-USA, DXplorer, DXpedition Jan 31 / Febr 1 & 2)

Vatican Radio at 0040-0200 UT using a back up frequency to improve winter reception 5940 kHz, The season started with 9560 and 7410 kHz, but 9560 kHz is not too good at start up 0040 UT. New freq will stay till the end of the B15 season in March. Excellent reception on 5940 kHz.

It is interesting to watch the three frequencies here in Sri Lanka. At 0040 UT 5940 kHz is the best with 7410 kHz good and 9560 kHz just barely making it. By 0155 UT on 5940 kHz starting to get weak, while 7410 kHz is all 555 and 9560 kHz better than 5940 kHz. For A-16 season 5940 kHz will be dropped.

(Victor Goonetilleke-CLN 4S7VK, Asian DX League, via Mike Terry-UK dxld)

**ZAMBIA** - 5915, ZNBC / Radio One, at 0246 UT on Feb 1. Good reception of the African Fish Eagle IS. 0459-0514 UT in English with fair readability; usual format; government PSA for "PACRA"; music & call of fish eagle; "The time is seven. One Zambia, one nation"; news and sports (item "Zambia national cricket team"); 0512 UT weather, sponsored by "GOtv," with their promo for GOtv sports coverage of boxing, soccer, etc.; another government PSA for "PACRA." Had not heard a "GOtv" ad in a long time. Today most African stations coming in well above the norm!!

(Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews Febr 1)

**ZANZIBAR** - TANZANIA, 6015, 1/29 0312-0330, ZBC, Dole, in Swahili. OM discourses; Regional music; YL talks. Good signal but distorted modulation, 45332.

(José Ronaldo Xavier (JRX), Cabedelo - Brazil, Sony ICF-SW100S, Portable Telescopic antenna, Hard-Core-DX mailing list via DXLD)

6015, Feb 1 at 0400, S9 signal, YL with Habari = news in presumed Swahili from ZBC (gh, WOR 1811, DXLD)

6015, ZBC Radio, 0359, Feb 1. Above average reception; usual drums, pips, news with first item about "Zanzibar." Glenn was also listening at the same time!

(Ron Howard, Asilomar State Beach, CA, Etón E1, antenna: 100' long wire, dxldyg via WOR 1811, DXLD)

Good signal of Zanzibar Broadcasting Corporation (ZBC), Feb 2-3:

1800-1807 11735 D0L 050 kW / non-dir CAf Swahili, instead of English

1800-1807 11735 D0L 050 kW / non-dir CAf English, probably Wed only!

(Ivo Ivanov, Bulgaria, dxldyg via DXLD)

### Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA:

- 3290.0 GUYANA Voice of Guyana – Georgetown, 0220-0410 Jan 28 & 29, thanks to a tip from Stephen Wood noted with fair signal playing a lot of music programming. News noted at 0400 first night and some male host chatter the second night.
- 7335.0 FRANCE Radio Algerienne – Issoudun, 2154-2300\* Jan 30, tuned in after tip from Ralph Perry noted with Arabic talk, vocals, prayers, etc. until another man announcer with OD and frequency announcements at 2254 followed by a final vocal selection until five time pips and carrier termination at 2300. Poor to fair improving to fair.
- 9660.0 MADAGASCAR Vatican Radio - Talata-Volonondry, 0337-0358\* Jan 16, several men talking in the listed Swahili language. Poor to fair reception.
- 11660.0 ASCENSION ISLANDS BBC, 1947-1959\* Jan 30, two men talking in the listed Hausa language until close down. Good signal.
- 11735.0 ZANZIBAR Zanzibar Broadcasting Corproation – Dole, 1959-2017 Jan 30, time pips at top of the hour, ID by a woman announcer followed by brief news in the Swahili language and local music program. Fair.
- 11860.0 CLANDESTINE (Yemen) Radio Sana'a (presumed), 1351-1412 Jan 16, man announcer with long talk in the Arabic language. No break at top of the hour so no ID noted. Fair to good signal.

**Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA during French Creek State Park DXpedition No. 50 (January 31 to February 2, 2016):**

- 3290.0 GUYANA Voice of Guyana - Georgetown, 0935-1007 Feb 1, tuned in to nice ID by woman announcer who introduced a religious program as the next feature. A man began a long religious talk about the "will of God". Another station ID at 0959 followed by time pips at 1000 and news. Fair reception.
- 3310.0 BOLIVIA Radio Mosoj Chaski, 1007-1040 Feb 1, Man announcer with Quechua language talks and rustic music selections. Nice ID at 1031 before another musical selection. Fair signal.
- 3320.0 SOUTH AFRICA Radio Sonder Grense - Meyerton, 0325-0347 Feb 1, woman announcer with Afrikaans language talks hosting a pop music program with some of the selections in English. Fair.
- 3345.0 SOUTH AFRICA Channel Africa - Meyerton (presumed), 0350-0400\* Feb 1, woman announcer with sports update in the English Service. Closed with some vocal selections which ran until carrier was terminated. Fair reception with //5910 not heard tonight.
- 3365.0 BRAZIL Radio Cultura - Araraquara, 2340-0005 Jan 31, nice program of local vocal selections hosted by a man announcer with Portuguese language talks, ID and announcements. Fair but began fading by top of the hour.
- 3375.0 BRAZIL Radio Municipal - São Gabriel da Cachoeira, 0915-0937 Feb 1, man announcer with Portuguese language talks hosting a program of local musical selections, ID and announcements. Poor but steady signal.
- 4055.0 GUATEMALA Radio Verdad - Chipimula, 0040-0128 Feb 2, man and woman announcers with religious talk in Spanish language with musical breaks, IDs and other announcements. Fair reception.
- 4775.0 PERÚ Radio Tarma, 2310-2332 Jan 31, lively coverage of futbol match with two men shouting. Jingle ID and several announcements at 2324. Fair but heavy CODAR QRM.
- 4775.0 SWAZILAND Trans World Radio - Manzini, 0346-0357\* Feb 1, tuned in to a man and woman announcers talking in the Lomwe language. At 0355 tribal group singing. Closed with music box interval signal at 0357. Fair to good signal with modest CODAR problems.
- 4805.0 BRAZIL Radio Difusora do Amazonas - Manaus, 1013-1026 Feb 2, man announcer with talk in the Portuguese language followed by a woman announcer with more taking. Several different men noted during this news type program. Poor reception marred by heavy QRM from CODAR.
- 4825.0 BRAZIL Radio Canção Nova - Cachoeira, 2327-2344 Jan 31, soft instrumental music, man announcer with ID and other announcements at 2329 followed by long talk in the Portuguese language by a woman announcer. Poor to fair with heavy CODAR QRM.
- 4835.0 AUSTRALIA VL8A - Alice Springs, 1046-1104 Feb 1, woman announcer talking about album she played a song from and joined by a man. They played a few vocal selections with talk between selections. ID at 1100. Poor to fair but LSB necessary to avoid powerhouse on 4840.
- 4865.0 BRAZIL Radio Verdes Florestas - Cruzeiro do Sul, 1046-1105 Feb 2, man with Portuguese religious talks alternating with short choir segments. ID at end of the program around 1053 followed by several religious musical selections. Poor to fair.
- 4940.0 CHINA Voice of the Strait - Fuzhou, 1025-1038 Feb 2, audible today after missing yesterday with man and woman announcer speaking in the Chinese language. Apparent ID at 1030 with soft instrumental music. Carrier noted earlier but audio made it through an hour later.
- 4955.0 PERÚ Radio Cultural Amata - Huanta, 1104-1116 Feb 1, nice rustic sounding vocals followed by a man announcer with ID and Spanish language talk. Very poor and just hanging in by a thread at this point.
- 4985.5 PERÚ Radio Voz Cristiana - Chilca, 1104-1122 Feb 1, woman announcer speaking in Spanish followed by rustic group vocals and later a man announcer with a religious sounding talk. Poor but didn't last long.
- 5875.0 THAILAND Radio Thailand - Udon, 1104-1144\* Feb 2, tuned into the Vietnamese transmission with nice English ID at the conclusion at 1115 followed by Khmer and Lao transmissions - each 15 minutes in length - with English IDs between each segment. Fair and steady signal.
- 5900.0 BULGARIA Overcomer Ministry - Kostinbrod, 2128-2205 Jan 31, stumbled across Brother Stair and the Overcomer Ministry with a relay from Bulgaria with usual talks, address information and mentioning "twenty-four hours a day, seven days a week". Poor to fair.
- 5915.0 ZAMBIA Zambia National Broadcasting Corporation - Lusaka, \*0248-0301 Feb 1, Fisheagle IS until choral National Anthem opening and a man announcer with station ID and opening announcements. Into male vocal selection. Poor with adjacent channel splatter.
- 5950.0 ETHIOPIA Voice of Tigray Revolution - Mekele, \*0257-0302 Feb 2, familiar IS made this possible as WRMI was essentially blocking the frequency making reception after the IS nearly impossible. Very poor at best.
- 6015.0 ZANZIBAR Broadcasting Corporation - Dole, 0302-0322 Feb 1, man with recitation followed by another man announcer with Swahili language talks and vocals from 0314, Poor to fair.
- 6110.0 ETHIOPIA Radio Fana - Addis Ababa, \*0255-0303 Feb 1, familiar IS to 0300 with man announcer giving opening station ID. Poor reception with noisy conditions tonight.
- 6170.0 KOREA (North) Voice of Pyongyang, 1036-1115 Feb 2, classical music noted by nice ID by a man announcer in English service. Poor to fair at best but re-tuned after 1100 and noted booming signal so these guys really improved over time. //6185 was poor throughout transmission.
- 6185.0 MEXICO Radio Educacion, 0210-0248 Feb 1, man announcer with Spanish language talks with ID, talk and some announcements hosting a program of local musicians who were singing and playing instruments. Nice program. Fair.
- 6518.0 CLANDESTINE Voice of the People - Goyang, 1040-1047 Feb 1, talk by a man and woman announcers in the Korean language. Poor but better than //6600 also poor and 4557 very poor.
- 7200.0 MYANMAR Myanmar Radio, 1230-1237 Feb 1, noticed after Radio Taiwan International cleared frequency with news in local language before local music. Poor to fair at tune in but did not stay as quickly deteriorated.
- 7200.0 TAIWAN Radio Taiwan International - Tanshui, 1206-1230\* Feb 1, program of local music and Chinese talks blocking hoped for Myanmar until carrier terminated at 1230. Fair to good but //9735 was fair.
- 7205.0 CHINA PBS Xinjiang (presumed), 2351-2357\* Feb 1, talk by a man and woman announcers in listed Uighur language. The station went off in mid-sentence without any forma closedown. Fair but noisy conditions.
- 7255.0 NIGERIA Voice of Nigeria - Abuja, 2052-2100 Jan 31, two men talking in the Hausa language with the sounds of children playing in the background, drum music segment followed by more talk. As got closer to top of the hour the station just seemed to disappear. Fair.
- 7400.0 IRAN Voice of the Islamic Republic of Iran - Sirjan, 2112-2127\* Jan 31, Spanish program with talks by several men followed by recitations, prayers and more discussion until closing ID and announcements. Fair.
- 9405.0 PHILIPPINES FEBC Radio - Bocaue, 2305- 2338 Feb 1, woman announcer with Mandarin language talks followed by soft instrumentals and group vocals in service broadcast to China. Fair to good signal.

- 9435.0 KOREA (North) Voice of Pyongyang, 1353-1426\* Feb 1, woman announcer with brief English talks introducing classical and operatic vocal music selections. Nice ID and complete English language broadcast schedule at 1424 before she said "good-bye" and station carrier was terminated. Good signal although slowly deteriorating with //11710 very poor.
- 9720.0 AUSTRALIA Reach Beyond – Kununurra, 1426-1445\* Feb 1, Tamil language service program with music and talks with a man announcer giving English language ID and frequency information at closedown. Fair signal but slowly deteriorating.
- 9910.0 INDIA All India Radio – Delhi, 0233-0259\* Feb 2, program of non-stop vocals and instrumentals with Pashto language ID and announcements just prior to close down. Poor in noisy conditions.
- 11810.0 KOREA (South) KBS World Radio - Gimje, 2204-2232 Jan 31, English program with news features followed by program called radio Jukebox hosted by a female announcer with musical selections and comments from listeners. Numerous station IDs. Fair to good.
- 11935.0 BRAZIL Radio RB2 - Curitiba, 0040-0107 Feb 1, several men announcers with talk in the Portuguese language, vocals with nice ID at 0100 followed by another long talk. Poor to fair.
- 13750.0 THAILAND Radio Thailand - Udon, \*0000-0047 Feb 2, broadcast opened with ID followed by Newshour program in English hosted by a man and woman announcing team. National news, ads, international news, more ads and Business report followed. Antenna switch at 0029 reduced the quality somewhat but still listenable for another twenty minutes or so. Fair to good reception.
- 15105.0 BANGLADESH Bangladesh Betar - Dhaka, 1230-1259\* Feb 2, tuned in to opening station ID and man announcer with news in English. Nice flute instrumental music ending the news with a woman announcer giving a news commentary.
- 15140.0 OMAN Radio Oman - Thumrait, 1448-1500\* Feb 1, English service with man announcer hosting pop music, playing music requests and giving weather information. Fair signal.
- 15435.0 GUAM KSDA - Agat, 2238-2259\* Jan 31, Indonesian language program with segments of instrumental music followed by religious talks by several woman announcers. At 2257 a man gave ID and closedown announcements followed by music until carrier terminated. Poor to fair.
- 15620.0 VATICAN Radio Veritas Asia, 1514-1553\* Feb 1, man and woman speaking before a "live" audience in English about their lives. At 1522 into Tagalog talks some before an audience and some without an audience. Lively programming but clearly with a religious touch. Program ended at 1545 followed by a man and a woman with updates about Pilipino overseas workers. Fair to good signal.

Dear Friends,

Welcome to the February edition of Logbook.

During my vacation in India I spent some time listening to my radio on shortwaves.

Unlike here in North America the shortwave bands there are full of radio signals because the average person living there still relies on the radio and so the stations there does have an audience base.

The presence of Chinese regional stations are still very strong on the tropical bands but the change noted was many of them now broadcasts in English to help their Chinese listeners sharpen the knowledge of English language.

Radio Australia which used to broadcasts in English to South Asia all through the day, do not do so any longer there as their focus now is on Pacific region.

I did some listening on my new Tescun PL-660 portable receiver and included them in this Logbook.

Thanks to our regular members for their contributions.

Till next edition

73's from your Editor,

*Ashok Kumar Bose*

**PR** = Paul Reinersch, Dudweiler, Germany

\*\*\*\*\*

With great pleasure this month I've received some contributions and I am very happy. Hoping also this year we receive your contributions and naturally the radio stations don't close their external service and can continue to send confirmations. Remember that the next deadline to contribute for this page is on **March 12<sup>th</sup>, 2016**, and we wait for your news,

*Dario*
