DX MAGAZINE No. 4

Vol. LII

April 2017

Hello again,

Welcome to another issue of our DX MAGAZINE. I have no news to report from inside the club this month - therefore let's just start with our usual news from outside the club - only two items in German this month about DX meetings in Germany:

Am Samstag, 13. Mai 2017, findet ab 1300 Uhr MESZ im Ristorante Pizzeria Toscana (Schützenhaus Ottenau - Telefon 07225-981018) am Schießstand 1 in D-76571 Gaggenau-Ottenau (Navieingabe: Am Schießstand 1, Gaggenau-Ottenau) das **36. überregionale DX-Treffen für Kurzwellenhörer und Freunde des Rundfunkfernempfangs** statt. Verbunden wird dieses Treffen wieder mit dem Hörertreffen des Radio Taiwan Hörerklubs Ottenau.

Zu dieser Veranstaltung sind natürlich alle Kurzwellenhörer, DXer und Freunde des Rundfunkfernempfangs sehr herzlich eingeladen, unabhängig einer Klubmitgliedschaft.

Auf dem Programm des Treffens steht ein Rückblick auf die wichtigsten kurzwellenbezogenen Ereignisse in den letzten 12 Monaten in unserer Region, die traditionelle Tombola und das bekannte Stationsquiz.

Aktuelle Informationen sind bitte der Mai Ausgabe der RTI Hörerklubecke vom 12. Mai zu entnehmen oder auch schon in den vorhergehenden Briefkastensendungen von Radio Taiwan International zu hören. Möglicherweise gibt es auch in der TRT Sendung vom Freitag 12. Mai wie in den letzten Jahren gewohnt wieder einen aktuellen Hinweis zum Treffen.

Durch eine Telefonschaltung ist auch wieder die deutsche Redaktion in Taiwan mit den Teilnehmern des Treffens verbunden und berichtet in ihrer Sendung am 19. Mai von diesem Hörertreffen.

Wie in jedem Jahr geben wir auch diesmal wieder einen Ausblick auf weitere bevorstehende Hobbyaktivitäten. Auch die Mitglieder weiterer DX-Clubs wie ADDX, AGDX, RMRC, Radio Tirana Hörerklub, WWDXC, Radio Japan Club Brilon und CRI Club treffen sich in Ottenau.

Das Tagungsort im Ottenauer Schützenhaus ist wie folgt zu erreichen:

Mit dem PKW über die A5 bis zur Autobahnausfahrt Rastatt. Von dort auf die Bundesstrasse 462 bis zur Ausfahrt Gaggenau-Mitte. Nach der Ausfahrt nach links über die Murgbrücke bis zur Ampel, von dort nach rechts auf die Hauptstrasse einbiegen und weiterfahren, bis zum Ende des Werksgeländes von Mercedes Benz. Dann bei der nächsten Ampel nach rechts über die Murgbrücke und dort geradeaus bis zur ersten Einmündung nach dem Kreisverkehr, den Kreisverkehr aber bitte noch geradeaus absolvieren. Dann die erste Einmündung nach rechts und gleich wieder links, vorbei am Gartenabfallplatz bis zum Schützenhaus.

Mit der Bahn anreisende Besucher fahren aus Richtung Karlsruhe mit der Linie S 8 in Richtung Forbach-Freudenstadt bis zur Haltestelle Ottenau. Bitte beachten, nicht mehr die Linie S 3 wie in den Vorjahren nehmen, denn die fährt nun eine andere Strecke. Von der Haltestelle zu Fuß wieder zurück in Richtung Gaggenau gehen bis zum vorher überfahrenen Bahnübergang. Hier dann nach links gehen und den Bahnübergang überqueren in Richtung Murg. Über die Brücke weiter die Ebersteinstrasse in Richtung Baden-Baden immer geradeaus, auch beim Verkehrskreisel noch geradeaus bis zur ersten Einmündung nach der Unterführung hinter dem Kreisel auf der rechten Strassenseite. Hier nach rechts einbiegen und gleich wieder nach links, vorbei am Gartenabfallplatz, danach immer geradeaus bis zum Schützenhaus.

Auch mögen sich mit der Bahn anreisende Teilnehmer, die an der Haltestelle Ottenau abgeholt werden möchten, rechtzeitig (also möglichst bis 5. Mai) mit uns in Verbindung setzen und die genaue Ankunftszeit an der Stadtbahnhaltestelle Ottenau-Kirche mitteilen. Wenn sich wie in den letzten Jahren auch 2017 wieder jemand bereiterklärt, den Fahrdienst von der Haltestelle bis zum Tagungsort zu übernehmen, sollte das auch am 13. Mai wieder so gut klappen wie in den letzten beiden Jahren.

Weitere Angaben zum Anreiseweg zum Tagungsort gibt es auch bei <http://www.toscana-ottenau.de/anfahrt.htm>

Übernachtungsmöglichkeiten bestehen unter anderem im Gästehaus Lauer in der Beethovenstr. 25 in Ottenau, Telefon 07225 984868, im Hotel Krone in Gaggenau-Selbach, Telefon 07225 5779 sowie beim Hotel Nachtigall in Gernsbach, Telefon 07224 2129 und Fax 07224 69626.

Eine gute Anreise und viel Freude beim DX- Treffen wünscht Bernd Seiser.

Am Samstag, dem 27. Mai 2017, ab 11.00 Uhr MESZ findet wieder ein **KBS World Radio Hörertreffen** in den Räumen des Deutsch-Koreanischen Freundeskreises Mainz e.V. in der Reduit in Mainz-Kastel statt. Auf ein zahlreiches Wiedersehen freuen sich das Team vom Deutsch-Koreanischen Freundeskreis Mainz e. V. und das Hörerteam Lutz Winkler, Siegbert Gerhard und Michael Bethge. Die Teilnehmer erwartet wieder ein umfangreiches Programm und gutes koreanisches Essen. Kontakt: Email-Adresse <kbsmainz15@gmail.com>, Tel. 0157-37052452.

And with this best wishes and good DX until next month from

300 kW = 2 x 150 kW combined SW txs.
 Made in P.R. China of 1967 year.
 Re-built and modernized by China in July 2004 year.

Two Cerrik, Albania SHORTWAVE locations:

Cerrik SW site-A, now ruin, in use of Oct 1967 - July 2004 year.

10 x 50 kW, 6 x 25 kW. 16 x curtains, 5 x rhombic antennas.

G.C. 41 00 49.85 N 19 59 34.53 E

{probably Radio Tirana only transmission part til 2004 ? wb.}

Cerrik SW site-B, in use of 1972? - July 2004 year. restored 2004, 22 x curtain ants, 2 x non-directional quadrant ants, 6 x 150 kW TXs. - 300 kW power = 2 x 150 kW combined SW txs. G.C. 40 59 44.87 N 19 59 51.06 E

{probably R Tirana and R Beijing relay transmission bc center part towards Europe and North America, til 2004 ? wb.}
 (CRI HFCC via ALR Mrs. Dita Cico, via wwdxc BC-DX TopNews March 14)

ANGOLA - 4949.75, Rádio Nacional de Angola, Mulenvos, 1820-1845, 29-03, Portuguese, comments, African songs. 14321 (Manuel Méndez, Lugo, Spain, Logs in Reinante, Tecsun PL-880, cable antenna, 8 meters, dxldyg via DXLD) Here in Europe I see only a very tiny strong of R Nac Mulenvos AGL on 4949.728 At 1810 UT, but tiny S=4 or -98dBm signal, on threshold level. (wb)

ANTARCTICA - LRA36 15476v kHz. Heard again here in central Germany tonight (April 7) with surprisingly good signal at times. Noted music at tune in around 1925 UT, station ID around 1930 UT, followed by Latin pop and report.

Signal peaking here 1945 UT, then becoming weaker and lost in the mud around 2005 UT. Pity I missed their s/off procedure. Second time this week that I heard them, but today (as I hoped on last Monday) the signal indeed was a lot better. (Harald Kuhl-D dl1abj, BRDXC-UK yg April 7)

AUSTRALIA - In May 2017 Radio 4KZ Innisfail in far North Queensland will commence transmission on 5055 kHz between 4pm and about 9am [AET 06-23 UT] seven days a week. The station will run 1.5 kW into an inverted V antenna and will be a full simulcast of 4KZ, MW 531 kHz. It expected that the service will provide satisfactory coverage to remote areas of the Cape where there are no AM or FM services available.

(Al Kirton, General manager NQ Radio)

<<http://www.nqradio.com.au/>>

<<https://www.facebook.com/nqradio4kz/>>

<<http://tunein.com/radio/4kz-innisfail-531-s7008/>>

(Bill Richards, Adelaide-AUS, dxld April 11)

Coming Soon 5055 kHz Innisfail-Qld.

This licence was only approved on March 21, so this is a very recent development. The registration has been approved for a "tuned longwire" antenna, ND with 2.2 dB gain. Licensed for 1 kW with an EIRP of around 1600 watt, intended for local coverage. Antenna height of 10 meters.

When Kirton says "... service will provide satisfactory coverage to remote areas of the Cape ...", I'm assuming he means north of Cairns around Cape Tribulation and surrounding areas. I expect he doesn't mean the Cape York Peninsula which is much further north ... but I'm only guessing here! When we visited this area last July / August, there was virtually no reception south of Cape Tribulation of AM (during the daytime) and FM.

5045, 5055, and 3210 kHz have all been licensed to a few tiny backyard operators over recent years, and nothing much has ever come of it. The idea of having a proper larger commercial broadcaster using the 60mb to extend coverage further north makes good sense. Long distances and rugged terrain are inhibiting factors for coverage and regular maintenance of translators. (Rob Wagner-Vic-AUS VK3BVW, SW TX site yg April 12)

From ACMA records & my GE observations, TX site should be near: 17.528196 S 146.05071 E

The planned SW TX site is the same site as MW stations: 531 & 873 kHz at Innisfail, Qld.

Studio site: 17.523744 S 146.032065 E TX Power 1 kW 5055 kHz

(Ian, SW TXsites yg, April 12)

AUSTRIA - Radio DARC, 6070 kHz, German Amateur Radio Club radio, every Sunday on 11.00 hrs local time, CET/CEST, i.e. winter 1000-1059 UTC, summer 0900-0959 UTC

ORS Moosbrunn OE 6070 kHz, 100 kW target some 500 to 2000 kilometers around Vienna Austria.
(wb df5sx, wwdxc BC-DX TopNews March 21)

BANGLADESH - 9455, Bangladesh Betar, Mar 30 *1315-1326, 34333, Nepali, 1315 s/on with opening announce, theme music, news, ID at 1324

4750.00, Bangladesh Betar, Apr 02 1159-1206, 33443, Bengali, theme music at 1159, News, ID at 1200 and 1205.
(Kouji Hashimoto, JAPAN, IC-R75, ANT 130m Sloper Wire, DXLD)

4750, 1352-, Bangladesh Betar, Mar 30. Totally dominating the frequency this morning with subcontinental music. Cochannel Indian is just audible. I'm measuring one on 4750.002 and the other on 4749.992, both appear about equal on the waterfall. I looked again at 1527, and this time measure 4749.992 and 4750.000, although the latter, especially was smeared about 7 Hz compared to 3 Hz on the lower frequency. BD dominates the audio, however. Into English news at 1530. Getting a bit late this time of year due to earlier LSR (about 70 minutes ago now).
(Volodya Salmaniw, Masset, Haida Gwaii, BC, dxldyg via DXLD)

4750, Bangladesh Betar - HS, 1235-1243, April 3. The Monday only SAARC (The South Asian Association for Regional Cooperation) news bulletin in English; "Assalamu alaikum. This is Bangladesh Betar"; items – new Indian army chief visting Bangladesh, China plays a vital role in economic development of the region, terrorist bomb blast in Pakistan at Friday prayers, etc.; poor, with usual CODAR and CNR1 QRM, but able to make out bits and pieces.
(Ron Howard, Asilomar State Beach, CA, Etón E1, antenna: 100' long wire, dxldyg via DXLD)

Reception of Bangladesh Betar on March 31:

1315-1345 on 9455 DKA 250 kW / 320 deg to SAs Nepali, fair/good

1400-1430 on 15505 DKA 250 kW / 290 deg to WAs Urdu, poor signal

Summer A-17 of Bangladesh Betar is same as A-16 & B-16.

(Ivo Ivanov, QTH: Sofia, Bulgaria, dxldyg via DXLD)

BRAZIL - Time Signal Station Observatorio Nacional, Rio de Janeiro is now transmitting on 10010.0 kHz, out of its habitual frequency of 10000 kHz, maybe to avoid interference from other Time Signal Stations.

At 2120-2133 UT on March 15, 10010.0 kHz, time signals, female voice announcements: "Observatorio Nacional 17 horas, 32 minutos, 30 segundos. Very weak. 15321.
(Manuel Mendez Lugo-ESP, dxld March 15)

New station ? - a station is on air in the frequency that previously occupied Radio Itatiaia, Belo Horizonte, 5969.96 kHz, this station is transmitting music continuously, specially classic music, with some identification such as something like: "Cala FM", "94.9 Sao Paulo".

Perhaps is the same site and transmitter of Radio Itatiaia, but the programming is completely different to the Radio

Itatiaia. Heard March 21 at many hours in the air. Signal 35433 to 25422. "voce esta ouvindo a Radio Itatiaia" - "A Radio das Minas" (DBS 18). (Manuel Mendez-Lugo-ESP, dxld March 21)

5969.96 kHz heard via remote web-SDR at Sao Paulo Brazil. At 1412-1502 UT on March 25, classic brazilian songs and classic music, identification at: 1418 UT: "Scala FM (or Scalla FM), onda curta 5970 kHz, frecuencia modulada, 94 virgula 9 MHz, Scala FM". 35433. The first time I heard "onda curta 5970" in its identifications".

Other identifications at hours and 58 minutos, here at 1858 UT: "94 virgula 9 informa, 3 horas, 94 virgula 9, Sao Paulo" (Manuel Mendez-Lugo-ESP, via remote Brazil SDR unit, hcdx March 25)

4774.930, R Congonhas, Congonhas, MG, BrasPortug, 1035 UT station ID, S=9+30dB powerful signal. Mixture evangelical sermon, but also popular music in between ... 20 kHz wide audio during music. Heard also in between: Cuban "Guantanamera" song.

4905.004, Nova R Relógio, Rio de Janeiro, 10.42 UT Station "Relógio" ID, S=9+25dB powerful.

4985.008, 1132 UT, Brazilian pop music heard, but very weak tiny signal in Rio de Janeiro remote SDR post. Poor S=6. Rádio Brasil Central, Goiânia, GO, scheduled at this channel.

5939.825, Voz Missionária, Camboriú, SC, noted proper S=9+30dB signal remote SDR post in Rio. 22 kHz wide audio signal at 1200 UT.

5969.959, UNIDentified local Brazilian station, played symphonic orchestra music, like Italian opera? Scheduled is Rádio Itatiaia, Belo Horizonte, MG, S=7-8 nearly fair signal at 1204 UT.

6010.035, welcome greeting "Bom Dia" at 1206 UT on March 30, S=9+25dB powerful in Rio remote unit, up to 14 kHz wide signal during lady singer performance, but 'little' OVERMODULATION distortion audio noted so far. Rádio Inconfidência, Belo Horizonte, MG scheduled here.

6040.712, BrasPortuguese, sermon, 1207-1208 UT "... Senhor Christo ... Gloria ... Santo ... Amen ... " on March 30 at 1209 UT, like "Gregorian singer group" S=9+25dB, 22 kHz wide signal heard in Rio de Janeiro, Brazil. [Rádio RB2]

6059.763, BrasPortug program, at 1229 UT, carrier S=9+10dB strong, BUT UNDERMODULATED, only 5 per cent audio mod. Probably Super Rádio Deus é Amor, Curitiba, PR.

6080.026, Rádio Marumby, Curitiba, PR, scheduled here, S=9+15dB proper signal, but LOW MODULATED, at 1231 UT on March 30, on remote SDR unit in Rio de Janeiro. 16 kHz wide audio signal, smooth nice female singer voice performance. BUT ACCOMPANIED BY 2 SPURIOUS SIGNALS 49.113 kHz away on symmetrical frequencies 6030.914 and 6129.140 kHz, and also on 6178.253 kHz too.

(wb) [selected SDR options, span 12.5 kHz RBW 15.3 Hertz]

(For the very first time since 2010 year I was lucky this morning to access a SDR Server in Brasil in worldwide Perseus Net. 1015-1245 UT on March 30 - wwdxc BC-DX TopNews)

BULGARIA - Summer A17 of End Times Coming Radio Ex-Catholics For Christ via SOF

0230-0300 9400 SCB 50 kW 126 deg to NE/ME English.

(Ivo Ivanov-BUL, hcdx via wwdxc BC-DX TopNews March 27)

CONGO Rep. - 6115, Radio Congo, Brazzaville, 1815-1840, 29-03, French, comments, Vernacular songs. 14321

(Manuel Méndez, Lugo, Spain, Logs in Reinante, Tecsun PL-880, cable antenna, 8 meters, dxldyg via DXLD)

CONGO D.R. - Also R. Candip better than before on 5066.4 till just after 2000, and also stonger than usual

(Thorsten Hallmann, Germany, March 30, dxldyg via DXLD)

CUBA - Full A-17 schedule of R. Habana Cuba of 9 April 2017:

EQUATORIAL GUINEA - 5005, RNGE, R. Bata, on March 23, the best reception I have had here in a long time! Open carrier at 0516; suddenly at 0527 UT had African singing; wb's "Hungarian Gypsy violin Czardas music" and ID at 0531 UT; from 0533 to 0542 UT monologue in Spanish.

It was in dxld 2015-49, that wb reported "at 0532 UT Hungarian Gypsy violin Czardas music played," which I also

happened to hear at the same time back then, plus I also heard a "Radio Nacional" ID.
(Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews March 23)

FRANCE - Summer A-17 new frequencies of Radio France Int from March 26:
0530-0600 NF 13740 F 500 kW 145 deg to ECAf Swahili, ex15560
0600-0630 NF 11995 F 500 kW 170 deg to WCAf Hausa, ex15340
0600-0700 NF 11905 F 500 kW 170 deg to WCAf English, ex13725

Summer A-17 of Radio Publique Africaine via TDF Issoudun from March 26:
1800-1858 15480 F 250 kW 145 deg to SAF Kirundi/French

Summer A-17 of Radio Voice of Adal via MBR Issoudun from March 29:
1500-1530 15205 F 100 kW 125 deg to EAf Arabic Wed/Sat
1530-1558 15205 F 100 kW 125 deg to EAf Tigrinya Wed/Sat

Summer A-17 of Radio Xoriyo Ogaden via MBR Issoudun from March 28:
1600-1630 17630 F 500 kW 130 deg to EAf Somali Tue/Sat
(Ivo Ivanov-BUL, hcdx via wwdxc BC-DX TopNews March 22)

GABON - A feature on the Moyabi shortwave transmitter, which was on the air from 1983 until 2013 with Africa No. 1 and various international broadcast relays, has been brought up to date by Tony Rogers with new information added for its last few years on the air and bringing the story up to its conclusion. The Moyabi Story can be found, along with many other interesting articles, at the BDXC website Articles Index

<<http://www.bdx.org.uk/articles.html>> and <<http://www.bdx.org.uk/moyabi.pdf>>

(Webwatch by Chrissy Brand-UK, March BrDXC-UK "Communication" magazine via gh, hcdx and dxld March 8)

A-17 BBC - Global Short Wave Frequencies -, now up at
<<http://www.bbc.co.uk/programmes/articles/2x9tqt6mc05vB2S37j8MWMJ/global-short-wave-frequencies>>

U.S.A. - 7505v WRNO Observed schedule for the Chinese language program ("Praise for Today"), after DST started, is daily *0200-0300 UT*, noted on March 13 & 15. After 0302 UT back to English programming till about 0402* UT cut off.

7505v, WRNO. The Chinese language program is broadcast very randomly; erratic daily scheduling; have not found a definite pattern. At 0333 UT on March 19, heard Chinese, which was not heard shortly after 0300 UT, so rather late starting; went off the air at 0403* UT with the Chinese show still going; off without any closing ID or the usual announcements. (Ron Howard-CA-USA, DXplorer via wwdxc BC-DX TopNews March 15 / 19)

Frequency Changes for VORW Radio International - Newsletter 2

VORW Radio International is a light entertainment program, serving listeners in Europe, North America and the world. Programs consist of a mixture of commentary and listener-requested music. Comments, questions, reception reports and music requests may be sent to <vorwinfo-at-gmail.com> E-QSL's are provided for legitimate reception reports.

Here is the Transmission Schedule: Thursdays:

1000 UTC 5850 kHz to Western North America, East Asia & The Pacific
2000 UTC 11580 kHz to Europe
0000 UTC 7490 kHz to North America

VORW Radio International is a listener funded initiative, you can support this broadcast via Paypal or Patreon, inquire for more information by sending an email to <vorwinfo@gmail.com>.

THAILAND - BBC ENDING SHORTWAVE TRANSMISSIONS FROM THAILAND

<<http://www.miamiherald.com/news/nation-world/article137146248.html>>

BANGKOK Britain's BBC announced Wednesday it is ending its shortwave transmissions from Thailand after 20 years of operation because it failed to reach agreement with Thailand's military government on a renewal of its operating permit. The British Broadcasting Corp. said in a statement that the transmitters have been off the air since Jan. 1 after the previous agreement expired. "Despite extensive negotiations, we have been unable to reach an agreement to re-commence transmissions. Given the financial constraints faced by the whole of the BBC, we have reluctantly decided to shut the site," it said. The decision to shut the site may cause 45 staff members to lose their jobs, it added. East Asia was the primary area served by the transmitters in Nakhon Sawan in central Thailand. The BBC moved its East Asia relay station to Thailand from Hong Kong after the handover of the British colony to China in 1997.

Thailand's government has publicly criticized the BBC's online Thai language service, which covers political developments more frankly than local media. "We regret that we have not been able to reach an agreement with the Thai government which would allow us to continue using this facility to bring accurate and impartial news to audiences in the region," the BBC said. "We are continuing to develop other ways for people to access the BBC, including internet and mobile streaming, as well as FM radio and TV broadcasts."

Last November, the BBC announced it would beam regular Korean-language broadcasts to North Korea, but it was not clear whether the loss of the Thai transmission site might affect those plans. The U.S.-government-funded Voice of America and Radio Free Asia already target North Korea.

Many international broadcasters have cut back or eliminated their shortwave services in recent times, supplanted by satellite television transmissions and the internet.

RADIO DARC berichtet in Kurzwellen-Sondersendungen von der 24. IARU-Region 1-Konferenz aus Landshut

Vom 16. bis 22. September 2017 findet in Landshut bei München die IARU-Region-1-Konferenz statt. Deutschland war 1958 das letzte Mal Gastgeber dieser Veranstaltung der Internationalen Amateur-Radio-Union. 130 Delegierte von vielen der 96 Mitgliedsverbänden werden dort Fragen rund um den Amateurfunkdienst diskutieren. Die Konferenz ist das Selbstregulierungsorgan des Amateurfunks für Afrika, Europa und weite Teile Russlands und Asiens.

RADIO DARC wird in sechs täglichen Sondersendungen top-aktuell per Kurzwelle über die Konferenz berichten und die Funkamateure der IARU Region 1 mit Nachrichten und Hintergrundberichten auf dem Laufenden halten. Gesendet wird in englischer Sprache. Die Programme werden über mehrere Sender und Kurzwellenbänder ausgestrahlt, um möglichst allen Funkamateuren in verschiedenen Zielgebieten der Region 1 einen Empfang zu ermöglichen. Der Sendepartner ist die Österreichische Rundfunksender GmbH (ORS) in Moosbrunn bei Wien.

Der Sendepplan ist wie folgt:

Sonntag, 17. September 2017 bis Freitag, 22. September 2017

17:30 - 18:00 UTC / 13775 kHz / 300 kW / für Afrika

17:30 - 18:00 UTC / 9790 kHz / 100 kW / für Osteuropa / Russland / Naher Osten

18:00 - 18:30 UTC / 6070 kHz / 100 kW / für Zentral-, Nord- und Südeuropa

18:00 - 18:30 UTC / 9540 kHz / 100 kW / für Westeuropa

RADIO DARC ist das wöchentliche Magazin des Deutschen Amateur-Radio-Club e.V. für Funkamateure und Kurzwellenhörer mit drei Ausstrahlungen auf 6070 kHz für Europa. Die Sendungen enthalten DX-Meldungen, Technik-Berichte und News aus dem DARC, dazu Reportagen, Kommentare, Funkwetter und Musik der 70er und 80er Jahre. Die Sendungen des DARC sind nach Einstellung der Deutschen Welle und anderer Programme mittlerweile eines der wenigen noch verbliebenen Kurzwellenprogramme aus Deutschland [in DEUTSCH - we].

Here are the loggings from Richard A. D'Angelo of Wyomissing, Pennsylvania, USA:

- 3345.0 SOUTH AFRICA Channel Africa – Meyerton, 0341-0402 Mar 22, man and woman announcer with discussion feature in the English language. Vocal selection at 0349 followed by more talks. Fair.
- 4949.7 ANGOLA Radio Nacional de Angola – Luanda (presumed), 0334-0356 Mar 29, discussion program in the Portuguese language by several male announcers. Poor signal which was eventually lost in the noise.
- 4960.0 SAO TOME Voice of America – Pinheira, 0400-0407 Mar 22, tuned in to hear Yankee Doodle theme music followed by station ID and a man announcer with news in the English language. Poor.
- 5040.0 CUBA Radio Havana Cuba – Bauta, 0103-0147 Mar 8, Man announcer with English news; ID at 0108 followed by feature programs including sports, music segments and DX'ers Unlimited with Arnie Coro. Good signal.
- 5910.0 COLOMBIA Alcaravan Radio - Puerto Lleras, 0332-0407 Apr 4, vocals followed by a man with a long Spanish language religious talk. Several mentions of Puerto Lleras at 0351 by another man. Nice ID at 0400 before group vocals. Fair. 5950.0 ETHIOPIA Voice of Tigray Revolution – Addis Ababa, *0258-0326 Apr 4, familiar IS followed by a man announcer at 0301 with opening announcements in presumed Tigrinya language. Into non-stop Horn of Africa music programming. Poor to fair although somewhat noisy conditions.
- 5925.0 VATICAN Afia Darfur – Santa Maria de Galeria, 0312-0329* Mar 29, two men in discussion in the Arabic language with frequent mentions of "Darfur" and "Sudan". Some instrumental music followed by another discussion by several woman. Vocal selection just prior to carrier being terminated. Fair to good.
- 5995.0 MALI Radiodiffusion Télévision du Mali – Bamako (presumed), 2330-0002* Apr 4 and 5, noted carrier with very little audio, some French talk by a man and occasional bits of music heard the first night but even less audio the second night. Carrier terminated at 0002 each night; at least something appears to be working correctly at the station. Signal was fine but without audio this isn't much of a broadcast.
- 6010.1 COLOMBIA La Voz de tu Conciencia - Puerto Lleras, 0346-0417 Apr 5, a man announcer with long Spanish language religious talk. Id at 0400 followed by announcements and some music. Poor signal.
- 6050.0 ECUADOR HCJB – Quito, 0219-0233* Apr 2, man announcer in Spanish language with long religious talk with occasional instrumental music in background. At 0229 a woman announcer with ID and Spanish language announcements followed by time pips at 0230. A man spoke briefly introducing a male vocalist. The carrier was terminated during his song. Poor to fair.
- 6065.0 ZAMBIA Voice of Hope Africa – Makeni Ranch, 2155-2202* Mar 7, selection of vocals until a man announcer came on in English with closing ID and announcements. Soft vocals followed by a tone that last a full minute before being terminated. Fair.
- 6105.0 FRANCE NHK Radio Japan – Issoudun, 0343-0421 Apr 6, two men speaking in the Japanese language. Ed of program at 0358 followed by instrumental music, ID and 3+1 time pips at 0400. Another station ID followed by news and then sports report. Several IDs at 0409. Good signal.
- 6110.0 ETHIOPIA Radio Fana – Addis Ababa, 0307-0338 Mar 22, nice music program hosted by a man announcer with talks in listed Amharic language. ID followed by news by another man announcer at 0330. Poor to fair.
- 6185.0 VATICAN Vatican Radio – Santa Maria de Galeria, 0312-0329* Mar 7, man and woman announcers talking in listed Armenian language service. ID and closedown announcements before carrier was terminated. Fair.
- 6185.0 MEXICO Radio Educación – Mexico City (presumed), 0330-0502 Mar 7, man announcer with Spanish language talk soon joined by a female announcer that went on for a long time. Program of vocal selections at 0405 hosted by a man announcer. Poor to fair. In the clear after Vatican closed. Later QRM from AWR, Moosbrunn in Turkish at *0400 but essentially in the clear after AWR signed off at 0430. I don't recall seeing any recent reports about whether this station is active or not.
- 7120.0 SOMALI Radio Hargeisa, 0335-0351 Apr 2, tuned in to a man announcer speaking in the listed Somali language however signal was fading rapidly. Poor overall.
- 7315.0 VATICAN Radio Tamazuj – Santa Maria de Galeria, 0337-0359* Mar 14, program of Sudanese Arabic language talks and some music. Nice ID by a man announcer at 0356 with mentions of Sudan. Carrier terminated during announcements. Good signal.
- 7360.0 MADAGASCAR Vatican Radio - Talata-Volonondry, 0343-0358* Mar 1, man announcer with talk in the Swahili language. Instrumental music followed by more talks. Closedown ID and announcements by a man and woman announcers. Fair signal.
- 9400.0 BULGARIA End Time Coming Radio – Sofia, *0228-0300 Apr 7, open carrier until program started at 0230 in the English language with a man providing opening program announcements before a long religious talk began. Closed at 0300 followed by Bible Voice program. Poor to fair.
- 11550.0 CLANDESTINE (Rwanda) Radio Publique Africaine – Issoudun, 1834-1858* Mar 14, man and woman announcers speaking in listed Kirundi language. A man announcer with closing ID and announcements followed by a man singing accompanied by guitar until carrier terminated. Poor to fair.
- 11764.6 BRAZIL Super Radio Deus é Amor – Curitiba, 0240-0308 Apr 2, loud man announcer preaching in the Portuguese language followed by vocals at 0252. Instrumental music at 0300 and time pips followed by a man announcer with echo station ID and frequency announcements. Fair.
- 11965.0 CLANDESTINE (Eritrea) Radio Dimtse Erena – Sofia, 1713-1801* Mar 14, talks in listed Oromo language with some nice Horn of

African music later in broadcast. News at 1730 followed by features. More instrumental music, IDs and talks. Seemed like another program opening at 1800 but quickly closed in mid-sentence. Fair to good.

13745.0 THAILAND Radio Thailand - Ban Dung, Udon Thani Province, 0014-0030* Feb 28, English Service news program with usual assortment of ads, promotional items, world news and IDs ("The morning news hour brought to you by Radio Thailand.") hosted by a man and woman announcing team. Fair signal but program seemingly cut in mid-sentence.

15140.0 OMAN Radio Oman – Thumrait, 1412-1437 Mar 14, pop music program hosted by a man announcer with English language talks and announcements. Poor signal.

15250.0 CLANDESTINE (South Sudan) Eye Radio – Issoudun, 1612-1716 Mar 14, talks by a man and woman announcers in listed Arabic language. Another man with news at 1630. Nice Id at 1637 and end of news followed by music. Apparently extended broadcast into the 1700 hour with news. I tuned away but when I returned at 1739 they were gone. Poor to fair signal but reception reduced by growl on channel.
